

To Our Friends and Guests,

After seven months of being closed indoors for the safety of our staff and guests in response to the COVID-19 pandemic, our local governments have announced the new stages of reopening. Phase Three allows us to welcome our guests back with indoor seating at 50% capacity, and additional safety measures. We are excited to see our neighbors and return to creating experiences and memories for our community.

We are also aware of the responsibility we hold, to create and maintain a safe environment for both guests and staff. Here is our plan for your safety, and our success together as we navigate this new environment.

Reservations:

We request that guests make reservations through our website or via Open Table.

Walk-ins will be accepted but will be limited due to fewer tables and limited properly spaced waiting areas. If you aren't able to make a reservation online, we encourage you to call ahead and we can add you to the waiting list. If a table becomes available sooner than expected due to a cancellation, we will contact you.

Guests without reservations must provide name and contact information per government guidance.

There will be a time limit of 1 hour 30 minutes for dinner so we can fairly utilize our limited capacity.

Protocols:

Please check in with our host stand at the restaurant door. If there are guests in front of you, please wait outside, 6 feet apart from the others, until the party is seated. After checking in, you will be escorted to your table.

We will offer a sanitized menu. In addition our menus may be viewed in advance on our website.

Every table will be 6 feet apart from each other, so you will have enough space to feel comfortable.

Additional safeguards we are taking to ensure Marche is safe:

We created Covid-specific employee procedures that all team members must follow.

Every food preparation employee must wash their hands and change gloves every 30 minutes. All other employees have strict handwashing guidelines.

Tables will be thoroughly sanitized between seatings and all condiments will be single use.

Every door handle and bath surface are also regularly sanitized.

We have hand sanitizers dispensers around the restaurants for your use.

All of our team will be wearing face masks at all the times.

Dining Responsibly:

If you do not feel well please do not dine with us but please, let us know in advance.

Face coverings are required at all times unless eating or drinking. Please wear face coverings when interacting with staff.

Please arrive on time; not late or early. We want to make sure we do not have crowds of people waiting.

Please do not overstay. There will be another party coming after the allotted time limit, and we do not want to make them wait. Your server will give you a heads up if you are nearing the end of your seating period.

Our goal is to provide you with the safest environment and the best dining experience that we can in these times. We take that responsibility seriously.
