

**THE CYRENIUS H. BOOTH LIBRARY
25 MAIN STREET
NEWTOWN, CT 06470**

March 14, 2013

Ms. Glenna C. Orr:

Thank you for thinking of our community at this time and for your generous donation of two copies your book "Memories with the Heart" to the library's Books Heal Hearts project. Books Heal Hearts is a special project for healing that will make materials available for use in our library, our schools, and throughout our community, wherever there is a need and whatever that need may be.

We at the library have seen and strongly believe in the power of books to heal hearts and transform lives. Our goal is that this will be an ongoing effort by the library to meet the immediate and future needs of our community and our hope is that by the sharing and passing along of materials, this project will reach beyond Newtown. Your generous donation will help us in these efforts and provide comfort to our community.

Full information regarding the Books Heal Hearts project can be found at www.chboothlibrary.org/BooksHealHearts. Thank you again.

Sincerely,

Alana Bennison
Children's Librarian
