# FLOATING DOCK BY

Stability on the water is the most important feature of floating dock. Wave Dock is 5' wide with suction pockets molded in the bottom that helps it hug the water. Wave Armor dock sits only 14" off the water. Has a tan stone look anti-slip surface that hides dirt. ***The most stable floating dock on the market.***

**It's foam filled and steamed making it virtually indestructible. 10 YEAR WARRANTY.**

Pieces lock together with our unique H Beams.

10' long x 5' wide **\$2189**

*The wider the dock the more stable it is on the water.*

**Here are a couple of examples showing simple dock designs.**

## Pricing

10' x 5' Dock Sections **3 x \$2189 = \$6567**  
24" H Dock connectors **2 x \$205 = \$410**  
Slim Post Attachment kit **2 x \$163 = \$326**

**Example shown \$7,303**

## Pricing

10' x 5' Dock **3 x \$2189 = \$6567**  
24" Connectors **2 x \$205 = \$410**  
30" Corner **1 x \$250 = \$250**  
Slim Post Attach Kit **2 x \$163 = \$326**

**Example shown \$7,553**

**HD Post Attachment Kit \$270** (Set of 2)

**Slim Post Attachment Kit \$163** (set of 2)

Pier pipe goes through the kit keeping the dock from moving with currents.

**7' Dock Ramp Kit \$1150**

**12'8" Dock Ramp Kit \$1750**

**30" Corner \$250**

Fill corners where docks come together at right angles.

**5' Dock Bench Kit \$915** (Bench & mount)

The 5' bench is off the dock for more useable dock space. Sits two comfortably.

**Folding Ladder \$405**

Mounts in the H-Beam on the side of the dock.

**Decorative Snap-In Plugs \$38** (20)

Cover the accessory indents on the dock. Dress up the dock for a clean appearance.

**Lower Step-Down \$575**

Provides water level access to the dock.

**Kayak Assist Kit \$825**

Stability for canoes or kayaks. Kit comes with lower step down section, grab bar, and float.

**Kayak Rack \$465**

Rotationally molded plastic. attaches to our dock. Also works with paddle boards and Water Pads.

**Wave Dock Bumpers**

Choose either 15", 34", or 44" tall Slides into the H Beam Channel.

**Horizontal Bumper \$113**

Slides into the H Beam Channel.

**Dock Post Covers \$65** (Set of 2)

A decorative way to cover pier pipes.

# OTTER ISLAND Swim Raft, the Family Fun Float

Foam Filled-Virtually Indestructible. 8' x 10', 3000 lb. capacity, weighs 300 lbs. **3 year warranty.**

- Fold Down Lounges & Table-when you want a smooth flat deck.
- Storage Under Seat Backs-keep a sponge or brush for cleaning.
- 3 Step Aluminum Flip Up Ladder-even heavy swimmers can board easily.
- Rounded Corners & Non Slip Surface-safe for the youngest swimmers.
- Molded in Eyelets - for anchoring or pulling in or out of the lake.

**\$2195**

**Yellow or Tan Float Base; Green or Blue Table & Lounge Backs.**

Floats 18" off the water; *Boats can see it.*

Table and lounges fold flat when you want a big play area.

Three step ladder accommodates swimmers up to 350 lbs.

## Double Mooring Kit Standard with new Otter Island

2 per kit.

**\$139** included with Otter Island automatically

Modern ski boats throw 3' wakes. The clevis kit spreads stress between the mooring eyes. The bungees help absorb shock.

## **Anchor \$120**

Fill it with sand and it weighs 140 lbs.

The underside grips the bottom.

10" tall, 26" wide. Eye bolt for anchoring. Plastic screw-on cap.

## Wave Armor Dock Benches & Bench Storage Box

**4' Dock Bench \$535**

**5' Dock Bench \$650**

**6' Dock Bench \$700**

Dock Bench is 37" tall, 27" deep. High strength roto-molded plastic, virtually indestructible.

**Bench Storage Box \$375**

Bench Storage box bolts to the back of wave armor dock bench. 48"x15"x15"

## Wave Armor Universal Kayak Racks

### Universal Rack \$489

Bolts to the side of stationary dock (wood or aluminum). Store up to two kayaks, Water Pads, or Paddle boards. Bungees hold kayaks on the rack. Roto-molded plastic. Hardware not included.

### Beach Mount Rack \$489

Beach mount rack has a wide flat base. Can mount with holes to dock, or even pavement, or just set flat on the ground. Store up to two kayaks, Water pads, or paddle boards. Bungees hold kayaks on the rack. Roto-molded plastic. Hardware not included.

