## Capability Statement

### Who We Are:

IdeaCentre HIM Solutions, LLC provides Health Information Management essential solutions for healthcare facilities across the U.S. We offer a strategic platform for the success of coding departments. We strive to earn our client's long term loyalty by working to deliver more than expected by providing exceptional service.

### Mission Statement:

IdeaCentre HIM Solutions will support all internal and external clients by providing quality services that are COST & TIME efficient. These enduring relationships are built on responsiveness, respect, and awareness of each other's needs. Our mission is to simply provide the best ideas, services, and support.

### Core Competencies:

- ◆ Considerable specialized experience in coding, comprehensive review, continuing education, and ongoing training
- ◆ Weekly coding tips
- ◆ Quarterly review of new coding clinics
- ◆ Yearly review of new codes and guidelines
- ◆ HIM Consultants that are high-level performers and leaders in their field
- ◆ All IC coders, auditors, and trainers are AHIMA certified with credentials in RHIA, RHIT, CCS, CCS-P, CDIP and/or AHIMA approved ICD-10-CM/PCS trainers
- ◆ Our team is proficient in leading coding systems EPIC and 3M as well as other coding and abstract systems
- ◆ Our coders have a minimum of 5 yrs. experience or have attended our in-house mentorship program
- ◆ Clinical validation and coding compliance program that not only performs internal reviews but also offers an initial 30-day review on all contracts included in the contract price
- ◆ A dedicated team with success-driven standards and a passion about the HIM field
- ◆ Our dedicated team means less employee turnover
- ◆ Less employee turnover means that the client receives consistently accurate coding and client service

### How Can We Serve YOU?

- ◆ Customized Client Service Agreement
- ◆ Initial 30-day audit of our coding team member assigned to your facility
- ◆ Cost-effective alternative to in-house staffing
- ◆ 100% AHIMA Certified Coding team with no less than 5 years coding experience or participation in our in-house mentorship program
- ◆ Dedicated, quality-focused Client Relation Staff

### Quality Standards:

- ◆ Our Director of Coding Integrity performs internal audits on an ongoing basis and sends weekly reports to our clients
- ◆ Our coding team members are AHIMA certified and must maintain that certification through quarterly industry guideline reviews and updates
- ◆ Our coders must maintain an accuracy percentage of 95 or above ensuring the revenue cycle is continuously moving without a delay in facility reimbursement
- ◆ Our Director of Operations maintains close relationships with our clients to ensure excellent communication between our clients and coders

### Risk Management:

- ◆ Internal compliance through random audits after viewing productivity reports, quarterly training, and communication with internal leadership
- ◆ External compliance through CMS, NCHS, AHIMA, and AHA
- ◆ Industry regulations including HIPAA compliance, Confidentiality, Non-disclosure, and Non-solicitation agreement
- ◆ IC server & critical data linked with secure HIPAA compliant inter/intranet
