THE LEADERSHIP CENTER OVERVIEW

Business Background: The Leadership Center (TLC) is a management consulting and training firm with capability to assist clients in the for-profit world, not-for profit world, and government world. We are a two-person firm with 80 years of combined experience. Our principals are well educated, holding seven college degrees.

Key areas of specialization: Strategy, training, teaching, meeting facilitation, organizational troubleshooting, regulatory compliance, environmental engineering, document development.

CORE COMPETENCIES & DESCRIPTION OF SERVICES

Organizational core competencies: Management consulting, audits and troubleshooting; temporary CEO; strategic planning and facilitation; outsourced organization management services such as member relations; training; conference management; document development (writing, editing, artwork and desktop publishing); regulatory compliance; expert witness testimony; proposal writing; legislative advocacy.

Goods and/or services offered by our firm: We are not a provider of goods, but some of our clients provide goods. We are a professional services firm. We work for the for-profit sector (e.g., utility companies, retailers). We work for government agencies (e.g., state universities, city governments). We work for non-profit organizations (e.g., trade associations, professional societies, Chambers of Commerce, colleges).