# Sea Wall or Dock Boarding Steps

Don't let a rocky shoreline prevent you from getting into the water. Position steps against a dock or sea-wall and step into the water. Easier for pets and seniors than trying to climb a ladder.

One handrail standard.  
Additional handrail \$65

Steps are 35" wide x 11" deep with a 350 lb. capacity per step.  
Steps are 7" apart and embossed non-skid aluminum impervious to water.

21" top step	<b>Three Step</b>	w/handrail	<b>\$330</b>
28" top step	<b>Four Step</b>	w/handrail	<b>\$390</b>
35" top step	<b>Five Step</b>	w/handrail	<b>\$480</b>
42" top step	<b>Six Step</b>	w/handrail	<b>\$560</b>
<i>*Extra Handrail is available for \$65</i>			

Non-skid tread

Aluminum frame & steps, Stainless Steel hardware.  
*Water shoes are generally recommended with the Sea Wall steps. There can be sharp edges.*

## Bolt to Dock or Free Standing *Adjustable Depth* Boarding Steps

36" wide, flow-thru non-skid tread helps prevent algae build up on steps. No sharp edges to hurt feet: one handrail standard with each set of steps. Mount to a dock or sea wall or purchase optional rear legs for free standing application. 350 lb. capacity.

Dock mounting hardware standard

Back Legs Optional

<b>3 Step</b>	adjusts 21" to 29"	<b>\$625*</b>
<b>4 Step</b>	adjusts 28" to 36"	<b>\$725*</b>
<b>5 Step</b>	adjusts 35" to 43"	<b>\$825*</b>
<b>6 Step</b>	adjusts 42" to 50"	<b>\$925*</b>

*\* Mounted to Dock, for free standing add back leg kit.*

Extra Handrail (one is standard)	<b>\$80</b>	3 step
Extra Handrail (one is standard)	<b>\$90</b>	4 step
Extra Handrail (one is Standard)	<b>\$100</b>	5 step
Extra Handrail (one is standard)	<b>\$110</b>	6 step
Back Legs for free standing use	<b>\$60</b>	3 step
Back Legs for free standing use	<b>\$145</b>	4-6 step

Back legs with 4-6 steps include a back brace for extra strength.

Flow-thru tread helps prevent algae build up.

36" wide x 10" deep steps, flow-thru tread, rounded aluminum extrusions. Steps are spaced about 7" apart. Standard front legs adjust 18". Handrail is 1½" round aluminum. No sharp edges, no protruding hardware, even the bottom plate corners are rounded.

## Heavy Duty Dock Bumper 30" \$29.95

High impact poly resin bumper. Fits over 2" pier pipe. Use these Heavy Duty (plastic) bumpers where boats may frequently come in contact with the dock. Hard plastic protects but won't damage your boat or rub rail. Lasts for years. **5 year warranty.**

Available in **WHITE ONLY** B-30S

## Colored Torpedo Dock Bumpers \$26.95 each

Protect your boat with post bumpers. Colored PVC plastic air filled. Ours won't *melt* like foam bumpers or become brittle and crack like ordinary (*non-air filled*) bumpers. Bumpers have a *bladder* (like a football). The air inside cushions your boat from the dock **3 year warranty.**

Available in **Black, White, or Blue**

## 10" Corner Bumpers \$21.95

10" on each side. Corner bumpers attach over sharp edges on wood or aluminum dock. Inexpensive protection for your boats. Can also be used on Pontoon Boats to protect the deck. **Available in White or Blue**

## Dock Bumper Wheel \$55

12" round x 6.5" tall. Fits over 2" pipe. Air filled for maximum protection for your boat. Rolls easily and floats.

