2016 Financials & Association Meeting Minutes

All of the financial and minutes information is now posted on our web page at WLHA.info.com under the "Bit of History" tab.

Miscellaneous

Numerous docking areas are becoming safety hazards due to a lack of maintenance. All docking areas must be maintained or they will be considered abandoned. Docking areas that are determined to be abandoned, may be torn down.

Docks must have a posted sign with your lot number. You can add additional contact information to your posted sign if desired. Your sign must be clear and visible.

WLHA is working with the The Arnold Lake Association to possibly remove lily pads from the backwater. The objective is to allow additional docking and deeper water for better boat navigation. Cost could be approximately \$4000 for our share. If this is something we want to proceed with we will need to do some fundraising. Check the website for additional info as we receive it.
