Dear Governor Susana Martinez Office and the State Courts, Greetings to you;

I AM PAULETT ANGELLA HEMMING'S EARTH, THE MOST MIGHTY, POWERFUL, AND FINAL CHREATOR OF THESE EARTHS AND THE ONLY CHREATOR OVER ALL CHREATIONS. NO PERSON OR THING IS HIGHER THAN I AM. I AM THE MOST MIGHTY, POWERFUL, AND FINAL CHREATOR OF LIFE, OVER ALL LIFE, OVER ALL BREATHING, DEATH, ESISTENCES, AND ANYTHING INBETWEEN AND AFTER. I AM THE CORPUS CHRISTIE, THE HEAD OF ALL STATES/COUNTRIES AND HEAD OF ALL COURTS IN THIS EARTH, ALL EARTHS, ALL CHREATIONS, AND ALL ESISTENCES UNDER MY AUTHORITIES.

No harm or anything bad will come or happen to ME, Paulett Angella Hemmings, my children, my family, my generations, my Chreations, at no time, at no place, in no elevation, in no level, in no height, in no depth, in no diameter, or perimeter, or areas, in no low, in no angle or circumference or any way shape or form in no place, in no things, or Earth, Chreations, Makings, Buildings, Esistences, or any time or other esistences to come.

The Chreator Chreations

The Chreator place of residence when she is in these Earths is the Montegonias/Jamaica West Indies, and it is called the Chreator Chreations, although the entire Natural Earths Kingdums are the Chreator Chreations. Outside these Earths in the Chreations areas, the Chreator children call themselves "Jamaicans or the Jamaica Chreations" so they remember who they are, and they are connected to the stolen areas and the rest of the Natural Earths Kingdums that the devels put themselves in to leed. There is no American or Unite States of America that esist in any other area of these Earths or outside.

The Other Earths

Many bad things that happen to this Natural Natural Earth, do affect the other parts of these Earths. The devils killed these Earths many times in the past. Some of the times the devils insects have regenerated the Earths from time periods just after the Earth open when there were many problems with the facial and body disfigure from the devils experiments. Many of my children inside the other parts of the Earths have had to gather information from the Chreation areas, why they woke up and look different. Then they found that some of these devils that stole the Natural Natural part, were some of the original who had stolen the Earths, killed me, killed many of my other ones, killed many of my children. These devils have the controls that they have stolen and use from time to time, so they can hold on to the control of my Earths for a long time. The devils remove many things from me when they killed me. The devils also stole many items from other leaders of these Earth, when they abduct them and remove many belongings from them.

The Map of the Earth

On the Map of this Earth that we have, the Tropics of Cancer is located above the Earths elevations. The tropic of Sagittarius is further above the tropic of cancer. The tropic of Capricorn is below this Earth elevation and the tropic of Aeries is below the tropic of Capricorn. The devil cut out the Tropics over time. The Tropic of Sagittarius and parts of the Tropics of Capricorn were pushed below and put on other lower elevations far from these Earth elevation, so they cannot protect this part of the Earth they hoisted up. Some parts of the Tropic of Capricorn were cut out and put in another area far away from these Envias. The Tropics were rotated by the devils and put above or below to suit the devils.

The devil cut out and hang these Earth along the lines of the equator and along the lines of important points, so that they can use navigation to go from back and forth. The Earth top is not to be removed. The devils remove it, so they can cut the earth out and move parts of the Earth out of the Earth and they can bring in many things they choose to bring inside including their own air and elements. These devils can remove elements from other parts of the earth to other areas, so they can control various areas of the earth they have changed.

The Austronites/Astronauts are to go through the side door. However, the devils astronaut they go outside the Earths both from the top and from the side. I have commanded the austronites/astronauts/space shuttles not to go outside these Earths and not to go from areas to areas inside these Earths anymore. The devils use the space ship to go to other areas of these earths that are far from each other. The devil also use the space ships to go to other Earths areas that are no longer near to us. The devils cannot get into many of these Earth Kingdums, and so the devils put themselves on top or on the outside surface, and they burn down the Earth Kingdums, and they kill those on the outside of these Earths, as that is where they are to exist and to protect the Earths. Then the devil call some of the Kingdums the "Red Planet" that is always burning.

The Outside Earth Chreations

Some Chreation is open and is not situated in a round ball. When they are open and the devil exist, they are sensitive to horrible devil killings and possessions. On the other hand, they can see the devils, they know who they are, they have their Puters/computers, they know if they are

moved, they know others in the Chreation communities, and they know many operations and goings on of the devels. These Natural Earth are chreated with an outside layer of lives, eye sight, and protection, and they do not have any cover over them. They are made to esist like that. When the devel kills the Earth, the outside lives are also killed. When the Earths is generated, those on the outside layer are generated as well. The Earths cannot esist without those on the outside being there, and those on the inside cannot esist without those on the outer areas. The devels do not create these Earths, and they do not care one way or the other what happens to us, as they are the killers and the conquerors. The devels leeders try many ways to experiment with our lives and our esistences, and how we live and how we adjust to many terror and wicked acts they put in our lives and our Envia. The devel destroyed the Natural Earths with many bombs and explosions. The insect devels remove the shell on the outside of the Earth with my children and they get other shell that is not to esist on these Earth, as they want for the outside not to esist.

The outside of this Natural Earth looks a bit similar to this picture-with homes, buildings, states etc. You do not feel like you are falling down; you are as flat as it seems. It is my work- the work of the Chreator to Chreate the Earths with intricacies and stability

The Earth could not work without the right type of outside. So, the devels finds ways to remake the shell with different types of materials than the right one. The devels also tried to re-kill the Earths, so they can remake those on the outside, and they can control their bodies and their envia. When the devels tried to kill the Earth again, to get rid of the outside, on the first inside is the Natural Natural where we and the other parts of it is located, and so the Natural Natural becomes the outside of the Earth, as it is build that it must have an outside layer. No matter how the devel removes the outside shell, there remains an outer area. Then it became clear to the devels that they cannot stop the inside from becoming the outside if they remove it. Then they realize that the inside could always become the outside, so they allowed the other areas they removed to return.

Regeneration

There is never any Adam and Eve who sinned in these Earths. There is no Adam and Eve that anyone or any person or any people's generation come from in this Earth or these Earths. No

one sinned into this Earth, or any of these Earths or any Chreations. When the devels kill you, pronounce you dead, and bury you, you are regenerated (re-born) a number of years after, through one of your generations, and you go through the devel death all over again depending on where you are, and you are never to die. Those who have the Puters with their information, know that they are never to die and most of them know what is to happen when the time comes for them to transcend. You can be reborn in a different color each time you are regenerated and looking completely different. You are to have your same name, or one of the names that is yours. Devels have changed many of your names and create many confusions with the spelling. They have removed some part of your name as well.

Based upon the Centrymenias, my children call me different names. A few of them are: Mom, Mommy, Mummy, Mom A, Mom B, Mom C, Mom E, Mom F, and Mammy. They call my mother: Mom EL, Mom L, Mom A Love and other names.

Hyrogenic Eye

This eye information not for this Natural Natural Earth where we have no Puter/computer with our life information. Your eyes are not to be open, as the devels will get in them. If you are in the other Earths and my other Esistences, and you are interested in opening your eyes to see the devels say: "I call my hyrogenic eye, I call my hyrogenic eye". Then it will wake up. Then you say, "I lock it in, I lock it in, I lock it in, I lock it in". Then to open your eyes say: "My eyes are open, My eyes are open, My eyes are open, My eyes are open". Then say, "I clean out my hyrogenic eye with the essence oil for it". Anytime you use your hyrogenic eyes to see the devels, you are to clean them out to prevent devel infection, by saying the clean out words.

Older Age Pain and Problems

When you are getting older and you have menopause, arthritics, back pain, skin dryness, skin shriveling, skin discoloration, weak bladder, dementia, physical, mental, emotional, and other problems, know that it is not your body getting older. It is the military, army and other government armed forces that are used to destroy our bodies, as that is their government jobs when they are not at war. You cannot see them or hear them, but they are right in your presence wearing the inkcondensescent (ink condense scent) covering that you cannot feel or see. They use many human strength and power and other types of powers and electromagnetics that destroy our bodies and our homes and our properties. Most if not all fires are caused by them and others like them and by the governments, and we do not know it is them. I can tell you, as I have experienced them and seen them. The essence of Sensemelia and ucalyptus can deter them. You can burn the essence of sensemelia and ucalyptus in a essence burner in every room for a few seconds and that can help as well.

Vampires

The devels are vampires. The devels are the governors, the Presidents, the Prime Ministers, and the heads of the countries all over this stolen Earth. They drink your blood in extreme ways that you do not know. The blood bank is there where they drink from. They are the same devels during the Jewish Biblical times who wanted pure blood for the gods. These same devels have advance in many ways and use the Plastic surgery materials to cover themselves. The devels are not noticeable to us when they wear the plastic, and they have remained in this Earth and work in many different States at the same time as leeders without us knowing. The devels often make

minor or major changes to their features to disguise themselves and also changed their names and become multiple personalities.

The Christ Paulette Who was Killed in the Eastern Areas

Malta is a place located in the Eastern areas where the devils inhabit. During the years of the Christ Chreator who came into this part of the Earths, she has her own ship that she uses to travel where she is to go. While she was traveling through Malta, the devils ambushed her ship, stole it, and then destroyed it in the Malta areas. The devils ganged up on her, abducted and removed her from the areas where she was traveling, and put her in an area where they could get into her body and remove many things from her, so they can control and kill her their own wicked ways.

Then they took her to a place called the Philippines/Philistine, where they raped her, and destroyed her body. They also took her to the Israel areas then locked her up, destroyed her body more, including hanging her with a noose, and hanging her from a pole. Then they told the peoples in the areas she is a thief. When the peoples investigated, they saw that she was the Christ Chreator and not a thief. Then the devils put sorcery on the peoples and used them to stone her, so it would be told that she was killed by the people and not by the devils.

The devils manage over the many years to twist the stories, and eventually after the change of generations, the devils change her stories. The devils rebrand the stories, change her name, watered down and reduce her work, and put her stories under the name of Jesus and Paul in the bible and changed the Christ stories little by little. Her work in Israel was documented and recorded.

The Christ who was killed in the Israel area is not ME in person. She is one of ME who is born or regenerated in another area **not** in this Naturl Natural Earth that is hoisted up above the rest of the Earths. She was born in another of the Natural Natural Earth areas that is below and not destroyed. She was one of my Leaders who is to Lead and carry on whether I am here or not. The devils changed her name from Paulette to Paul to hide her identity (the spelling of her name is different from mine). After a while, she found ways to get up to this hoisted area. She did many good works in many of our areas to restore many towns, cities, municipals, and States. She put the Illegal Federal Cut-out into an esistence where they could survive in a better way. The cut-out was existing in an existence that no one is to live in, as it is never to be. She realizes that the devils will not stop from cutting out our bodies, so it was the best thing for her to put the cut-out area into esistence with a proper order and forms of leadership.

