

“Everyone benefits when children become secure, responsible, mature adults.”

The “Youth In Training” a year round program is dedicated to encouraging healthy growth and development of today’s youth. Activities which focus on character and talent development are available for youth ages 13 to 24. We provide memories to last a lifetime, while increasing a desire for lifelong learning.

During the academic school year, we offer two – 12 week sessions. Youth may participate twice weekly. During the summer, the program is offered for 6 weeks.

A certificate and a stipend of \$250 is presented upon completion hours. During the summer sessions, there are even more volunteer opportunities made available to the youth. As our camp runs during the summer, volunteers have the option to assist the camp director, become a dance instructor, or even a counselor in training. For those 21 years of age and up, they can become a swim instructor.

There are many volunteer opportunities with varying interests for youth to gain experience. Positions range from counselors in training and office assistants to graphic design. In addition to volunteer experience, we offer academic support service.

Key points of the day include reflecting and journaling. These activities provide substantial skills building and learning that will benefit the youth throughout their lifetime. We welcome your participation. Feel free to reach out for more information.
