

FAMA.M

**Perfect organisation for your pharmacy.
The Fama M underbench drawers.**

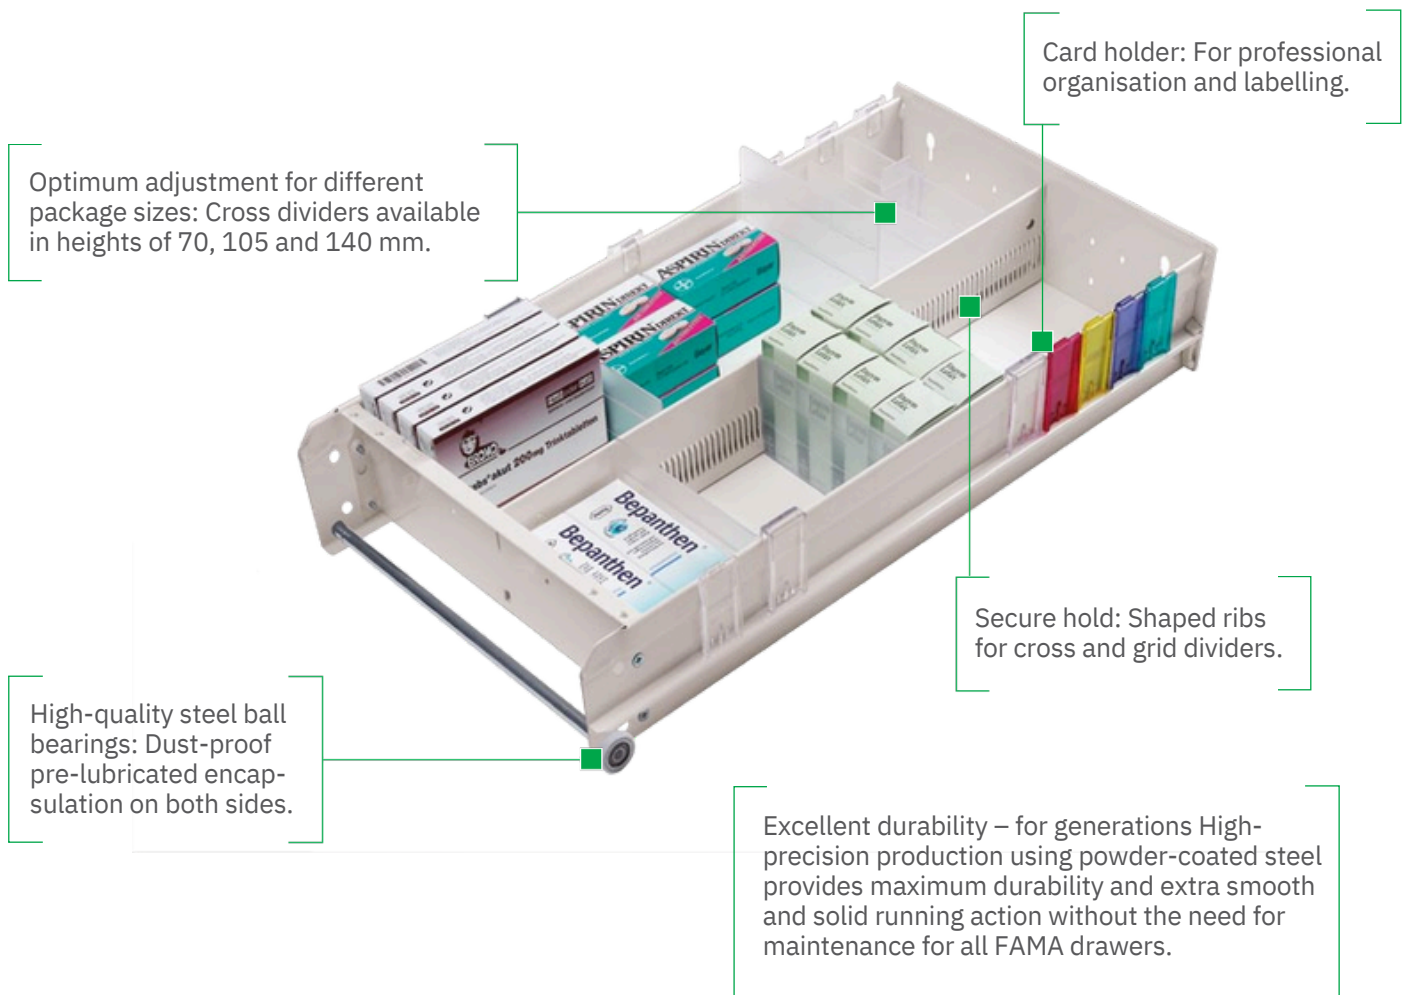

Willach

Pharmacy Solutions

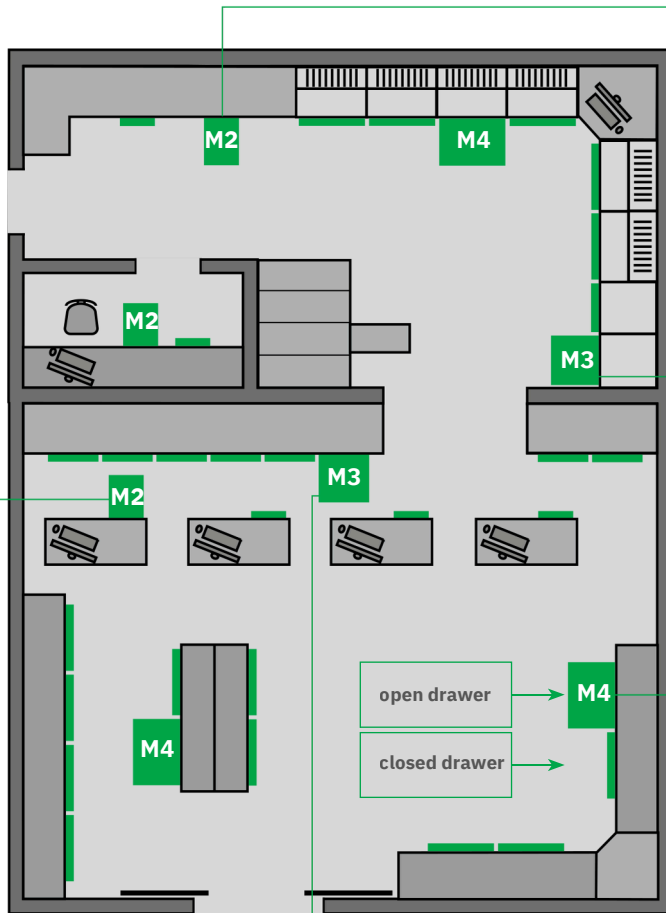

Fama M: Effective organisation and optimum access – thought out down to the very last detail.

Fama M underbench drawers are the ideal supplement to the classic pharmacy drawers. Medicines can be stored in the Fama M drawers using the same criteria for arranging and organising them as applied to the large-capacity drawers.

The Fama M drawer system: flexibility of use in all areas.

Fama M underbench drawers can be used in all areas of your pharmacy. Be it as drawers in the back office, at the sales counter or to store refill stock in the shop area, the versatility of Fama M drawers makes them the ideal choice.

Integration in the back office
All products and working materials in the laboratory, the compounding area and below the workbench are in perfect order and easy to find.

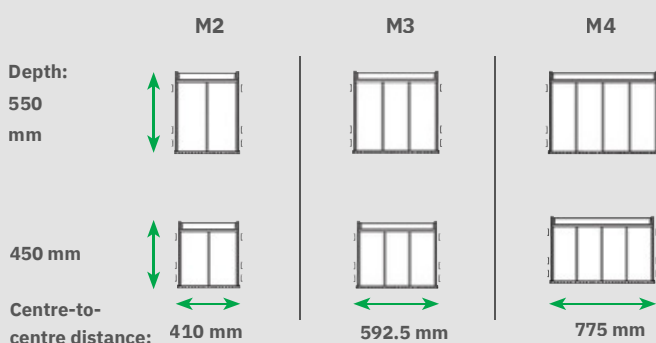

Installation behind the display shelving
Pre-ordered articles (made-up prescriptions) stored in the drawers can be easily found and quickly accessed.

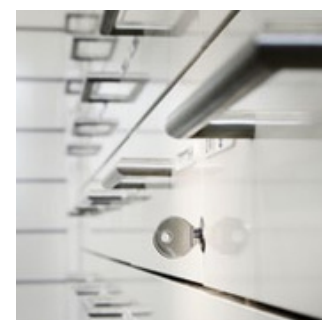

Deployment below the display shelving and in the sales counters
Compact storage of fast-moving medicines and articles in daily demand.

Placement under the retail shelving