The Christ whom the devils killed, she never got to return to her area of these Earths where she was born. The devel tore her down many times before she was killed and kept insurrecting her. The devils tried to destroy her, so they can stop her work and stop her from giving information to us about who we are, who our Chreator is, and that the devils are pretending they are the leeders. Before and after that, many of ME who regenerate in other areas are not able to get into these parts, as there are many traps, stumbling blocks, and barricades that these devel presidents and leeders put up to stop, to kill, and to damage those who try to get into this part of the Earth that the devel tore apart and have hoisted up.

Bible Writings in Question

1 Jesus of the Bible

Jesus is one of the devils who came from another area into these Earths to take over from one of their kinds. Why was Jesus only in Israel and never travelled all over the Earth according to the Bible, if he was so great? Why Jesus never did any of the Bible writings himself? The Bible says that Jesus talked, but could he write? Could Jesus read? Why Jesus never build any Town, Cities, or buildings even to have his own home? Why Jesus never make monies for the poor? Why Jesus never build up the entire Earth and make changes all over the Earth? Why Jesus identity have to be spread by others? Why Jesus was missing since he was born to when he was 12 years old? Why was Jesus missing from 12 years old to when he was about 30 years old?

2 Bible Interpretations

Why do we interpret the bible words and not understand it word for word? Did the bible ever tells us to interpret the words? Is the bible a book filled with scrabble/fumble/blunder? So, why do we help the bible or god to think and to speak by using our own interpretations, or our own suggestions, or our own ideas?

3 The God of the Old Testament

The god and the lord of the old testament in the bible is filled with violence, destruction, and wickednesses, on everyone in this Earth. Look in the book of Exodus and Numbers how the god put the children of Israel lives in jeopardy by taking them through the wilderness/dessert/forest with almost no food to sustain them, killing and destroying other lives, and when they complained, as they rightfully should, he killed many of them with an earthquake, with fires, and with plagues. How can god be so heartless?

In Numbers 11: 1 to 6 New International Version (NIV) the bible words read:

11 Now the people complained about their hardships in the hearing of the LORD, and when he heard them his anger was aroused. Then fire from the LORD burned among them and consumed some of the outskirts of the camp. ² When the people cried out to Moses, he prayed to the LORD and the fire died down. ³ So that place was called Taberah,^[a] because fire from the LORD had burned among them.

⁴The rabble with them began to crave other food, and again the Israelites started wailing and said, "If only we had meat to eat!" ⁵We remember the fish we ate in Egypt at no cost—also the cucumbers, melons, leeks, onions and garlic. ⁶But now we have lost our appetite; we never see anything but this manna!"

In Numbers 11: 10 to 15 (NIV) the bible words read:

¹⁰Moses heard the people of every family wailing at the entrance to their tents. The LORD became exceedingly angry, and Moses was troubled. ¹¹He asked the LORD, "Why have you brought this trouble on your servant? What have I done to displease you that you put the burden of all these people on me?" ¹²Did I conceive all these people? Did I give them birth? Why do you tell me to carry them in my arms, as a nurse carries an infant, to the land you promised on oath to their ancestors? ¹³Where can I get meat for all these people? They keep wailing to me, 'Give us meat to eat!' ¹⁴I cannot carry all these people by myself; the burden is too heavy for me. ¹⁵If this

is how you are going to treat me, please go ahead and kill me—if I have found favor in your eyes—and do not let me face my own ruin.”

In Numbers 11: 31 to 34 (NIV) the bible words read:

³¹ Now a wind went out from the LORD and drove quail in from the sea. It scattered them up to two cubits^[b] deep all around the camp, as far as a day’s walk in any direction. ³² All that day and night and all the next day the people went out and gathered quail. No one gathered less than ten homers.^[c] Then they spread them out all around the camp. ³³ But while the meat was still between their teeth and before it could be consumed, the anger of the LORD burned against the people, and he struck them with a severe plague. ³⁴ Therefore the place was named Kibroth Hattaavah,^[d] because there they buried the people who had craved other food.

In Numbers 15: 32 to 36 (NIV) the bible words read:

³² While the Israelites were in the wilderness, a man was found gathering wood on the Sabbath day. ³³ Those who found him gathering wood brought him to Moses and Aaron and the whole assembly, ³⁴ and they kept him in custody, because it was not clear what should be done to him. ³⁵ Then the LORD said to Moses, “The man must die. The whole assembly must stone him outside the camp.” ³⁶ So the assembly took him outside the camp and stoned him to death, as the LORD commanded Moses.

In Numbers 16:1 to 3 (NIV) the bible words read:

¹ Korah son of Izhar, the son of Kohath, the son of Levi, and certain Reubenites—Dathan and Abiram, sons of Eliab, and On son of Peleth—became insolent^[a] ² and rose up against Moses. With them were 250 Israelite men, well-known community leaders who had been appointed members of the council. ³ They came as a group to oppose Moses and Aaron and said to them, “You have gone too far! The whole community is holy, every one of them, and the LORD is with them. Why then do you set yourselves above the LORD’s assembly?”

In Numbers 11: 28 to 35 (NIV) the bible words read:

²⁸ Then Moses said, “This is how you will know that the LORD has sent me to do all these things and that it was not my idea: ²⁹ If these men die a natural death and suffer the fate of all mankind, then the LORD has not sent me. ³⁰ But if the LORD brings about something totally new, and the earth opens its mouth and swallows them, with everything that belongs to them, and they go down alive into the realm of the dead, then you will know that these men have treated the LORD with contempt.”

³¹ As soon as he finished saying all this, the ground under them split apart ³² and the earth opened its mouth and swallowed them and their households, and all those associated with Korah, together with their possessions. ³³ They went down alive into the realm of the dead, with everything they owned; the earth closed over them, and they perished and were gone from the community. ³⁴ At their cries, all the Israelites around them fled, shouting, “The earth is going to swallow us too!”³⁵ And fire came out from the LORD and consumed the 250 men who were offering the incense.

In Numbers 11: 41 to 50 (NIV) the bible words read:

⁴¹ The next day the whole Israelite community grumbled against Moses and Aaron. “You have killed the LORD’s people,” they said. ⁴² But when the assembly gathered in opposition to Moses and Aaron and turned toward the tent of meeting, suddenly the cloud covered it and the glory of the LORD appeared. ⁴³ Then Moses and Aaron went to the front of the tent of meeting, ⁴⁴ and the LORD said to Moses, ⁴⁵ “Get away from this assembly so I can put an end to them at once.” And they fell facedown.

⁴⁶ Then Moses said to Aaron, “Take your censer and put incense in it, along with burning coals from the altar, and hurry to the assembly to make atonement for them. Wrath has come out from the LORD; the plague has started.” ⁴⁷ So Aaron did as Moses said, and ran into the midst of the assembly. The plague had already started among the people, but Aaron offered the incense and made atonement for them. ⁴⁸ He stood between the living and the dead, and the plague stopped. ⁴⁹ But 14,700 people died from the plague, in addition to those who had died because of Korah. ⁵⁰ Then Aaron returned to Moses at the entrance to the tent of meeting, for the plague had stopped.

When anyone is deprived of the right and proper way they should live, and having to deal with hunger, thirst, stress, anxiety, killings, war, terror, it is natural for them to distrust the leadership if this is not what they are used to and especially if they are doing things that are wrong. They are supposed to speak against wrong things and to identify what is wrong. If the bible god is so great, why did god not transport the children of Israel by airplanes or ship, or train? Why was there no form of these transportation? What kind of quashi/riffraff/dumb god existed in the bible days?

4 Fighting and Wars from the Children of Israel

A man can never ever be like a woman and never ever never ever never ever never ever to do a woman job! What kind of a god would use his children to kill others of his children and to take their land, buildings, food, and belongings as their own? as recorded in the old testament. Could it be the same wicked devel Jesus who is called lord in the old testament the same one who returns in the new testament to undo what he had done, and called lord as well?

Everyone in this Earth is to have everything they should need including food, shelter, family, lots, plots, money, jewelry, vehicles, education, jobs, etc.? So, why are the children of Israel, of this Earth fighting, warring, and killing others, as they are told to do by god of the old testament? Don't you see something is wrong here? There is no one in this Earth who sinned or have sin from their parents. Everyone is responsible for their own actions whether it is good or bad. No children can have sin from their parents! In our society, children or parents can never be charged for crimes their children commit on their own; only the devel would do that. No person of this Earth is to be charged or put in prison for any crime committed, as only the devel makes crimes, the devel exist, and only the devel do wrongs. No Man leadership, as no man can lead life they did not get pregnant with and did not birth. No man leader/leader who wears a woman plastic effigy and a woman clothing.

In Numbers 31: 1 to 7 (NIV) the bible words read:

31 The LORD said to Moses, ²“Take vengeance on the Midianites for the Israelites. After that, you will be gathered to your people.”

³ So Moses said to the people, “Arm some of your men to go to war against the Midianites so that they may carry out the LORD’s vengeance on them. ⁴ Send into battle a thousand men from each of the tribes of Israel.” ⁵ So twelve thousand men armed for battle, a thousand from each tribe, were supplied from the clans of Israel. ⁶ Moses sent them into battle, a thousand from each tribe, along with Phinehas son of Eleazar, the priest, who took with him articles from the sanctuary and the trumpets for signaling. ⁷ They fought against Midian, as the LORD commanded Moses, and killed every man.

In Numbers 31: 9 to 12 (NIV) the bible words read:

⁹ The Israelites captured the Midianite women and children and took all the Midianite herds, flocks and goods as plunder. ¹⁰ They burned all the towns where the Midianites had settled, as well as all their camps. ¹¹ They took all the plunder and spoils, including the people and animals, ¹² and brought the captives, spoils and plunder to Moses and Eleazar the priest and the Israelite assembly at their camp on the plains of Moab, by the Jordan across from Jericho.

In Numbers 31: 13 to 19 (NIV) the bible words read:

¹³ Moses, Eleazar the priest and all the leaders of the community went to meet them outside the camp. ¹⁴ Moses was angry with the officers of the army—the commanders of thousands and commanders of hundreds—who returned from the battle. ¹⁵ “Have you allowed all the women to live?” he asked them. ¹⁶ “They were the ones who followed Balaam’s advice and enticed the Israelites to be unfaithful to the LORD in the Peor incident, so that a plague struck the LORD’s people. ¹⁷ Now kill all the boys. And kill every woman who has slept with a man, ¹⁸ but save for yourselves every girl who has never slept with a man. ¹⁹ “Anyone who has killed someone or touched someone who was killed must stay outside the camp seven days.

