DESCRIPTION: The IA Mohawk was a high-end short hunting bow. Great looking and performing recurve in a heavier draw weight. Rosewood and phenolic riser. Overlays on both the face and the back riser section. Bow has no delamination; no cracks; limbs are straight. Overlays and tips are in great condition. No drilled holes; No chips, dings or cracks. No crazing or stress cracks. A few minor scratches and nicks here and there. Decal is in excellent condition. Overall, this is a really nice bow in excellent condition for its age. This bow retailed new for \$80 back in the day, which translates to \$540 in 2021 inflation-adjusted dollars.

Comes with a new string.

Note: As with most short recurves, this one begins to stack at 28"; not recommended for someone with a longer draw length.
