Digital Die Cutters

SDDC-1200

SDDC-1600D

SDDC-1800A

Shark Finishing Machinery proudly presents its advanced line of digital die cutters, engineered to handle a wide range of materials with precision and efficiency. Ideal for producing boxes, door hangers, stickers, tags, labels, business cards, postcards, and more, these versatile machines deliver exceptional results across countless applications. Featuring the ability to cut, score, perforate, and kiss cut. Shark digital die cutters are designed for maximum flexibility. An intuitive LCD touchscreen, QR code recognition, and compatibility with most PC and Mac operating systems ensure effortless operation and seamless integration into your workflow. Each system includes three user software options, along with plug-ins for Adobe Illustrator and CorelDRAW, allowing you to work the way you prefer. Files can be accessed easily via your network or offline through a USB port. With a perfect balance of quality, performance, and ease of use, Shark digital die cutters are the ideal solution for producing high-end, professional products.
