Jim O'Donnell— CEO and Founder Trucker Tax Service

Jim spotted this unique opportunity to help drivers while working for a tax service company. "With my previous experience dealing with the truck stop industry", says Jim O'Donnell, "and my meetings and conversations with truck stop operators, I confirmed the need for a virtual tax service for the drivers. "I want to help drivers become more educated about their business and provide them with valuable tools to help them be successful and profitable."