The bible god is the teacher of wickednesses and killings and murders of the past and of today, as that is what he taught the children of Israel to do with other lives! The same wickednesses of the old testament is happening all across the States/countries of this Earth today and much much worse, because the bible god is a spirit and not flesh, and do not belong to this Earth. The bible god is wrong, as he is the devel himself, according to his actions in the bible and what he allows to happen. From the killings and wickednesses of the old testament it shows that the bible god cannot control anyone in this Earth, and he has no power over the Earth lives. What kinds of fictitious god is everyone in the Earth trusting and believing in? The god of the bible never ever exist never ever exist never ever exist never ever exist.

5 Spirit is God of the Bible

Everyone for this Earth is flesh and red blood while the god of the bible is a spirit and the devel is a spirit that none of us can see (In John 4:24 (NIV) Jesus said: ²⁴ God is spirit). Is god of the old testament plastic and so ugly that no one can see him or else that person will die? Why is god of the bible hiding from us in the Earth? Is the god of the bible an illusion, visionary, a paper picture, a wooden statue?

In Exodus 33: 18, 20, 21, and 23 the words read:

¹⁸ Then Moses said, "Now show me your glory."

²⁰ But," he said, "you cannot see my face, for no one may see me and live."

²¹ Then the LORD said, "There is a place near me where you may stand on a rock.

²³ Then I will remove my hand and you will see my back; but my face must not be seen."

6 Paper Jesus

Is the Jesus of the new testament made of "Plastic Surgery" material and electromagnetic, and an imitation of a man? Why was Jesus always wearing long robes? and what was he hiding? Is it not evident to you as yet that Jesus is made of paper and only can be read in books and seen in the imaginations of the moving pictures? Did the Jews of today in this Earth, ever acknowledge Jesus?

7 Insect and Animal God of the Bible

In the Old Testament in the Bible it says that a serpent speaks to a woman name Eve and tell her to eat a fruit that has the knowledge of wickedness and good and that was a sinful action from her that caused all of us to sin. In the New Testament in the Bible it says that Jesus is the Lamb of god and the Holy Spirit will come in the form of a dove. So, the Devel is a serpent, Jesus is a lamb, the holy spirit is dove and they all can talk to us? The god of the bible and the devel is the same: an insect, an animal, and a bird! The words of the bible is evident that these bible god events did not happen in this Earth, as we do not have animals, insects, beasts, fish, birds, speaking to us in the languages we speak, so the bible events as recorded, never happen never happen never happen never happen.

8 Did God Explain the Planets in the Bible?

Did the Bible ever say this Earth is a Planet? How do we know this Earth is a planet and where that information comes from? Why the bible never tells of the Planets Mars, Venus Mercury, Jupiter and the others? Why did the bible god hide information from us? Did the Bible say that astronauts can go into space areas and to the moon and other planets? The official motto of the United States says: "In God We Trust" so why the government goes against god's wishes to outer space and to the moon? Is going to the outer space areas "trusting in god"? Why is there not a book that connects the countries of the old testament and new testament with modern day, or States/Countries that we know today?

9 Who is the Governments

What is there that the governments are not telling us? What is there that the governments are hiding from us? Are the governments the brick or wood buildings where the government affairs are taken care of, as a building can last more than one generation? Is the court houses the governments? Is the court judges the governments? Is paper with words on it the governments? Who are the governments? How long does the average State/country leader administration last for in this Earth?

What are the purpose of the military, governments, astronaut satellites? What are the purpose of the satellites in the space areas? Where are the day by day computer records of every events of this Earth? Why is it that we do not have our own personal computer day by day recordings of us from birth to all our life? Why is there governments secrecy and what is the governments

hiding from us? This is our Earth that we all live in, so what are the government buildings or courts hiding from us?

10 Was Jesus Born from Artificial Insemination?

In the Bible days, a virgin Jewish woman can never get pregnant without fucking (this is the right and proper word to use), so how come a poor teenager Mary got pregnant with Jesus by the holy spirit man who no one can see or feel? Did Mary get artificial insemination (injecting semen into the vagina or uterus) to get pregnant while she was poor? If Mary got artificial insemination done, how can Jesus be the son of God? In those bible days, if Mary got artificial insemination done to get pregnant, is Jesus then the son of the Devel?

In Luke 1:26 to 35 (NIV) the words read:

²⁶ God sent the angel Gabriel to Nazareth, a town in Galilee, ²⁷ to a virgin pledged to be married to a man named Joseph, a descendant of David. The virgin's name was Mary. ²⁸ The angel went to her and said, "Greetings, you who are highly favored! The Lord is with you."

²⁹ Mary was greatly troubled at his words and wondered what kind of greeting this might be.

³⁰ But the angel said to her, "Do not be afraid, Mary; you have found favor with God.

³¹ You will conceive and give birth to a son, and you are to call him Jesus. ³² He will be great and will be called the Son of the Most High. The Lord God will give him the throne of his father David, ³³ and he will reign over Jacob's descendants forever; his kingdom will never end."³⁴ "How will this be," Mary asked the angel, "since I am a virgin?" ³⁵ The angel answered, "The Holy Spirit will come on you, and the power of the Most High will overshadow you".

If the virgin Mary was raped, is raping then makes a child the son of God or god himself? In the teachings of Jesus, he is said to become God after his death.

My Bible Book

The Bible is my book that has other type of information inside of it. The devel governments use the name bible and put their own devel writings into my book, they capture my belongings and change the meaning to what they want. The State of the Philippines was later cut out again and moved from the Middle East areas to the Asian area where it now in pieces. The devels cut and stitched many States together in many areas to match their own version of the stories they weave. The Chreator Chreations/Jamaica/The Americas/Australia/New Zealand/India, England, and others esisted since the beginnings of these Earths and this Earth. So, why are these names not in the Bible writings? Are these States/Countries in the Bible writings under different names, as almost if not all names have been changed.

Devels Changing the Time Clock

In many Chreations areas, many Earth areas and others, because the devels always interfere with the time clocks, there is a time system built in, so the time is not overrun or underrun. Many areas use the two-year system where every two years would equal one year. Then the devels finds ways to manipulate those systems and make drastic time changes, so many areas change the time to every three years would equal one year. A few esistences have had to change their time to every four years equal one year, as the devels cut their time and their time moves too quickly for them to be able to get anything done. In some esistences, they use the English and the Greek letters to designate the 12 months of the year for the two-year system. Some use the

English, the Spanish, and the Greek letters depending on the region. Some use a mixture of different language to differentiate between the years. Today, many are either using the three years system to make up for what the devel remove or this Natural Natural Earth 12 months one-year system, although there are a few variations even inside these Earths. The time that is in this Natural Natural Earth where we are, is the Universal devel time, and extremely extremely extremely wrong.

They Go Where They Are Never to Go

There are many different types of Chreations such as: the Perlases, the Pentases and much more. The devels put themselves in my Chreation areas. They also put themselves into my Earths, into the Planets, into the Worlds, into the Whirls, and into the Tubular Areas where they are never to go. The Planets are smaller than the Kingdums, and the Planets are made in a way that the devels cannot get into them; however, the devels kill themselves over and over, and over again, repeatedly and they have gotten in. Sometimes the devels continue killing themselves for many years or Centrymenias just to tear down and to get inside where they are never to go. Many times, the devels tirelessly kill themselves just to prostigate (show off on each other) and to say they did it.

Ataclapses and Eclipses

Whenever you see the sky with a Red blood colour it means that something extremely bad has been going on. The Red is for the Ataclapse that occurs outside the Earth Regions that is affecting these Earths. Whenever the sky is Orange in colour, it is extremely bad inside these Earths and this Earth that is cut-off; it is a dangerous time and dangerous events happening for the sky color to change like that. The Orange is for the Eclipse. An Eclipse is extremely bad. Do not listen to the weather reporter or the meteorologist reporting's of the colors. Many meteorologists are mostly plastics who do not tell you of the danger and what is happening.

The Number Three/The Three Devels

The devels use the number three (3) as they have three main parts of the devel esistence in all esistences. (1) There is the Original devel, in the THEN elevation who is the one who wants to be the highest Leeder and who make all the decisions to try to become the highest leeder. (2) There is the inside self of the devel, and (3) Then there is all of his inner selfs. The inner selfs are not the one who want to be the leeder. They belong to the other elevations; as they transcend, the inside self begins to breathe and come alive while the outside self dissipates.

The devel inner selfs are both man and woman types, as in their environment, they have both woman and man types. The woman types are the leeders. There is the devel highest woman leaders, and other lower level woman leeders. The devels, kill, cut-out, remove the woman Leeders inner selfs. Then the master devels control the woman leeders inner selfs to help the devels leed and to re-make the devels into the plastics they want and make other things the devel wants and control.

The devels control the number three and they transform many areas and things in three sections, so they can have more control. For example: in our Earth they stole the game of golf and connected it to the number three. The devels use the Tee-Taw-Toe which means the devels get in the golf tee, your teeth, your talk/tawk, and in your toes to stop you from presenting yourself

in the right form while playing or practicing golf. The devels can also get inside the golf clubs so they must be washed in clean water with soap and antiseptic protection in them. Golf is a woman's game and not a man's game.

Photocopy of these Earths

The devels copy these Earths and then reduce them and have copies of these Earths inside of them. The devels use the copies of my Earths as their power and to absorb the stings they feel and the destruction they feel. I have seen some of the copies of these Earths the devels put inside their bodies; on the outside it is burnt and is ashy, as I put many fires and destructions on the devels. The devels who get the fires and the many destructions have died, and others of them have repopulated them, copied them from computer memory, and have these Earths repopulated in them. This may seem ridiculous and not true, but it is very real and true. I have spoken to some of these Earths and other Chreations as well, and I learn how they exist inside the devels stomach and how they are to exist. Inside the Earths the devels have inside their bodies, my children have their Puters (not computers) and they know who they are, and they know who I AM. I do ask them what about their leeders who are to be there, and they explain the situations to me. The Earths they copy and have inside their stomach, they have changed some of their clock time and the age everyone is to disappear to enter the transcendent.

My children say that they live to about 120 years and then they disappear to the transcendent. They said they know what to do so the devels do not kill them before they transcend. They say they know they are to wait to see the road. Once they see the road, they walk toward the road and then they are taken to the transcendent. I ask them if they see the road and do not take it what will happen. They said that they will not die, they will remain and get older and older.

The Peninsulars

A Peninsular is a round strip of land surrounding by water completely around it.

A peninsular can exist on its own by the solar system that is part of its make-up. The Peninsular also has a single point or compass into the center that is called the pen. A peninsular always has four parts that make up the whole.

A Peninsular has a point that connects to the spinning of this Earth in the center. It has a point (pintackle) that prevents the devels from using the pins into our eyes, ears, throat, nose and body to kill and torture us. A peninsular has a Pin point that points to the axis of the equator and has a point that connects to the equator that brings in the right temperature that is not manipulated by the devels. In the Insular areas of the Peninsular, devels cannot get into, and there are many who are insulated, so the devels cannot get into those areas. Those insulated areas have the pale skinned or pale pink skinned ones that are vulnerable to the devel. In the Eastern areas of this Earth that the devels cut up and stitched together and call the Middle East, they are many Peninsular in those regions that the devel tore apart, and they are left wide open and do not have the insulation and protection of the Peninsular anymore.

