

# **PUBLIC MEETING NOTICE**

---

The Osage Improvement and Service District of Osage, Wyoming will conduct a public meeting at 5:30 p.m. on May 15, 2025 in meeting room #1 at Kitty Moats Complex. The purpose of the meeting is to allow citizens to review and comment on the Osage Sewer main replacement on McGrew St., Metz St. and North Park St. and the Osage Sewer lagoon upgrades. The sewer mains on those streets listed above are failing and have orange burg pipe in them and need to be replaced in order to ensure Clean water and a healthy environment for our citizens.

The sewer lagoon needs to be divided, the bums raised and the weir boards replaced in order to be more efficient and prevent any health issues to our citizens.

At the meeting the Osage Improvement and Service District will present the preliminary design of the proposed project and will discuss the estimated cost of the improvements and the plan for funding the improvements. A preliminary plan of improvements, cost estimates and the funding plan can also be reviewed at Kitty Moats Complex. Please contact Janice Heard at 307-465-2407.

Based on current cost estimates, the Osage Improvement and Service District plans to borrow \$1,500,00.00 for the sewer main replacements and \$250,000.00 to complete the lagoon project from the Clean Water State Revolving Loan Fund administered by the Wyoming State Lands and Investment Board. Increased user fees will be used to repay the loans. The average rate increase is estimated to be 2.5% for an \$8.00 increase on active sewer accounts to repay the loans.

Written comments are also welcome. Send written comments to Janice Heard, OISD Secretary, at P.O. Box 44, Osage, WY 82723 by close of business on May 15, 2025.
