Needing to Schedule an appointment?

Please click on “Pre-appointment Survey” found on home page to take our short survey. With this information we can determine the type and severity of your eye or vision situation. Once we receive your survey we will sort the results, prioritize and then **WE WILL CONTACT YOU.**

Please keep in mind that we do have seven weeks of previously scheduled patients to reschedule and, for right now, we will not have the same patient capacity as before to maintain a safe environment.
