

President's Message

John Schnittgrund

This is a message for the new hire members. I'm sure you have by now read the latest edition of the FPPA newsletter. Apparently, they have been listening to the noise from retirees concerning COLA's.

In the letter from the Executive Director, Kevin Lindahl, there is a formula for a one-time payment for new hires and that payment will come this year. I would encourage all new hires to read what the Executive Director has to say about the COLA situation.

This is not the answer but at least the FPPA is aware that something needs to be done and they are working to get something done.
