NEW PRODUCT RELEASE

Pop-Link® Mounting Systems by ADandD Bracket Series has grown with the addition of 8 new adapter brackets. The new adapter brackets accommodate Cognex Displacement Sensors, Keyence Laser Profilers, and LMI Laser Profilers.

P/N PL-AB10

P/N PL-AB12

P/N PL-AB7

P/N PL-AB9

P/N PL-AB11

P/N PL-AB13

Adding PL-AB6 through PL-AB13 has brought our product line into the profiler industry. See the below chart for compatibility for each manufacturer. The brackets have been designed for either The PL Series or The HDPL Series, and in some cases with both. Please visit The Bracket Series page on our website for details.

The brackets are made of anodized aluminum. All of the new brackets are compatible with the PL-BALLBASE or the HDPL-BALLBASE, and in some cases both as specified on The Bracket Series page on our website. Mounting hardware for the appropriate BALLBASE and profiler is included with the purchase of each Adapter Bracket (PL-BALLBASE and HDPL-BALLBASE sold separately).
