About the San Francisco Minority Business Center:

Through a network of Minority Business Centers, including three in Northern California -- San Francisco, San Jose and Fresno -- the Minority Business Development Agency is the only federal agency dedicated to the growth and global competitiveness of U.S. minority-owned businesses. The San Francisco Minority Business Center's programs and services better equip minority-owned firms to create jobs, build scale and capacity, increase revenues and expand regionally, nationally and internationally. We work directly with contractors, corporations and government agencies to assist MBEs with procurement opportunities, technical assistance, certifications and other resources to help their businesses grow.