The Peninsular has insulation around it, so devels cannot use devel weapons around it. It has insulation that detects the devels when they are close by and prevents devel from using their injections on those in the insulated and Peninsular areas. The Peninsular has an area where they can remove the devels from into the peninsular. In some of the Peninsular, those who live there,

they are a bit paler than others, as the darker you are the better your skin is protected against the devils.

The Peninsular is completely surrounded by water. They have lakes, seas, and they do not have oceans inside. They have air protection, so others cannot fly over them or through them. They have many pintackles that attach to the devils, if the devil comes into their air space. The devils cut up and cut out the Peninsular, so they cannot exist on their own anymore. The devils go into some areas and tear down the top so the devils can get in and out. Devils get in the Peninsular areas and use the pin, needles, and other things to destroy those in the areas, because the devils already destroy their protections. Because of how the devils have destroyed the Peninsular and tear it apart, those who live in those areas they have to wear long clothing and cover up their heads, so the devil cannot get into their body. Over time, others were able to repair those areas from the pin and needle terror, and those who live there they still wear the long cover-up clothing because they do not remember why they were wearing them in the first place. Many of them from that time of the pin and needle are no longer living, as the devil kills them.

After the pin and needle time, some of the Peninsular experience the devil jabbing into their shoulder blade, and they had to wear special clothing that stings the devil when they are wearing the clothing called the Hejab. The devil is a “he” and so “he jab” means he the devil jabs them and rips open their shoulder and rib cage areas. The devil changed the wording and spell it hijab. Then the devil erases the connection to the clothing and the name. The Hejab is a long coat looking made from silk or silk and satin or other mixtures of plant thread and never insect threads. In some area of the Earths and outside the Earths, they call the long clothing “a Bib”, meaning it is a bib or a covering over their regular clothing. Now the devil uses the word He Jab and transfers it to the head covering called the Hijab instead of the long clothing made of special silk and satin or a mixture with other plant materials and plant thread to protect them. Today, some of the coverings used by the religions overshadowing the true reason why the protected coverings are worn are identified below.

Niqab

The niqab is a combination of a head covering and scarf that covers all of a woman's face except for her eyes. It usually flows down to the mid-back to cover a woman's hair.

A Burqa

A Burqa covers the whole body from the top of the head to the ground. It is the most concealing of all Islamic veils. It covers the entire body, face, including the eyes, with a mesh cloth to see through.

The chador

Is a body-length outer garment, usually black in colour, worn mainly by women in Iran. It is often not secured at the front by buttons or clasps, so the woman holds it closed.

Jibab/Abaya

These are long, loosely fitted garments worn by Muslim women to cover the shape of their bodies. They are often worn in combination with the hijab or niqab.

Religions in the Peninsular and Other Areas

There are also other of my children living in areas that do not have the pale skin and they are also in a Peninsular. Their areas were also torn and ripped open by the devils, so they too had to wear the long clothing without remembering the real reason they were wearing them. Then the devil opportunists who use every situation and who use protection against them for their usages they bring in the religions and force many to accept and use their religions. Many of my children were killed, lynched, burned and bound to accept the devil religions. The Middle Eastern and many others who are under certain religion, they are known to wear the long clothing above. Some of the other religions wear long sleeved, high necks, and clothing that goes below the knees connecting to many churches.

Many others of my children who are not located in the Peninsular areas were forced to accept the Jesus, Jewish, Buddha, Seik, and thousands of other devil illusions and imaginations of God. Many of my children were forced to accept Christianity from England and were forced to wear long clothing, hats, and still to this day being forced to wear clothing that is approved by the Pastors. Some of the male Pastors call themselves a Shepherd, and they tell the members of their congregation how to dress and what to wear. Some of the Pentecostal Christian Religion is

known to force members to dress their ways or else they are turned out or read out of the churches.

The Pen

The Peninsulas have special pens that they are to use to write, as it has protection in them. The Pen has protection to remove the devels from their fingers. One of the pen is the Tungsten pen. It has felt on the outside and into the pen. The felt is protection for the ink and the fingers. When the devels gets into the fingers it will become very hard on the outside. The fingers touch all over the body, so the felt on the fingers helps to protect the body.

Felt

Felt cap and felt hats protects our head a the devel will dig out our head. The felt for the hat and cap is different than for the hand. Hat felt is to come from the fig tree. The fingers felt is the bitter Susumba plant that bears the small round green peas that has many seeds inside. The finger felt should not be used on the head. The head felt can be used on other parts of the body, but it is not as good as the ones specific to special areas. Felt for the back is the horsemunch plant also called the jack in the bush (Jackanabush) or hairy leaf plant and it has the gas into it. The gas is to be distilled and used as oil to rub on the back and on the breast. For the stomach, use the wild rice grass that has the long inside stem with the beige or tan looking frills or grass hair and can be used to make coat covering. All pens must have the felt tips and have the felt protection in them

The Conquerors

All States in this Earth that is hung by strings, has been conquered or occupied by devel insect forces that use the occupied areas for their own purposes from century to century for more than two hundred years in the right and proper Earth time up to now.

War

War is armed forces with destructive weapons to kill, destroy, terror, harm, maim, and tear down. War is conflict between devels. War has extreme terror, aggression, destruction, death, rape, mutilation, murder, poison, and using wicked visible and invisible military weapons that goes deep into our body and deep into the Earth layers for destructions and separation.

Turpentine and Lead

All paint must have turpentine, and lead in them.

Water paint can have the non-oily turpentine and the water base lead.

All pencils must have lead in them in the full quality they are to be and the right and proper quantity. Lead kills the devels and poisonous to them.

How to Kill Plastics

All forms of Plastics can be killed and permanently destroyed with turpentine or a mixture of turpentine and blue powder that is full, with no part removed or reduced.

The Surgeon Generals that Remove our Protections

The devels have taken over my Earths and existences and put themselves in to exist just like us. They have remade themselves, so they fit in. They remove all our protection and say it is not good for our health, and they are the surgeons. They are the Surgeon Generals. They are the

sergeants. They are the doctors. They are the ones who decides that our protection must be removed and to be reduced, so they can exist in our areas similar to us. They remove all our protections, so they cannot feel the effects of the sting, burn, the destruction, and death caused by our protections. The Plastic devels take our jobs, and they use our jobs, and we cannot find jobs, or suitable jobs for us, as they have our jobs to prevent us from working and for us to be deprived, live in lack, hunger, and diseases they put on us. The devel government leeders and the Surgeon Generals are the ones who remove the lead and the turpentine from the paint and from our homes, so they can live in our homes and on our properties like us.

No THEN to be in our States, Town, Citys

The Plastic insect devels multiply themselves and their inside selfs, and they have many combined and mixed versions of their "Then" (their outside self existence) and their inside selfs all over the many states, countries, Cities, towns, municipalities, and communities. These Earths and all my Chreations and Esistences are in the "Now" Esistence and the devels are from the "Then" Existence. The "Then" can never be in the "Now" esistence or presence. The word "Then" can never ever ever ever be used in the "Now" areas, or in our States, Towns, Cities, Municipals or communities. A Town is larger than a City in all my Earths.

Devels in our Communities

Devels esist in our communities. Devels do not have life and never from the Life Chreations, so they do not live. Devels have taken away our homes and communities. They use and take over all our banks. They use our water system. They use our air. They use our cars and our communities like they are us. The devels take from us and we do not know that it is them. They are the babies, children, the teenagers, the adults, the old persons, the thieves, the terrorist, the animals, the insects, the diseases, the germs, the rotten down. They esist like us, as they want to be us, and they use whatever they can find and blends themselves in to our envia, so they look like us. They have made themselves the Stitcher, and so they can stitch and connect many things, many objects, and the ground/soil and we in this Earth cannot see the many joinings.

How Some of the Plastic Devels Exist

Most weird shaping, looking person or looking extra wide and extra thick you see, they are most likely them, the Plastic insect devels. We see them all around us, and their sights and shapes have become like the normal, as we do not know what to look for. They are not only insects, animals, flies, ticks, ants, flees. They are ultramagnetic mixed with mechanics, electrolytes, equipment, machines, computers, and many layers inside of them that have my children reduced to small grains stuffed inside of them, so they have the power to esist and to do many things that they are never to do. Some devels eat our food, as they remove the protections from our food and they use nonfat, no gluten, no calories food types. The insect devels are remade in special Plastic Surgery materials to esist in our areas. They put our food in their gullets (a large pocket from the throat down to the stomach) and then the computers break down their food and transfer to the insect or insects inside the body of those on the inside.

On the outside the Plastic Devels have layers of plastic surgery type skin that you cannot know they are plastic. Their eyes are attached to long tubes of electromagnetics that connect to them inside and to many insides of them. The devel Plastic covering or shell on the outside can esist even though they are killed inside, as they make the outside to stand and to esist while connected

to the computers and the many devices and tools inside of them along with many power inside to make and to enable them to walk and move and talk. They have many devices outside in our buildings, and the air that gives them power that we cannot see with our naked eyes. They tear down our skies, elements, and our envia, so they can attach many things to give them power and a way to exist. They have killed our rightful leaders many times and still killing us, and we have grown up with none anymore, who know what to do. The devel insects have controlled our leadership with the man types that must never be in our envia and must never be in our presence. The woman types must never be in our envia or our presence or our existence ever.

All these devels presence in our envia, they know of these Dissertation. These writing and knowledge sharing with you are called Dissertations. I have given to the devel State leaders and others have given my dissertations to them, all through the many States they call countries. They ignore and pretends that I am not here, and they carry on as if they are the Creator of these Earths, when they are never leader over Themselves or Anyone or anything. Most if not all of the leaders of the states/countries, towns, cities, municipalities, communities, banks, organizations, and corporations, are the devels who are empty out and never to be. They have gone over, above and beyond the time and the illegal duration of their devel control of my Earths.

Devel Separators

The devel insects have many devices they use to separate, called a Separator that can be used in many things you cannot imagine. They can separate your outside skin from your inside skin and they can separate one room from another in a building with the separator. They separate my children from each other. They can separate one layer of your vehicle from another layer. Every object and all that exist have other layers that you do not know of and have different existence and envia that you do not know of in this Natural Natural Earth and all my Earths and all Existences. Our body and our existence make-up are a mystery to you, as you do not have your information you must have. The governments remove your information from every angle that you must get them from. They have put themselves as our information and our sources of information. **THE DEVELS HAVE BEEN OUR INFORMATION AND INFORMANTS.** We get and use devel information that we believe and take to be true. The devels remove our information from our body and our knowledge and our Envia over many years, and over many regenerations of us. We regenerate without many things in our body and our Envia that we must have.