Clear organisation of retail products and excess stock.

Detailed information regarding dimensions for various installation options can be found in the FAMA catalogue.

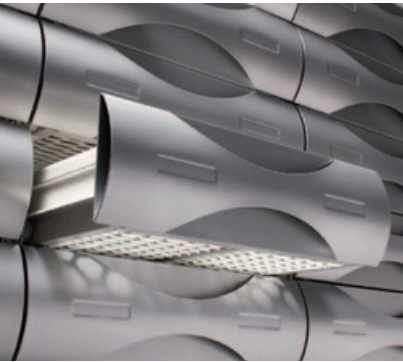

Lockable
FAMA drawers are available with locks for protection against theft or to meet legal requirements.

Willach Pharmacy Solutions.

The right prescription for every pharmacy.

Willach is the market leader in Europe for medicine storage and dispensing equipment. With our FAMA drawer and shelving systems and CONSIS robotic dispensers we can provide a uniquely tailored solution for any type of pharmacy, and any size of pharmacy. All Willach systems are subject to rigorous testing and demanding quality standards at our product development and production facilities in Germany.

FAMA drawer systems

Fama large-capacity and underbench drawers provide fast access to packages, with good visibility, excellent space utilisation and ergonomically perfect operation. No other system offers you drawers which can store more packages in the same space.

FAMA shelving systems

Fama worktop and fast mover shelves were developed as a modular system to achieve the greatest possible flexibility. They can be precisely adapted to your individual requirements. Fama round shelves store fast moving items to provide direct access and can be flexibly configured.
