

Today's Meeting began with biz leading us in the pledge of allegiance and a moment of silence for our troops.

Following I (Francesca) read aloud our April's Minutes report. Biz made a motion to approve and Abe second it. All approved!

Following Connie read and talked about our Treasurer's Report. There really weren't any changes everything is still the same in that department. Daryl Seder Jr made a motion to approve I (Francesca) second it. All approved.

Today's meeting we basically just talked about the field meet June 7th 8th & 9th. Really looking forward to that. It is my first field meet ever! We also discussed as a group about road clean up. We are going to be doing that our next meeting June 2nd. We will be closing the meeting early and heading to the firemen memorial where we all meet then a group will start at that end and another group will be dropped off at the other end by Bambi Lake. We hope to have as many volunteers as possible. When taking a drive through there was a lot of garbage. Some people seem to not care about our nature our woods our landmarks etc. They use it as one big garbage can. I mean it's not bad but still. I'm honored to be able to volunteer and help out our region.

Meeting was motioned to close by biz and Daryl jr second it all approved.

If you are going to the meeting bring along some helpers. Let's show our region some support.

Have a wonderful may! I will be turning 30 may 24th. Awwwww lord help me I'm getting old. See you all at the next meeting.

@ Jack's in Roscommon Michigan 1st Sunday next month June 2nd @ 1pm
