Vortex SPC™ Spreader **Air Driven Granular Spreaders**

All Vortex™ spreaders can be used year round for fertilizer, pre-emergent herbicides, insecticides, granular growth regulators, ice melt products and other granular materials. The Vortex SPC™ is designed to ship in one carton and assemble in minutes. Assembly is easy, attach the pre-wired handle, leg, brace, blower, slide the wheels on and you are ready to apply material. This lightweight, wide wheel base unit is maneuverable in small spaces and is powerful enough to handle large areas.