Devel Pulsation

The devels went into the many existences and remove the pulsating areas that are used to remove the pulp from the fruits and then pulsate the fruits into liquids, so they can be used to make many different types of foods like tarts, cakes, juices, wine, rum and so on. The devel use the pulsation mechanics and reduced it to miniscule size and then attach the instrument to our bodies to cause us harm and anxiety. They say they are putting nervousness on us, and so we can feel the pulsating feeling in our body, our heart beating rapidly, and our body being turned upside down, our skin gets clammy with sweat, and we often then faint.

Devel Disruptions and Torture

While I am writing this dissertation, the devils are into my back and my rib cage connected to my breast and digging from my back bone to my breast. They know exactly here to dig, so that I feel the discomfort and pain, and they use more and more power, so I can feel the digging sensation. They also have a pain measurement that they use, so they know how much pain I am feeling. The devils put my brain to sleep, and I cannot keep my eyes open to think and to write. They put pinching tools to pinch my breast nipples, and they go into my hearing and they put themselves into my hearing and put many devil things into my ears. They reduced themselves to small grains and they are on my legs and stinging me. When my knowing connects to the sting on my body, and I reach the spot, I can feel the small grains on my leg or any part of my body they are on. Sometimes I feel the sting behind my ears or on my face, and when I reach the spot, it is a small grain that I know is the devils. I try to write and to explain what you should know in the best ways that I can under these terror and horror every day in my life. These terrors on me are ordered by the US Federal Governments. These devils put themselves on the keyboard mouse, so it is heavy and can barely move. They interrupt the internet connection and they create problem with the computer softwares. Sometimes, when they put my brain to sleep and I have to get away from the computer, they put a heavy weight on my brain, so I have to sleep.

When they put me to sleep in this way, sometimes I cannot get up because there is a heavy weight on my body, and I am aware that I AM awake, but I cannot get up. This is similar to the death weight they put on our body when they pronounce us dead, and we cannot move or get up no matter how we try. They use the army and the military to connect to the sychodelic defibrillator and the sychodelic weight, so they can overpower our body instinct and our body movement. They use the incandescent covering, and they use many other connections of power to force us not to move, and we cannot do anything about it, as these weights are in the real. The only thing to do is to put the Ucalyptus oil on our bodies often. Pour a little ucalyptus in our ears (you will feel it in your eyes) depending on how severe the situation is, or rub the oil into our ear, drink the cerasee tea or juice, put the juice or oil on our skin, use the Jackannabush to rub and drink, and use the Epsom salt in your bath and in the living areas to protect from the devils. All the use of these protections need time that we do not have, and so it is important for the time to change and for us to have 8-day week and the right ticking of our clock from left to right.

The American Leaders

In our Envia (areas) today, the Americans have taken leadership over the stolen parts of my Earths. They put themselves in MY Place, so they order other States to do as they say, or they are ruined and Propagandad. The American leeders have their Allies or friends they can pick for different events. The Americans have many military bases all over these stolen State areas. The American military and Army they insurrect (instigate terrors) and are at the beck and call of the leeders. The American leeders they tell the other States/Countries when it is time to mix up the peoples. The inset devils like to mix everyone up every now and again. When the Envia is stable and doing good, the American leeders do not like it, so they tell the other devel leeders it is time to mix up and then the leeders would say no, and they know they will be ruined one way or the other. Then the American leeder gets their allies and plant many lies, and then they say it is the leeders in the other States doing the wicked things they are not to do, so they have to stop them. Then the American leeders go in with others and destroy the other States/Countries so they become unstable.

They devel man leeders destroy my children houses, buildings, communities, and sights that are sometimes stronger and better than America homes that are made of wood and paper. My children living in these war and terror Envias have to find ways to escape and becomes refugees looking for new areas to live and seeking food, clothing, water, physical care and in need of help. Many States/countries do not want to take them in, so they are left stranded to die by the wayside or put in military camps. These terror and horror has been going on for many centuries in these stolen parts of my Earths captured by the devel insects. The leeders of those States/countries America is terroring have to go into hiding or be killed.

The Army is the devels themselves and they have the long arms that can reach and extend anywhere to kill and destroy. They can even take airplanes out of the skies and make airplanes crash, and no one will know they did it. I have esperienced the Army taking airplane out of the sky. If the other State is not doing what America orders and has little protection, America uses the Army long of the Law to do what it wants to destroy and to make their orders known.

In America, the devel leeders make poisonous weapons that they use on my children in America, in many other parts of these stolen Earths, outside these Earths, and anywhere they want. I have esperienced many of these poisonous weapons by America since 2013 while they terrorred and destroyed me. America makes many poisons they test and uses on us anywhere we are, even if we are traveling overseas in other areas. Some of the other States/countries make poisonous weapons to be used against America, if America enters their areas to take over or to destroy. Therefore, America squeals and make many propaganda statements about the others devel leeders they fear to destroy them, so that we are deceived by what America says. Many of my children look to America for help, but they do not know that it is America destroying them and causing them to have lack. America has taken over from the British in leeding and ruining my children, my Earths, my Chreations, and my Esistences.

A mother provides for her children, and I have provided my Earths and all that is in it for them. My children are to live in goodness, happiness, prosperousness, and harmoniousness, and they have not been living in these formats. The devel insects bore through thick walls and then kill, destroy, terror, take over, and have ruined my Earths Cheations and my children. Hunger, wars, terrors, destructions, lack, killings, hardships, destitution, disasters, prisons, sentencing, diseases, sickness, germs, and pain are from the devel State/country leeders we have, who hold on to what is ours and what does not belong to them. The devels like power and for others to ask them for what are rightfully theirs; so, they put oppression and suppression in our lives to cause us to experience pain, fear, anxiety, and hopelessness that must never ever ever ever ever happen. We must get our allowances and everything as I command including our homes, make our own money, and for my children to live in the right and proper format without devel insurrections by these governments and military devels. My children are living in oppression, suppression, and depression because of the governments who take all that belong to my children. My heart pains to know my children live in deprave ways, and I weep for them.

Some reported incidents regarding some of the devel insect man leeders activities in our States/Countries are published by various News below: Now let us see what man leedership is all about!

United States, France, & Britain Launch Military Strikes in Syria in Response to Chemical Attack

April 14, 2018 Source: Associated Press

The United States, France and Britain together launched military strikes in Syria to punish President Bashar Assad for a suspected chemical attack against civilians and to deter him from doing it again, President Donald Trump announced Friday. Explosions lit up the skies over Damascus, the Syrian capital, as Trump announced the airstrikes from the White House. Syrian television reported that Syrian air defenses have responded to the attack.

Trump said the U.S. is prepared to “sustain” pressure on Assad until he ends what the president called a criminal pattern of killing his own people with internationally banned chemical weapons. It was not immediately clear whether Trump meant the allied military operation would extend beyond an initial nighttime round of missile strikes.

Trump did not provide details on the joint U.S.-British-French attack, but it was expected to include barrages of cruise missiles launched from outside Syrian airspace. He described the main aim as establishing “a strong deterrent” against chemical weapons use. The Syrian government has repeatedly denied any use of banned weapons.

EU summit to focus on lowering Mediterranean immigration - WORLD NEWS JUNE 29, 2018 / 2:34 PM
BY Gabriela Baczynska

LUXEMBOURG (Reuters) - European Union leaders meeting over migration later this week will agree to further tighten their external borders, give more support to Libya and look at creating “disembarkation” centres outside of their territory for people who arrive by sea. Migrants, part of a group intercepted aboard dinghies off the coast in the Mediterranean Sea, stand in a queue after arriving on a rescue boat at the port of Motril, southern Spain, June 25, 2018. REUTERS/Jon Nazca

But a draft of their statement showed no agreement on distributing asylum seekers around the bloc, a measure strongly opposed by eastern European countries. With anti-immigration politicians raising the stakes in EU countries from Germany and Austria to Italy and Hungary, the bloc is seeking more ways to curb Mediterranean arrivals. Arrivals have already dropped to some 43,000 refugees and migrants so far this year from a peak of more than a million in 2015, according to U.N. data. But the related political crisis is still high inside the EU.

“A precondition for a functioning EU policy on migration is effective control of the external borders,” the leaders will agree during their talks in Brussels on Thursday and Friday, according to the latest draft of their joint statement.

To that end, they will seek to beef up the European Border and Coast Guard by giving it more resources and a stronger mandate. They will also assign more funds to Libya, including for training its coast guards, and other countries in Northern Africa. EU states Italy, Greece and Spain, where most migrants arrive, will also get more support, said the document, reviewed by Reuters.

The bloc will try to step up deportations of failed asylum seekers and expand the EU-financed programmes for voluntary returns from Libya to further south in Africa that U.N. agencies are carrying out.

The leaders will seek a migration deal with Morocco and look into setting up “regional disembarkation platforms” outside of the EU where the bloc would assess asylum claims and hold those whose requests fail before they are sent back. “Such platforms should allow for rapid and secure processing to distinguish between economic migrants and those in need of international protection, in full respect of international law and without creating a pull factor,” the document said.

The EU will agree to spend another 3 billion on Syrian refugees in Turkey, with a third of the sum coming from member states directly and the rest from the bloc’s joint coffers. Funds for Turkey helped convince Ankara to shut the main route used by more than one million migrants and refugees in 2015.

In a bid to address an ultimatum by German Chancellor Angela Merkel’s junior coalition partner, the EU summit will look at “secondary movements” of asylum seekers across the bloc. EU rules require asylum seekers to remain in the country where they first apply, but in practice this has proven impossible to enforce in the bloc’s border-free Schengen zone.

“Member States should take all necessary internal legislative and administrative measures to counter such movements and to closely cooperate amongst each other to this end,” the 28 leaders will say.

But, since they failed to agree on how to work together to restrict such movements, Merkel said after an emergency meeting of sixteen EU leaders on migration on Sunday that Berlin would seek bilateral accords to that end. Plans to redistribute asylum seekers across the EU have been blocked by nationalist governments in former communist eastern states, which portray such plans as an existential threat even though they have been asked to accept relatively tiny numbers. Hungary’s foreign minister Peter Szijjarto said the summit was unlikely to produce a meaningful agreement: “We are more and more who represent a rational position on migration for sure but I’m not quite sure there is going to be any agreement,” Szijjarto told Reuters following a speech in London.

Rohingya Refugees in Bangladesh Camps Await New Danger: Rain

The Rohingya (Berma) refugees who fled Myanmar during a brutal military crackdown now face a new danger: rain.

KUTUPALONG, Bangladesh (AP) — The Rohingya refugees have escaped soldiers and gunfire. They have escaped mobs that stormed through their villages, killing and raping and burning. They have fled Myanmar, their homeland, to find shelter in sprawling refugee camps in neighboring Bangladesh.

Now there's a new danger: rain.

The annual monsoon will soon sweep through the immense camps where some 700,000 Rohingya Muslims have lived since last year, when they poured across the border in search of safety. The clusters of bamboo and plastic huts, built along endless waves of steep hills, are now facing a deluge that, in an average year, dumps anywhere from 40 to 60 centimeters (16 to 24 inches) of rain per month.

