

Hello, ABATE members, hope everyone had a great summer. It seems like all at once it is coming to an end. Just like when winter comes to an end and goes straight to very hot weather and skips over spring, at least down here in the southern part of the state.

Ok I do have some new members to mention, like Joann and Johnny and Liz and Shawn and Tim. Thanks for giving a shit.

Ok since we did not have a Sept meeting because of the holiday there is not much to mention and if I miss anyone as a new member please let me know and I will get you in next month.

We are coming up on Oct. fast and before you know it the trees will be changing color soon, which brings me to our 5th annual Irish Hills color run and Halloween party, which starts with camping on Friday the 23rd, check for the flyer in the next rider or call me at 734-497-8430 for more information/

Now on to some sad news I really hate to write and I really hope this is the last time I writing disappointing and heartbreaking stuff like this but another very good ABATE brother has passed away, Wally Gator Shattuck He will always be in our hearts and the heavens have another great biker bro up there. God bless you Wally.

Ok I am done tonight this suck's writing about another ABATE brother passing away. Remember there are ABATE brother and sisters out there that need your prayers so don't stop and everyone be safe and kind to each other life is too short.

GOD BLESS YOU ALL

TREE MAN.
