

APPLICATION AND AGREEMENT 2022

MEMBERSHIP

POSTSECONDARY ELECTRONIC STANDARDS COUNCIL

– 25TH ANNIVERSARY –

PESC[®]
www.pesc.org

WELCOME TO PESC!

We welcome you to join PESC as a Member!

PESC Membership can be customized to your business needs. Whether your interests are as **patron** supporting PESC year-round, **participant** in PESC groups & events, or as **leader** governing the PESC mission, we welcome you!

PESC Members are provided with many benefits and opportunities both within PESC and throughout the higher education community. Within PESC, each organization designates one person to serve as that organization's official PESC representative. Once a Member though, there is no limit on the number of participants an organization can volunteer on any PESC group or initiative.

PESC's reach throughout higher education is extensive and renowned. As exhibitor, participant and speaker in industry meetings and events around the world, PESC promotes Members, showcases their work and initiatives, and shares the community exposure and access with them.

PESC's Annual Data Summits, attended by thousands over our 25 years, serve as the main catalyst fostering community collaboration, openness, transparency and networking.

PESC's corresponding use of multiple social media platforms (LinkedIn, Twitter, Facebook) is comprehensive and reaches thousands around the world.

PESC Approved Standards, used and implemented in every US state and across Canada, are the cornerstone of the mission. Developed and produced by Members, PESC Approved Standards are made available openly & free-of-charge for education & workforce, government & military, health & medical, and all teaching & learning communities.

Join your colleagues as a PESC Member and help raise the education domain to a new standard of interoperability!

**PESC FOUNDED
IN 1997**

**ADOPTION OF
EDI STANDARDS**

**1ST PESC APPROVED
STANDARD IN 2004**

**25 YEARS OF
DATA SUMMITS,
GROUPS & EVENTS**

**OUTREACH ACROSS
AUSTRALIA, CHINA,
CANADA, EUROPE
INDIA & USA**

GREETINGS FROM THE PESC BOARD OF DIRECTORS!

We are pleased to present you with PESC's Member Application & Agreement and ask you to join as a Member!

Membership in PESC provides you and your organization with unique access into higher education's emerging digital ecosystem, direct connections and networking with systems providers and policymakers across education & employment, and opportunities to participate in PESC Groups, activities, and Data Summits at Member levels.

As a Member, you support an open, neutral forum focused on efficient & secure real-time exchange of student data from initial access of the student from high school into the college & university environment to successful completion of the education experience and into the workforce.

As a Member, you share in driving community collaboration; in alignment of data across disparate systems and across sectors; in promoting the value and use of standards; and, in eliminating incompatible interfaces that disrupt student and learner achievement and inflate costs for students, learners, institutions, government agencies, and schools struggling to keep up with growing demands of technology while also maintaining competitive tuition and/or spending rates.

Members together are the source of PESC's influence, still true now as it was when founded in 1997. Direct actions, voluntary participation of Members and support of trusted, free and open data standards, create collective wisdom that is then shared bringing us all closer to our mutual goals.

Become a Member today and join us and the education technology, data, systems, research, foundational and policy communities in PESC's mission.

Join the Effort. Join the Community. Join PESC.