"I will not be able to light a fire. The wells will flood and I won't be able to get water. The outhouses will be destroyed. The house might also break down," sobbed Rahana Khatun, 45, who fled Myanmar last year with her husband and five children. "What will happen to us then?"

"I have fled my country. I am grateful to Allah for the little I have here in Bangladesh," she said. "But now the rains are coming and I am so worried!" Government authorities and aid agencies have warned of a catastrophe if there are heavy rains this year. The monsoon usually reaches Bangladesh in April and reaches its peak between June and August, bringing almost daily downpours. Occasional rains have already hit the camps this year, with the full monsoon expected in the coming weeks. Aid agencies are now pre-positioning supplies across the camps, since flooding could easily block paths to food, water and medical care. With most of the area's

foliage long gone, stripped away by refugees looking for firewood, little natural protection remains against mudslides.

The early rains have already loosened the dirt on steep hillsides, and tons of earth has shifted in some places. While a handful of people have been relocated, most remain at risk. "There are no more trees, no more roots, so there could be massive landslides, burying people that live at the bottom of the hills" and carrying away those who live on hilltops, said UNICEF spokesman Benjamin Steinlechner. "So that is the major risk."

An even bigger worry is cyclones forming in the nearby Bay of Bengal. Cyclones used to regularly kill thousands in Bangladesh, with the storms sweeping through low-lying areas and devastating everything in their path. The country has made remarkable progress against the storms over last few decades, installing networks of warning systems and fortified shelters. But there are no reinforced shelters in the camps.

The Bangladesh Red Crescent Society estimates that at least 100,000 refugees will be exposed to extreme dangers during the monsoon. "If there is a cyclone, there really is not much more we can do," said Steinlechner. "People will be blown away, houses will be blown away. That's the risk everybody in the camp is facing right now."

"We are reaching out to the people right now to make sure that they know where to go in case they find themselves in an emergency situation," he said.

Military bases eyed for temporary shelter for growing number of migrant children

By Doug Stanglin, USA TODAY Published 8:32 a.m. ET June 13, 2018 | Updated 4:34 p.m. ET June 17, 2018

The Trump administration is evaluating military bases around Texas as possible sites for additional temporary shelter for the growing number of migrant children separated from parents, according to the Department of Health and Human Services. While the HHS' Administration for Children and Families confirms a need for more "temporary shelters for unaccompanied alien children," the McClatchy news service says officials are considering erecting "tent cities" for between 1,000 and 5,000 children at a military facility.

In the coming weeks, officials will be evaluating Fort Bliss Army base near El Paso as a potential site, along with Dyess Air Force Base in Abilene and Goodfellow AFB in San Angelo. HHS says its Office of Refugee Resettlement, which is responsible for caring for minors who are in the country illegally without parent or guardian, routinely evaluates its needs and capacity for an existing network of some 100 shelters in 14 states. "Additional properties with existing infrastructure are routinely being identified and evaluated by federal agencies as potential locations for temporary sheltering," according to the ACF.

'Why are you taking him?': Trauma lingers from 'zero tolerance' immigration policy that separates parents, kids

The resettlement office is responsible for looking after more than 11,200 migrant children being held without a parent or guardian. The existing shelters are now 95% full, according to McClatchy. The number of migrant children held in U.S. government custody without their parents has increased more than 20 percent as a result of a new "zero-tolerance" policy by Attorney General Jeff Sessions and Homeland Security Secretary Kirstjen Nielsen. That policy directs the Border Patrol to refer all people caught crossing the border illegally for criminal prosecution, regardless of their situation.

As a result, children traveling with parents caught at the border are forcibly removed and placed into government care while their parents face criminal charges in court. Tens of thousands of unaccompanied children and families have been taken into custody since 2014, when a surge of Salvadoran, Honduran and Guatemalan mothers and children crossed into the U.S., fleeing violence and poverty.

The unaccompanied children are generally turned over to family or held in an HHS shelter, such as a detention center or tent city. Now, children who arrive with their parents are also being separated from them and sent to HHS shelters or sponsor families, leading to the problem of overcrowding.

How Trump Came to Enforce a Practice of Separating Migrant Families - June 16, 2018

WASHINGTON — Almost immediately after President Trump took office, his administration began weighing what for years had been regarded as the nuclear option in the effort to discourage immigrants from unlawfully entering the United States.

Children would be separated from their parents if the families had been apprehended entering the country illegally, John F. Kelly, then the homeland security secretary, said in March 2017, “in order to deter more movement along this terribly dangerous network.”

Children taken at the US/Mexico border in detention centers

Last month, facing a sharp uptick in illegal border crossings, Mr. Trump ordered a new effort to criminally prosecute anyone who crossed the border unlawfully — with few exceptions for parents traveling with their minor children.

And now Mr. Trump faces the consequences. With thousands of children detained in makeshift shelters, his spokesmen this past week had to deny accusations that the administration was acting like Nazis. Even evangelical supporters like Franklin Graham said its policy was “disgraceful.”

“This is not a zero tolerance policy, this is a zero humanity policy, and we can’t let it go on,” said Senator Jeff Merkley, Democrat of Oregon.

“Ripping children out of their parents’ arms to inflict harm on the child to influence the parents,” he added, “is unacceptable.”

Beyond those moral objections, Jeh C. Johnson, who as secretary of homeland security was the point man for the Obama administration’s own struggles with illegal immigration, argued that deterrence, in and of itself, is neither practical nor a long-term solution to the problem.

US, France, Britain launch strikes on Syria

DAMASCUS: The United States, Britain and France carried out a wave of strikes against Bashar al-Assad’s Syrian regime on Saturday in response to alleged chemical weapons attacks that President Donald Trump branded the “crimes of a monster.”

As Trump embarked on a White House address to announce the action—taken in defiance of Russian warnings—explosions were heard in the Syrian capital Damascus, signalling a new chapter in a brutal seven-year-old civil war.

An AFP correspondent in the city heard consecutive blasts at 4:00 am (0100 GMT), followed by the sound of airplanes overhead. Smoke could be seen rising from the northern and eastern edges of the capital. After dawn, Syrians draped in government flags descended on the heart of the capital in a show of defiance against the strikes.

Trump said he had ordered US forces to launch precision strikes “on targets associated with the chemical weapons capabilities of Syrian dictator Bashar al-Assad.” He said a combined operation had been launched with the forces of Britain and France, whose leaders have rallied behind Trump’s call for a response to an alleged chemical attack on the town of Douma a week ago that rescuers and monitors say killed more than 40 people.

Syrian state media said air defences were activated to block the attack and published images of smoke clouds hanging over the capital. At the rally in central Damascus, 48-year-old Nedher Hammoud claimed to have seen US missiles “being shot down like flies”.

“Let them do what they want, kill who they want... History will record that Syria shot down missiles—and not just missiles. It shot down American arrogance.”

Syrian refugee crisis: All your questions answered

More than five million people have fled Syria since the conflict began, and half of them are children. Diana Al Rifai | 25 May 2017 10:29 GMT | Syrian Refugees, Syria's Civil War, Middle East

The Syrian refugee crisis remains one of the largest humanitarian crises since the end of World War II. The number of refugees who have fled the country now exceeds five million, including more than 2.4 million children, and millions more have been displaced internally, according to the United Nations. Syrians have poured across their borders since anti-government protests in 2011 spiralled into a full-blown war between rebels, government troops and foreign backers.

The first three months of 2017 saw more than 250,000 additional Syrians register as refugees, bringing the total to 5.1 million, according to the UN's refugee agency, UNHCR. "It's not about the number, it's about the people," UNHCR spokesman Babar Baloch said, noting that the conflict has now lasted longer than World War II. "We're trying to look for understanding, solidarity and humanity." Turkey continues to host the highest number of displaced Syrians, at nearly three million, with an increase of 47,000 since February, Baloch said.

When is a person considered a refugee?

Refugees are persons forced to leave their homes and countries because their lives and freedoms are in danger. But this definition has been broadened to cover persons who are forced to leave

their countries because of widespread violence, war and foreign occupation that has put their lives at risk in their home countries. The reason for leaving one's country is considered as the main factor in distinguishing refugees from migrants.

Iraq: Militia Attacks Destroy Villages, Displace Thousands Serious Abuses During Fight Against ISIS March 18, 2015 12:00AM EDT

(New York) – Militias, volunteer fighters, and Iraqi security forces engaged in deliberate destruction of civilian property after these forces, following US and Iraqi air strikes, forced the retreat of Islamic State fighters (also known as ISIS) from the town of Amerli and surrounding areas in early September 2014, Human Rights Watch said in a report released today. The Iraqi government should rein in the militias and countries participating in the fight against ISIS, including the United States and Iran, should ensure military operations and other related support in the fight against ISIS are not paving the way for such abuses.

The 31-page report, “After Liberation Came Destruction: Iraqi Militias and the Aftermath of Amerli,” documents, through field visits, analysis of satellite imagery, interviews with victims and witnesses, and review of photo and video evidence, that militias looted property of Sunni civilians who had fled fighting, burned their homes and businesses, and destroyed at least two entire villages. The actions violated the laws of war. Human Rights Watch also documented the abduction of 11 men during the operation, in September and October.

“Iraq can’t win the fight against ISIS’s atrocities with attacks on civilians that violate the laws of war and fly in the face of human decency,” said Joe Stork, deputy Middle East and North Africa director. “Militia abuses are wreaking havoc among some of Iraq’s most vulnerable people and exacerbating sectarian hostilities.”

On March 2, 2015, Iraqi security forces and Shia militias launched an assault on Tikrit, the capital of Salah al-Din province, to rout ISIS from the area. Tikrit was the scene of a massacre of at least 1,000 Iraqi soldiers by ISIS last June.

Following the operations to end the siege, militias, volunteer fighters, and Iraqi security forces raided Sunni villages and neighborhoods around Amerli in Salah al-Din and Kirkuk provinces. Many were villages that ISIS had passed through and in some cases used as bases. Militias appear to have planned at least some of the attacks in advance, raising questions as to whether government political and military bodies that oversee the militias are responsible for planning the attacks.

Elsewhere in Iraq and in Syria, Human Rights Watch has documented serious abuses and war crimes by al-Qaeda and later ISIS, that most likely amount to crimes against humanity. Twenty-four witnesses, including Peshmerga officers and local sheikhs, told Human Rights Watch they saw militias looting villages around Amerli after the offensive against ISIS ended

and just before militias destroyed homes in the town. They said they saw militiamen taking items of value – such as refrigerators, televisions, clothing, and even electrical wiring – out of homes, then setting the houses on fire.

Residents told Human Rights Watch that the militias, whose vehicles and insignias identified them as including the Badr Brigades, Asa’ib Ahl al-Haqq, Kita’ib Hezbollah, and Saraya Tala’a al-Khorasani, destroyed, in part or entirely, numerous villages between the towns of al-Khales, in southern Diyala province, and Amerli, about 50 kilometers north. Officers of the Kurdish Peshmerga forces that joined the government in the Amerli operation told Human Rights Watch they saw 47 villages in which militias had destroyed and ransacked homes, businesses, mosques, and public buildings.

