

# Who we ARE

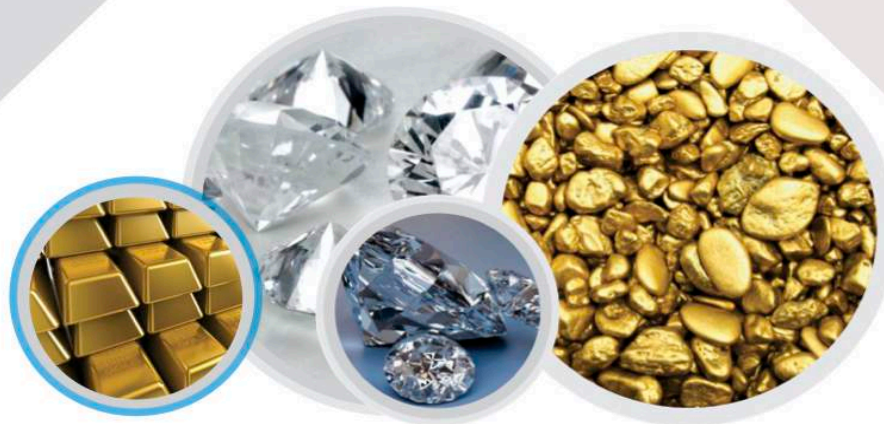

Octillions Group is a group of companies that has grown to become one of the leading players in the precious metals & stones value chain. We focus on productions, trading, custody, logistics and delivery of these valuable products anywhere in the world.

We are directly present with our branches in several countries in Africa, where we are directly involved in gold mining productions, we also financially support buyers center in the production areas where there is the majority of the gold collection from the small miners.

Octillions, in every country we operate, we are fully registered and we have the necessary facilities possessing licenses for production, trading, import and export of precious metals & stone.

Once we import the gold through our UAE branch Octillions in Dubai, we refine the gold up to 999.9% as for international standards, thanks to our standing collaborations with some of the major refineries.

Our team of globally exposed experts have a combined experience of more than 20years in this trade and guarantee seamless transactions
