CalTrans and County representatives shared with the public and TAAG general information and the proposed improvements at Main Street and the US 101 interchange. The delegates then asked the representatives questions including details on a finish date (expected in 2025) and other roundabouts of note (Halsey Canyon Rd in Santa Clarita and one off Hwy 99 near Truckee were mentioned). Roundabouts are 170 ft in diameter. Topics of discussion were controlling truck traffic down Main Street, Could traffic signals be used instead, or at least in the interim, (deemed not acceptable by County/Cal Trans) and discussion on the City of Paso's plans to improve Hwy 46W/101 Interchange