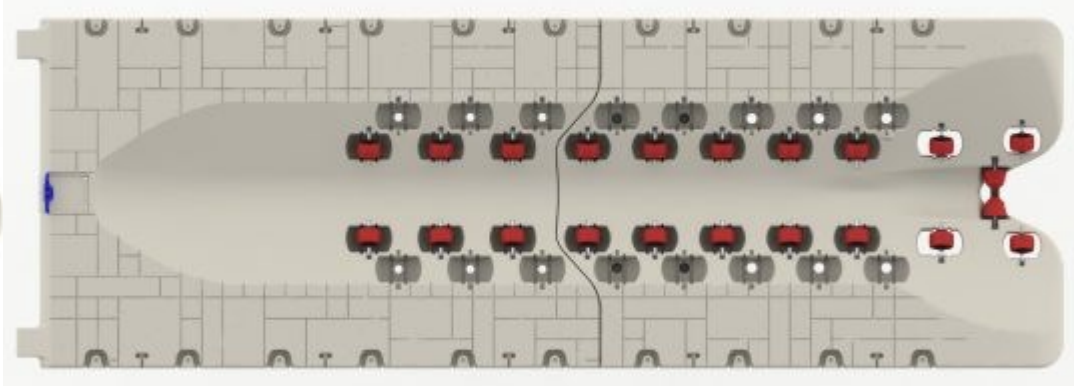

## **“Drive-on Drive-off” BOAT DOCKS**

### **Genesis G16 or Genesis G20 for boats 16’ to 20’ long**

Made Specifically for 16’-20’ fishing, jet or center console boats.

**Genesis G16 (7’ Wide, 16’ Long, 2,600 lb. capacity) \$5100**

**Genesis G20 (7’ Wide, 20’ Long, 3,600 lb. capacity) \$5875**

### **Extreme-10 Boat Port X16 or X24, 10’ Wide Boat Dock**

10’ wide Plenty of walk around room for boats up to 8’ wide.

X16 2 piece system 16’ long

X24 3 piece system 24’ long

**2-Piece System (10’ Wide, 16’ Long) \$8500**

**3-Piece System (10’ Wide, 24’ Long) \$11,999**

*\*The Extreme Boat Port is a special order item.*

**8 year warranty from the manufacturer.**

**FOR INFORMATION SEE [WAVEARMOR.COM](http://WAVEARMOR.COM)**

The self-leveling floating port distributes the vessel weight over the full span, providing exceptional lift and buoyancy (up to 7,500 lbs. for 3-piece with no air assistance). Has adjustable bunks to match any keel and heavy duty keel rollers that make boarding and off-boarding simple and smooth.

## SLX 5' OR 6' WIDE JET SKI FLOATS

**12'8" long (accommodates the biggest PWC's). 12 rollers with 32 pockets for adjustment (fits any machine) 5' or 6' wide. 6' when you want more walk around room to install a cover or perform maintenance. Moors with preformed holes in the float body.**

### **Adjustable Side Rollers.**

Move them around to create the perfect fit for your PWC.

### **Extra Mooring Holes for Rough Water.**

Use additional pier pipe for a more secure installation.

**12 Rollers** standard, protecting even the biggest PWC.

### **Bushing Kit \$85**

For 2" pipe (set of 2 per kit)  
Reduces the size of the hole in the float body.

**Filler Cap Kit \$72 (2 per kit)**  
Fills unwanted mooring hole.

Moors with pier pipes into preformed holes in the float body. *No extra attachments required.*

Entrance below the water.  
Smooth "no bump"  
Loading, protecting your hull.

Entry rollers with open V design for easy loading.  
The biggest heaviest machines load and unload with ease.

**SLX-5** 12'8" long, 5' wide, 1500 lb. capacity, weighs 286 lbs. **\$2100**

One benefit of the 5' wide SLX is that you can moor two in the common 10' wide dock well at many marinas.

**SLX-6** 12'8" long, 6' wide, 2000 lb. capacity, weighs 321 lbs. **\$2199**

The 6' wide PWC float has an extra 6" space on each side. More walk around room than the 5'

**Our SLXs are Foam Filled and Virtually Indestructible 8 Year Warranty**

4'10" wide  
(SLX-5, Apex Sport or Apex A5)

### **Five or Six Foot Wide: What's The Difference?**

You should think about how you'll use the floats. The five foot is popular in marinas with 10' slips. Two 4'10" SLX's will fit; two 6' won't. The benefit of the 6' is additional walk around room. It might be a benefit to walk around the float for fueling or installing a cover. If you moor in shallow water where you might just jump off into the water, you may never need the extra walk around space.

6' wide  
(SLX-6 or Apex A6)

## **APEX Sport Port For Smaller PWC's 11' Long, 4' 10" Wide \$1725**

Specifically designed for the modern smaller machines like the Sea-Doo Spark, Yamaha EX series, and Stand Up models.

**Only 900 lb. Capacity, weighs 180 lbs. Generally not enough floatation for the larger machines or bigger riders.**

All the features of our larger ports. twelve roller wheels that can be adjusted, plus a built in padded bow stop. Moors with pier pipe like the larger floats and has a deep entry "throat" for no bump entry.

**FOR MORE INFORMATION ON PWC FLOATS SEE WAVEARMOR.COM**

# FIXED FRAME PONTOON/DOCK LADDERS

1" square aluminum tube with satin finish anodized frame. Large, wide steps.