Satellite imagery analyzed by Human Rights Watch corroborated witness accounts. The imagery showed that most of the damage resulted from arson and intentional building demolition inflicted after militias and security forces had lifted the Amerli siege and ISIS had fled the area, between early September and mid-November.

Human Rights Watch did not document reports of killings of civilians in this operation but has documented allegations of militia killings and other abuses in numerous other areas of Iraq in several reports in 2013 and 2014. Media reports of militia abuses during the course of fighting increased dramatically in late 2014 and 2015. On February 17, the Shia cleric Muqtada al-Sadr condemned militia abuses and announced a freeze of the activities of the two militias he oversees, Youm al-Mawoud and Saraya al-Salam, that had also been fighting against ISIS. <https://www.hrw.org/news/2015/03/18/iraq-militia-attacks-destroy-villages-displace-thousands>

Iraq, US, Iraq 2003 invasion, chemical weapons, war, US occupation of Iraq

A boy cries as displaced Iraqis flee their homes in Mosul, Iraq in May 2017 (Reuters)

Iraq War-torn buildings

Destruction of Iraq homes and village

The United States waged a two-decade war against Iraq, causing the deaths of 1.7 million civilians - half of whom were children. It did this with crippling sanctions during the 1990s, before ruining Iraqi civil society with its illegal 2003 invasion, which took hundreds of thousands more lives, unleashing a sectarian civil war and giving birth to the self-proclaimed Islamic State (IS). But this tells you only part of the nightmare that the US has inflicted upon the people of Iraq.

The US occupation has also been accused of causing an "alarming" increase in the number of cases of cancer, leukemia and congenital birth anomalies due to the US army's use of chemical weapons and dumping of toxic waste, including depleted uranium, into the soil and waterways.

This not only poses an existential threat to those alive today, but also to future generations of Iraqis, as the remaining traces of depleted uranium "will remain radioactive for more than 4.5 billion years".

All of this human suffering comes courtesy of a US government that falsified, manipulated and massaged "intelligence" on behalf of a handful of DC neo-conservatives who had been actively seeking a pretence to invade Iraq since the late 1990s so that they could launch their deranged project to remake the world in America's image. This war of choice has cost US taxpayers more than \$2 trillion and the lives of nearly 5,000 US soldiers, not to mention the tens of thousands of others suffering from debilitating physical or mental injuries.

United States invasion of Afghanistan

Afghanistan destroyed house in community

The United States of America invasion of Afghanistan occurred after the September 11 attacks in late 2001, supported by close allies. The conflict is also known as the U.S. war in Afghanistan. Its public aims were to dismantle al-Qaeda, and to deny it a safe base of operations in Afghanistan by removing the Taliban from power. The United Kingdom was a key ally of the United States, offering support for military action from the start of preparations for the invasion. It followed the Afghan Civil War's 1996–2001 phase between the Taliban and the Northern Alliance groups, although the Taliban controlled 90% of the country by 2001.

U.S. President George W. Bush demanded that the Taliban hand over Osama bin Laden and expel al-Qaeda; bin Laden had already been wanted by the FBI since 1998. The Taliban declined to extradite him unless given what they deemed convincing evidence of his involvement in the 9/11 attacks and ignored demands to shut down terrorist bases and hand over other terrorist suspects apart from bin Laden. The request was dismissed by the U.S. as a meaningless delaying tactic and it launched Operation Enduring Freedom on 7 October 2001 with the United

Kingdom. The two were later joined by other forces, including the Northern Alliance troops on the ground. The U.S. and its allies rapidly drove the Taliban from power by 17 December 2001, and built military bases near major cities across the country. Most al-Qaeda and Taliban members were not captured, escaping to neighboring Pakistan or retreating to rural or remote mountainous regions during the Battle of Tora Bora.

On 14 September 2001, Congress passed legislation titled Authorization for Use of Military Force Against Terrorists, which was signed on 18 September 2001 by President Bush. It authorized the use of U.S. Armed Forces against those responsible for the 9/11 attacks and those who harbored them.

Article 2(4) of the United Nations Charter, to which all Coalition countries are signatories and for which its ratification by the U.S. makes it the "law of the land", prohibits the 'threat or use of force against the territorial integrity or political independence of any state' except in circumstances where a competent organ of the UN (e.g. the Security Council) has authorized it, or where it is in self-defence under article 51 of the Charter. Although the United Nations Security Council (UNSC) did not authorize the U.S.-led military campaign, it was widely (although not universally) perceived to be a legitimate form of self-defence under the UN Charter.^{https://en.wikipedia.org/wiki/September_11_attacks}

US bomb blunder kills 30 at Afghan Wedding - Mon 1 Jul 2002 21.23 EDT

Pentagon admits one of its bombs was 'errant'. American military officials were last night trying to explain one of their worst blunders during the nine-month war in Afghanistan after a US plane mistakenly targeted a house full of wedding guests, killing at least 30 of them. The bombing happened at 1am yesterday in a village in the rugged and mountainous central region of Oruzgan, 105 miles north of the southern city of Kandahar.

Survivors of the attack said several guests had just fired their Kalashnikovs into the air, as is traditional in Pashtun wedding ceremonies. A US air patrol over-head wrongly concluded it was coming under fire and responded with devastating force. An AC-130 helicopter gun-ship and B-52 bomber blasted the scene, leaving scores of people dead - among them women and children - and at least 40 injured.

Pentagon officials last night conceded that at least one bomb dropped on the village of Kakarak was "errant". But their initial response was confused and they were unable to explain why the pilots had failed to establish whom they were attacking in a region clearly abandoned by Taliban and al-Qaida fighters several months ago.

The incident is deeply embarrassing for the American military, which has so far had little success in fulfilling its initial war aim of hunting down Osama bin Laden. Most senior Taliban figures together with remnants of al-Qaida decamped to Pakistan's tribal regions late last year, intelligence sources believe.

American warplanes have made several other grievous errors during their war in Afghanistan - but are not believed to have killed so many civilians at a single stroke.

According to local Afghans, 11 members of a wedding party were killed in a similar incident in May in the village of Balkhiel, 30 miles north of the town of Khost. The guests were bombed after celebrating by firing into the air. US officials later insisted their planes had come under enemy attack.

The village of Hazar Qadam wrongly bombed in January is also in Oruzgan. Some 16 innocent people were killed and 27 captured. The 27 were later released after US officials admitted their mistake and allowed them to return home.

In April four Canadian soldiers died when a US fighter bombed them by mistake during a training exercise. And last December planes bombed a convoy from the eastern town of Khost, killing a group of tribal elders travelling to Kabul for Hamid Karzai's inauguration as interim leader. USA School Killings and Terrors in 2018

The Republicans have put themselves as leaders over my children in all these stolen areas. The American leader, Donald Trump want his name to go down as making changes or making an impact with Terror. The American Leaders are using the Military and Army to create terrors in the Schools, so that Donald Trump has a reason to put guns in the schools. How can more gun prevent guns from being used? From what these stolen areas have been experiencing, more guns will cause more killings, and an increase in others using guns. Many of the shooters are devel plastic insects.

The other shooters are real persons being led by the military/army or others of the devel kinds including the police and the secret service to do harm and to destroy the real person's life. While the army/military/others are leeding other persons to kill and destroy, the persons cannot stop what these devels are doing to them, as their brain are being controlled by the devels with many instruments and many saucer powers to destroy and to delude. No GUNS in School or anywhere in this Earth and all Esistences.

Donald Trump is now using the same tactics as the Republican, Georg W. Bush did with the September 11, 2001 bombings in New York, Pennsylvania, and Washington DC. Then they put in the Department of Homeland Security and Transportation Security Administrations that are both original devels to take control, and they are the Destroyers and the September 11 airplane bombers of my children and my properties.

Below are some of the 2018 Terror and Horror that we have experienced, that must never ever ever ever ever happen.

Florida school shooting: at least 17 people dead on 'horrific, horrific day'

Anxious family members await news of their loved ones

Seventeen people were confirmed dead as the United States endured another horrifying school shooting at the hands of a teenage gunman armed with an AR-15 assault rifle. Twelve people died inside Marjory Stoneman Douglas high school in Parkland, Florida. Two died just outside the building, one died in a nearby street and two victims died in hospital, a Broward County sheriff confirmed.

After initial reports of a shooter, officers surrounded the campus, directing the evacuation of hundreds of students from the scene, while other teens hid inside closets and under desks to stay safe. Students later told reporters that they at first thought alarms in the school were a fire drill, until they heard gunshots in the hallways.

A 15-year-old student who did not want to be named told the Guardian he had been in the same building where the gunman opened fire. “I heard three gunshots,” the student said. “And then some more down the corridor. “We shut our classroom door and stood to the side of it so we wouldn’t be seen. Twenty minutes later the police broke in through the glass. I was terrified.”

The Telegraph of the United Kingdom reported that:
Florida shooting suspect Nikolas Cruz was member of school’s rifle team and described as a ‘very good shot’

The suspect in the Florida school shooting, was a member of the school’s rifle team and represented it in marksmanship competitions. The 19-year-old was described as “very good shot” by members of the Army Junior Reserve Officer Training Corps (JROTC) programme at Marjory Stoneman Douglas High School.

Members of the school’s JROTC recounted troubling signs in the shooter’s behaviour and also his mother’s hopes that the military-sponsored programme could teach her son “discipline”. Cruz has been charged with multiple counts of murder after allegedly walking into the school, in the affluent Miami suburb of Parkland, and shooting dead 17 people. He was wearing a maroon shirt with the logo from the Army Junior Reserve Officer Training Corps programme at Marjory Stoneman Douglas High School when he was arrested Wednesday shortly after the shooting. The JROTC marksmanship programme, which receives funding from the NRA [National Rifle Association] gun lobby, used air rifles special-made for target shooting, typically on indoor ranges at targets the size of a coin.

Former JROTC cadets told The Associated Press that Cruz was a member of the small varsity marksmanship team that trained together after class and traveled to other schools to compete. It was a close-knit group, with one of the other cadets started calling Cruz “Wolf,” and the nickname stuck. “He was a very good shot,” said Aaron Diener, 20, who gave Cruz a ride to shooting competitions when they were part of the same four-member team in 2016.

Toronto Van Attack Suspect Expressed Anger at Women April 24, 2018 - As published by the New York Times

TORONTO — The man identified as the van driver who traumatized Toronto was a socially troubled computer studies graduate who posted a hostile message toward women on Facebook moments before his deadly rampage, according to accounts by the police and his acquaintances on Tuesday.

While the police did not disclose a motive for the rampage, interviews with former acquaintances of Mr. Minassian, witnesses and others, and his now-deleted Facebook account, portray a troubled young man who harbored resentments toward women, had a penchant for computer programming, served briefly in the military last year, and appeared determined to die.

