

Blended Learning Emergency Care Training

Blended learning is a perfect combination of online content and in-person skills sessions that make scheduling and administering your CPR, AED, and first aid compliance training easy.

How It Works

Why Try Blended?

EMPLOYER BENEFITS

Offers flexible, convenient scheduling

Saves money and improves productivity by reducing class time and keeping workers on the job

Certification cards available in print or digital formats

User-friendly LMS tracks, notifies, and maintains records

STUDENT BENEFITS

Self-directed learning appeals to adult learners

24/7 access to course content

Memorable, easy-to-understand video learning that helps build confidence

Face-to-face skills sessions from authorized instructors for critical hands-on practice

Scenario-based skills sessions put skills in real-life context
