

The Westmoreland Yough Trail Chapter (WYTC) is a group of volunteers dedicated to maintaining and improving the 10.5 mile Westmoreland County, PA section of the Great Allegheny Passage (GAP). The Westmoreland Yough Trail Chapter has been responsible for maintaining the Westmoreland County section of The Great Allegheny Passage since its inception in the early 1990's.

Our responsibilities are to actively support, preserve, maintain and improve this segment of The Great Allegheny Passage (GAP). We are responsible for monitoring the trail for possible problems that may occur such as downed trees and washouts caused by storms. We also maintain the trail by cutting the grass, removing trash and keeping the trail visually attractive for all who use this wonderful asset.

We are members because we enjoy using this section of the GAP and contributing to its preservation for all future visitors.
