(903) 450-9706 fax

ANNUAL WELLNESS MEMBERSHIP

What do Members receive?

- A re-education about how your body works and what controls it
- An understanding of why you just *manage* chronic disease and never cure it
- Help in letting go of how you think your body works
- An understanding that you don't have to be sick or decline with age
- A way to transform your life, by connecting-the-dots on many things
- A different doctor encounter than you have ever had before
- An exam room that is a different kind of classroom

Membership is only for services Dr. Thomas provides. Therefore, you are encouraged to maintain insurance for those services like lab, x-rays and other physician services.

The Annual Membership is Fee: \$1,300. There are 2 payment options:

Option 1: Single one-time payment. You will receive a discount ~~\$1,300~~ **Pay: \$1,200.**

Option 2: Two payments of \$650 [30 days apart] for total of **\$1,300.**

What membership is not.

- It is not a new way to keep chasing more sickness and disease. Screenings are an example of chasing disease.
- It is not a nutrition/supplement lesson. Although you will understand where they fit.
- It is not to convince people of the need to change. It is only for those who have already decided to do so and want to know how.

There is an application process.

For many, their beliefs are not going to permit understanding. A change of mind is **required. It is what we will build upon. So, if this is unthinkable or unimaginable that is cause for elimination. It cannot work if you can't even believe it.**

Do people continue with their medications and supplements?

Because presently those things are a part of what you believe your body needs, you will continue to take them until you change what you believe you need.

Emergency Services?

As is the case with all emergencies, it is not appropriate to call the doctor's office. A true emergency is the time to active the Emergency 911 System. For non-emergencies, I can be reached at the office (903) 450-9120.

If you have any questions about the Wellness Membership, please do not hesitate contacting me. I am here to help guide my patients through the process.

MEMBERSHIP APPLICATION FORM

Please download the application form on our website www.drmaxinethomas.com or call the office if you prefer the application be sent via email or fax.
