These 3 German Shepard Pups were shipped to Heartland Pets in an automobile from this "breeder". **We cannot find any public records on this "breeder"** meaning the information is falsified, the breeder isn't USDA/state licensed, this is a non-certified "middle man" (a puppy broker.), etc.

This is the THIRTY-THIRD source for pups that we've caught Heartland Pets in the Millcreek Mall in Erie, PA using in less than 1 year of research. The pups in that store are NOT from reputable breeders. That means that these "breeders" are breeding for pure profit. What does that often mean for us? Poor quality pups and most importantly – parent dogs that are stuck in awful conditions their entire lives. Google puppy mill. Watch a video. Boycott Heartland Pets NOW. #HeartlandPetsGoHumaneOrGoAway