## 3 Step \$129

Extends 36" below the deck.

*Ideal for shallow water.*

## 4 Step \$149

Extends 46" below the deck.

## 5 Step \$189

Extends 56" below the deck

Reinforced top frame supports all swimmers.

Ladder goes out at an angle. Easier to climb.

Large 16" wide x 5½" deep steps. *Easy on bare feet.*  
Reinforced top *for strength*, 400 lb. capacity.

Mounts w/ LAKs  
Ladder Attachment Kits  
standard with new ladders.

## Optional (extra) attachment kits for Dock/Pontoon Ladders

### Ladder Attachment Kit \$10.50

Buy an extra kit for use on the dock and pontoon.

Backer Plates  
included in kit

### Heavy Duty Ladder Kit \$24.95

For commercial use or when LAKs won't work.

Galvanized steel

### Ladder Storage Clips \$9.95

Mounts to fence rail, allows for easy storage

## Heavy Duty Straight Dock Ladders, Welded Aluminum Frame

### 4 Step \$225

Extends 51" below the dock.

### 5 Step \$250

Extends 63" below the dock.

Welded steps on the  
Straight Dock ladders  
offer superior strength.

Mounts to the dock through  
holes in the handrail

4 step 51"  
5 step 63"

2" round welded dock ladders. Large handrails help swimmers to pull themselves from the water.  
4" deep x 19" wide embossed non-skid steps.

Rated to  
500 lb.  
capacity

Ladder goes straight down.

## Folding & Telescoping Stainless Steel 4 Step Ladder \$309

1½" round tube frame, folds out of the way on pontoons. Four large telescoping steps, extends deep into the water (48"), and steps are 13½" wide. This is the same ladder used on new pontoon boats. Use on your pontoon or on your dock.  
**Rated to 400lb Capacity.**

Steps are welded stainless  
steel covered with plastic  
to be safe on bare feet

## Folding & Telescoping Stainless Steel 5 Step Ladder \$239

1¼" round tube frame. Folds to 10" deep (out of the way on pontoons).  
Five telescoping steps, extends deep into the water (44"), and steps are 12" wide.

Heavy Duty permanent mount.  
Install almost anywhere.

Rated to  
250 lb  
capacity.

This ladder is standard equipment on several brands of new pontoon boats.  
Use it to replace old damaged aluminum ladders or on a dock or swim float where you want a strong ladder that folds out of the water.

# Apex A6 6' WIDE JET SKI FLOAT for the largest PWC's

Apex A6

One set of Filler Caps included with Apex A6. Can be moved to the rear when using the pier pipe installation kit. Takes the same mounting kits as SLX.

**Apex A6** 14'4" long, 6' wide, 2100 lb. capacity, weighs 300 lbs. **\$2599**

For the large heavy machines, and performance models with deep V hauls. A variation of the popular 6' SLX but 1'8" longer. With 14 large red rollers and a padded bow stop. Comes standard with filler cap kit for the front holes. Still accepts standard reducer bushings and mounting kits, with the ability to move the filler caps to the rear holes when using pier pipe installation. Can work for some small boats.

**Apex A5** 14'4" long, 5' wide, 1700 lb. capacity, weighs 340 lbs. **\$2499**

## Mounting Kits for SLX and APEX Jet Ski Floats

### Pier Pipe Mooring Kits for SLX and APEX Jet Ski Floats

One of the unique design features of the Wave Armor PWC floats is the pre-formed holes in the float body. When moored in lakes with sandy bottoms where the water depth isn't over about 6' deep, you can use our inexpensive pier pipe mooring kit, includes the following, Raised bushing kit, 8' Pier Pipe, & Augers. No other expensive attachments or kits needed.

**8' Pier Pipe Mooring Kit \$215**

For other mooring kit options see page 7

### Dock/Seawall Attachment Kit \$340

A steel plate attaches to the dock or seawall. The knuckle pivots for loading/unloading.

### Attachment Kit for 18" Deep \$274

Raised bushing kit provides more surface against pier pipe.

Install to a fixed dock or sea wall with pipe and Z brackets (Pipe not included). This is actually two kits, Z brackets kit, and reducer bushings kit paired together.

### Port to Port Kit \$250

Some customers like to attach their ports together. The Port to Port kit connects float or a strong, long lasting connection. However note that it attaches from the bottom and makes the floats more difficult to remove at storage time. Instead of lifting a 350 lb. float you have to handle two or about 700 lbs. When mooring in shallow water it's sometimes simpler to set the floats side by side rather than being connected.
