

## **ERWIN METIUS REACHES SOLO!!!**

Erwin Metius (left) with his flight instructor Geoffrey Orlandi after Metius makes his first solo flight in his training to become a private pilot. Metius, of Blairstown and Jersey City, achieved the goal of solo after receiving ground and flight instruction from ORLANDI FLIGHT CENTER, located at Blairstown Airport. OFC congratulates Erwin on his dedication and determination in reaching solo, a major accomplishment where the student is the only occupant of the aircraft and puts to use the skills he has learned to takeoff and land at the airport. Metius loves his training and it shines through with every lesson. To learn more about aviation, call Orlandi at 201-874-5458 or stop by the Flight Center, open all year and full time.
