## WHO WE ARE

---

Transportation Advisory Services (TAS) is a full-service student transportation consulting and advisory firm aimed at helping clients navigate this increasingly complex landscape. School districts often have unique challenges that require professional assistance from acknowledged third-party student transportation experts. Because of the increasing complexity of today's student transportation programs, and the significant increase in competition among contractors, proper specifications are critical to the long-term quality of each district's program.

### The Facts & Figures

Since 1987, the consultants at TAS have performed a wide range of transportation studies for over 500 school districts and agencies in over 20 states. TAS has performed hundreds of the following:

- Overall district-operated efficiency reviews
- Assistance in district-contractor relationships
- Labor negotiation recommendations
- Shared service studies
- Program cost analysis
- Management review and development
- Alternative transportation methodology
- Cost control
- Operations/routing review
- Bid process controls

### Our Team

TAS has a roster of highly respected consultants to offer our customers the finest advisory services available. Our consultants offer real world, practical experience, and are committed to listening to our customer needs and recommending creative solutions to meet those needs.
