**Note: New this year** – Tennis Teams sponsored by Brookfield Tennis Club will be charged \$6 per hour, per court. If you are on a BTC sponsored team, your Captain will incur this charge and most likely the charge will be split among team members. The Resident Rate is \$6 per hour and typically requires 75% of the players to have a residence in Brookfield, which the City has waived for BTC teams. Captains will still receive the \$75 stipend for the league entry fee or for other expenses. The Non-Resident Fee is \$12 per hour, per court.

If your teams is sponsored by BTC, our league coordinator will have priority in securing courts and will optimize court utilization provided all players join BTC.
