DO THE FIVE

Stop the spread of Coronavirus

Five things to help stop the spread of coronavirus

1. Wash your hands/nails for 20 seconds
2. Cough/sneeze into your elbow
3. Don't touch your face
4. Stay more than 6ft (2m) away from others
5. Stay home if you feel sick

We want you to stay
SAFE & HEALTHY!

Additional Stock Graphics Available

Protect others from getting sick

Avoid close contact when you are experiencing cough and fever

Avoid spitting in public

If you have fever, cough and difficulty breathing seek medical care early and share previous travel history with your health care provider

A-Sick

STAY HEALTHY WHILE TRAVELLING

If you become sick while travelling, inform crew and seek medical care early

If you seek medical attention, share travel history with your health care provider

B-Travel

Protect yourself and others from getting sick

Wash your hands

- after coughing or sneezing
- when caring for the sick
- before, during and after you prepare food
- before eating
- after toilet use
- when hands are visibly dirty
- after handling animals or animal waste

C-Wash Hands

STAY HEALTHY WHILE TRAVELLING

When coughing and sneezing cover mouth and nose with flexed elbow or tissue - throw tissue away immediately and wash hands

If you choose to wear a face mask, be sure to cover mouth and nose - avoid touching mask once it's on

Immediately discard single use mask after each use and wash hands after removing mask

D-Cover Face
