Hazzan's Notes

Dear Friends,

Now that we have concluded our major festivals in the yearly cycle, we focus our attention on the upcoming summer months. This month, as the state of California begins to really open itself up and things really begin to start to trend toward normalcy, we will be following the new state and county guidelines toward re-opening for in-person services that will come out this month. Though we probably will not officially have people back in the sanctuary until right before the high holydays, much planning will go on from now till then to make sure all are kept safe and can enjoy our services live with some possible modifications as directed by the new guidelines.

As things do open, we will continue to have our live services broadcast online on our Facebook page for those who would like to remain at home or the un-vaccinated. More details on this will emerge on this as we receive direction from the county and state on worship services in-person. You should also know that First Friends Church is embarking on an ambitious project of permanent installation of cameras in the sanctuary so that we and they can make the broadcast of our services as wonderful as possible for those who cannot join us in person. More details on this will follow as well.

As you can tell, a lot will be yet forthcoming on how services and meetings will be handled from the summer and ongoing. Please keep watching your weeklies and announcements as we start the process to see you soon for in-person services.

Hazzan Lance H. Tapper

From our President

Hello Everyone,

May has been a very mixed month. The Covid-19 news (especially in California) has been very good. We are all looking forward to the expected lifting of most of the Covid restrictions on June 15th. The statistics of deaths and sicknesses are certainly signs for hope that we are beating down this scourge. Thanks to all of you who have gotten or are in the process of getting vaccinated. If you have not and want any information about the vaccinations or how to get them, please call the office and they will give you my number. I will be happy to help.

We had a beautiful Shavuot Service, thanks to the usual awesome performance of Hazzan Lance and Mark Peterson.

On the other side, the instances of antisemitism have risen drastically. The ADL with the support of the Federation, Women's League and many other groups are working hard to bring this to the attention of our elected officials and enlist their support. We are forwarding information to everyone as it comes to us. I have reminded the Whittier Police Department of where we are now and when we are there and asked for drive by's. The church has installed a new fence around the courtyard that should help with security. When we resume in-person services, our usual security team will be there.

I hope everyone is well and enjoying some of our new semi-normalcy. On a personal note, I am a proud "foster parent" to two baby hummingbirds. They have a nest just outside of our back door, under the eaves of our house. We watched the mama sit on the eggs and when I didn't see her there for a couple of days, I had my very tall grandson look inside the nest. He said there were no eggs but there were two baby birds. We are all having lot's of fun watching them grow!

Shalom,
Lila

Facts of 16th and 17th of Tammuz

The 16th of Tammuz (26 June 2021) is the date before the day that Moses comes down from Mount Sinai with the stone tablets. Moses has been absent for 40 days and the people are restless and angry. They are convinced that 40 days have passed. They ask Aaron, who is experienced in gold to make them a symbol of the divine they can see and touch. Aaron makes them a Golden Calf (Exodus 32:1).

Hur, an Israelite leader, is the son of Caleb and Miriam (Babylonian Talmud Sotah 11b). Hur objects to the calf saying that the people are ungrateful to the Divine. In anger the mob attacks Hur and kills him. A terrified Aaron sees the murder and does what the mob wants in order to save his own life (Exodus Rabbah 41:7).

Violence in the name of religion is one of the great scourges of the world. Yet in the bible, it is Moses and the Levites who kill those who built the Golden Calf and allow Aaron who acted in duress to live. Concisely, Moses and the Levites show their unwillingness to tolerate a spiritual practice that angers them. In the months of Tammuz and Av we seek peace among religious traditions as well as nations and individuals.

The 17th of Tammuz is a fast day from sunrise to sunset. It is a day of devastation in ancient Jerusalem. The Talmud tells us it was the day on which Moses, angry over the building of the Golden Calf, broke the stone tablets on which the commandments were written. All that is deemed eternal breaks and falls on the 17th of Tammuz. This day begins a period of mourning known as the Three Weeks, 21 days, culminating with the fast of the ninth of Av.

The shattered walls of Jerusalem; the defiled Temple in the year 70AD; and the broken tablets all represent events that our people held sacred. Events caused by mistrust and violence. Always remember, never to forget, that there is always hope and repair. Yes repair is our main work in the world: to put back together that which was destroyed and as we pray in our daily prayers rebuild our Temple again.
