

Milkweed-Wildflower Seed/Plug Request Form

1) General Project Information			
Project Name			Requested By
Address/City			State/Zip
Project Location	County:	Lat/Long:	Project Contact
Is this project for: Other <input type="checkbox"/> Conservation Reserve Program <input type="checkbox"/> Wetland Reserve Program <input type="checkbox"/> Environmental Quality Incentives Program <input type="checkbox"/> State Acres For Wildlife Enhancement <input type="checkbox"/> Conservation Stewardship Program <input type="checkbox"/>			
Have you received assistance from: OPHI: <input type="checkbox"/> ODNR: <input type="checkbox"/> NRCS: <input type="checkbox"/> USFWS-PFW: <input type="checkbox"/> PF/QF: <input type="checkbox"/> NWTf: <input type="checkbox"/>			
Flats of Milkweed Plugs Requested		Date Submitted	Requested Receive Date:
Acres of Milkweed Seed Requested		Date Submitted	Requested Receive Date:
Packets of Wildflower Seed Requested		Date Submitted	Requested Receive Date:
<i>To be completed by OPHI Steering Committee</i>			
Request Status		Review Date	Assigned Partner
Comments			

2) Stakeholder Information		
Organization	Contact	How will the organization benefit from this request?

Please note that if you want plugs and your project is < 1/4 acre in size and you have a watering and maintenance plan, you are eligible for plugs the same year as pod processing. However, if you project is > 1/4 acre in size, regardless of a watering and maintenance plan, you will not be eligible for plugs until the following spring. This guidance is to ensure that plugs that are to be planted in a large scale planting have the ability to survive with minimal assistance or nurturing.

3) Project Scope
Project Description:

Program Contacts: Michael Retterer: mretterer@pheasantsforever.org; Lori Stevenson: lori_stevenson@fws.gov
 Seed: Michael Sheeter: Michael.Sheeter@odrc.state.oh.us
 Plugs: Marci Lininger: marci.lininger@dot.ohio.gov
