

Why Relational Marketing is the most Powerful Wealth Building Business in the World

1. **It creates an equal playing field** (no experience necessary-just passion) everyone has same starting place. Free enterprise at its best!
2. **Little investment to start.** No risk. What business can you invest \$100 and with sheer effort create millions.
3. **The business depends on you, not anyone else.** You can make a multi-million dollar income from your home without employees. You have access to all the tools to success.
4. **Income is based on your effort.** Not who you know, not your education, not how long you have been in this industry. Income is based on your effort.
5. **Seniority means nothing.** You can build a larger business than your mentor. Your discipline, personal growth, & work ethic creates your success.
6. **You determine your level of success and you choose your income.** Your earning ability will depend on your own personal development. Work harder on you than you do on the business. Increase your value in the marketplace thru Self-Education..
7. **You get an immediate mentorship program** (your mentor wants to see you succeed) You get to learn from the best. They wont hold anything back from you, since you will never become their competition. You become their stars! We have each others back.
8. **It is a part-time business. Part time with little risk.** Most people who are currently working, start a business part time, which means an extra 10 -20 hrs. a week to build something very special, a life of freedom. Dont leave your current job until you can replace your current job.
9. **Only business that grows exponentially** (It grows itself) Your hours are multiplied. You invest 10 hrs. x 10 people = 100 hrs. x 10 people = 1000 hrs. x 10 people = 10,000 hrs.
10. **Creates Residual Income** (Freedom) Walk away income. Investing in time growth! Investing in people. You work harder at the beginning.
11. **The larger this business the less effort it takes.** Expect to make less the first 5 years. Put a system together, build great leaders. The bigger it grows, the less effort.
12. **You pick your team – your players.** People you want to work with. People you like, who have integrity, same values and who have dreams. Successful people realize the power of this. They are teachable!

13. **You are building your business for the next generation.** Most children dont want their parents job. This industry, the kids want it and they can run it. It hasnt destroyed the family.
14. **It's an economically proof business.** Poor economy, the better the opportunity for growth. You never downsize.
15. **Simultaneous success and significance.** Most people spend half of their life trying to be productive, then the next half trying to be significant, truly being able to bless others. Most never get both.. We enjoy success and significance at the same time. Producing income and pouring significance into the lives of others everyday.
16. **Natural Design Law: You give and you receive!** This business is about giving to others. You sow a seed, cultivate and it will grow. If you dont give of yourself, you will never receive.
17. **Compares to Nothing:** Is there any business that comes close to this anywhere out there today? When you know what I know, you are in!