Russia fire: Children killed in Kemerovo Shopping Center Blaze

MOSCOW — With anger, sadness, and confusion, Russians struggled to come to grips Monday with a shocking failure of fire safety that allowed a blaze to storm through a crowded shopping center in the Siberian city of Kemerovo, killing 64 people on March 26, 2018. An entire class of schoolchildren apparently died in Sunday’s fire, some having had the chance to make desperate, futile phone calls to parents or relatives before succumbing to the smoke and flames.

The fire broke out Sunday afternoon, the first day of a week-long school break. A class from a school in the small town of Treshchevsky had traveled to Kemerovo to see a movie at the Winter

Cherry mall, eat ice cream and jump on a trampoline. On Monday, parents of the students visited hospitals hoping to find their children. The director of the school, Pavel Orynsky, broke down while describing the students on camera.

A woman named Yevgenia told the newspaper Komsomolskaya Pravda that her niece Vika called her at 4:11 — right after the fire broke out — from the movie theater where so many of the children from Treshchevsky found themselves trapped. “She told me that everything was on fire, that all the doors were blocked,” Yevgenia said, struggling to overcome her tears. Vika told Yevgenia over the phone that she couldn’t breathe. “I told her: Vika, take off all your clothes, take them to your nose and breathe through them.” “Please tell Mom that I loved her,” Vika replied, “Please tell everyone that I loved them.” That was the last Yevgenia heard from her niece.

An interview with Alexander Lillevyali published by Meduza, an independent outlet, recounted his attempts to save his daughters from the burning theater while first responders geared up and struggled to commit to a single course of action. “They took three minutes — three f---ing minutes! — to put on their masks,” Lillevyali said, with tears in his eyes.

The firefighters initially followed him to the staircase leading to the theater, he said, but they were redirected by a man who told them of another fire. He then begged them to give him a mask so he could return to the theater and save the girls himself. “They told me: Can’t do it. Everything has to be according to regulations,” Lillevyali recalled. “My girls were left to burn because of the g-----m regulations.”

Emergency services officials put the death toll at 64 on Monday, but local media reports suggest that many more may still be missing. As of Monday evening, authorities said 23 of the dead had been identified. Fifty-two people required medical attention, and at least 12 of them were hospitalized. Farmers Commit Suicide While Nirav Modi, Vijay Mallya Looting Bank's Money': SC Agrees to Hear PIL on Friday

BY REETI GARG FEBRUARY 20, 2018

Updated:February 20, 2018, 12:05 PM IST

New Delhi, India:

A Public Interest Litigation (PIL), presented before the Supreme Court for urgent hearing, by Vineet Dhanda, will be heard by the Chief Justice of India, Deepak Mishra, on Friday. The PIL seeks justice against the Central government on behalf of Indian citizens and Indian farmers who it says are either forced to commit suicide or bear the wrath of the bank officials if they are unable to pay back the loan whereas banks fail to do anything against big scammers like Vijay Mallya, Ketan Parekh, Harshad Mehta and now Nirav Modi.

According to the PIL, the big scammers manage to flee the country due to their influences and contacts in the political corridors and their bad debts are born by the common man as increased taxes. PIL has requested the Supreme Court to order the central government to bring back the defaulters and take necessary action against them. <https://www.badlegaindia.net/farmers-commit-suicide-nirav-modi-vijay-mallya-looting-banks-money-sc-agrees-hear-pil-friday/>

Why India's cotton farmers are killing themselves

By Sugam Pokharel, CNN Updated 8:40 AM ET, Mon April 20, 2015

Vidarbha, India (CNN)Yogita Kanhaiya is expecting a baby soon. She already has a two-year-old son. Her husband, Moreshwor, a cotton farmer, won't be around to see his children grown up. He committed suicide early in the pregnancy. Eight years back, Yogita's father-in-law, also a cotton farmer, took his own life.

"He was in so much debt," 25-year-old Yogita said of her late husband. "He wasn't getting any money from cotton. He chose death over distress."

It's a familiar story in families across Western India's cotton production belt, where, a cotton lobbyist group claims, one cotton farmer commits suicide every eight hours.

"We get reports of two to three farmer suicides every day," said Kishor Tiwari, leader of the farmers advocacy group, Vidarbha Jan Andolan Samiti (VJAS).

Just days away from her baby's birth, Kanhaiya said she worries about how she's going to feed her family.

"I have to pay the loan back both to bank and private money lenders. I have no clue how I will pay the debt. Once the baby is born, I will look for work. I will have to do labor jobs all my life to pay the loan," she said, despair in her voice. <https://www.cnn.com/2015/04/19/asia/india-cotton-farmers-suicide/index.html>

The US and China are in talks to try to avoid a trade war

by Jethro Mullen @CNMMoney March 26, 2018: 8:06 AM ET

President Donald Trump ramped up tensions last week by ordering tariffs on about \$50 billion worth of Chinese goods just weeks after announcing of sanctions on steel and aluminum imports. Beijing has responded with plans to target \$3 billion worth of US products and warnings that it's ready to inflict more pain.

The moves have fueled fears that the situation could escalate into a full-blown trade war between the world's two largest economies. But Treasury Secretary Steven Mnuchin said Sunday that he's been talking to Chinese officials in an effort to prevent that.

"We're not afraid of a trade war, but that's not our objective," he said in an interview on Fox News. "We are going to proceed with our tariffs ... we're also working on investment restrictions," Mnuchin said. "But we are simultaneously having negotiations with the Chinese to see if we can reach an agreement."

China minister says trade war with US would be 'disaster'

Published 6:54 AM ET Sun, 11 March 2018

- "There are no winners in a trade war, and it would bring disaster to our two countries as well as the rest of the world," Minister of Commerce Zhong Shan said.
- Chinese leaders have threatened in the past to retaliate against raised trade barriers, but have yet to take direct action following Trump's announcement.
-

China said Sunday that it will not initiate a trade war with the United States, but vowed to defend its national interests in the face of growing American protectionism.

"There are no winners in a trade war, and it would bring disaster to our two countries as well as the rest of the world," Minister of Commerce Zhong Shan said at a briefing on the sidelines of China's annual parliamentary session. "China does not wish to fight a trade war, nor will China initiate a trade war, but we can handle any challenge and will resolutely defend the interests of our country and our people," he said.

It was Beijing's latest statement on "problems in Sino-U.S. economic trade and cooperation," alluding to President Donald Trump's plan to impose heavy tariffs on imported steel and aluminum. The U.S. leader said Thursday that he was slapping tariffs of 25 percent on imported steel and 10 percent on aluminum, temporarily exempting big steel producers Canada and Mexico.

The Trump administration earlier approved higher tariffs on Chinese-made washing machines, solar modules and some other goods, prompting Beijing to accuse Washington of disrupting global trade regulation by taking action under U.S. law instead of through the World Trade Organization. Zhong said China would continue to "relax market access" to China and said China would also attach greater importance to intellectual property right, another point of tension with the U.S.

What is a trade war? And why is Trump targeting China? USA TODAY NETWORK Sean Rossman, USA TODAY Published 11:26 a.m. ET April 6, 2018 | Updated 2:08 p.m. ET April 6, 2018

Donald Trump – President of the America (US) Xi Jinping – President of China

A trade war is a back-and-forth dispute wherein a country imposes tariffs on certain imports in order to restrict trade, reports CNN. In response, the country or countries affected by those tariffs impose their own fees on imports. Put simply, tariffs are fees or taxes assessed on certain products when imported into a country.

In the case of the China-U.S. squabble, Trump imposed aluminum and steel tariffs in early March in order to protect those American industries. He then announced 25% tariffs on \$50 billion to \$60 billion in Chinese exports to the U.S., including aerospace, information and communication technology, and machinery. On Monday, China placed fees on a wide range of U.S. products, including scrap aluminum, sparkling wine and apples. Trump then promised tariffs on about 1,300 Chinese products. Hours later, China came out with more tariffs, this time taking aim at Boeing planes. On Thursday, Trump was entertaining the idea of another \$100 billion in tariffs.

Donald Trump tweeted Wednesday

“We are not in a trade war with China, that war was lost many years ago by the foolish, or incompetent, people who represented the U.S. Now we have a Trade Deficit of \$500 Billion a year, with Intellectual Property Theft of another \$300 Billion. We cannot let this continue!”

China has long been chided/rebuked for its trade practices and the White House says the purpose of the tariffs is in response to Chinese cyber and intellectual property theft of U.S. technology. CNBC reports China has a reputation for making knockoffs of designer brands while borrowing technological breakthroughs. The tariffs also aim to push back against China's demands for technology transfers from U.S. companies in return for access to China's market. *Contributing: Paul Davidson and Greg Korte*

China prepares to Strike Back as US Trade War Intensifies By Nick Beams 7 April 2018

China has responded to US President Donald Trump's threat to impose tariffs on a further \$100 billion of Chinese goods by declaring it is ready to fight a trade war. The proposed escalation was announced by Trump on Thursday in response to China's decision that it would target 106 commodities, mainly agricultural products, if the US went ahead with its plan, announced earlier this week, to hit 1,333 Chinese goods worth \$50 billion. At a briefing with reporters in Beijing yesterday evening, Chinese Commerce Ministry spokesman Gao Feng said the US move was "extremely wrong" and China was preparing to retaliate. "China is fully prepared to hit back forcefully and without hesitation," Gao said. He added that the Chinese government had put in place "detailed counter-measures" and those measures did "not exclude any options."

One option could be a decision to sell off holdings of US Treasury bonds, of which China holds almost \$1.2 trillion. It is the largest foreign holder of US debt and any significant withdrawal would send US bond yields and interest rates up, causing major turmoil in US financial markets. Bloomberg, citing highly placed but unnamed sources, reported in January that such a plan was under consideration in Chinese ruling circles. The issue was raised by US Treasury Secretary Steven Mnuchin in an interview on the business channel CNBC. He said there was a "level of risk that we could go into a trade war."

Wall Street fell sharply on Friday, with the Dow down by more than 572 points, after dropping by almost 800 points in the course of the day. In remarks yesterday, Trump said there would be "a little pain," but "we're going to have a much stronger country when we're finished, and that's what I'm all about."

As the trade war unfolds and escalates, both sides are seeking allies in the global arena, with attention focused on Europe and the European Union. Responding to questions from Bloomberg, the head of the Chinese Mission to the EU, Zhang Ming, said China and the EU "need to stand together with a clear-cut position against protectionism, and need to work with each other to uphold the rules-based multilateral trade order." The US actions went "completely against the fundamental principles of the World Trade Organisation," he said.

China has launched an action against the US under the WTO, but this will have no impact on the US administration because it regards the present system and the WTO itself as an essential cause of the US deficits. It maintains that the WTO framework cannot deal with the key question of intellectual property rights.

For its part, the US is seeking to use the earlier threat of tariffs on steel and aluminium, imposed on March 1 under “national security” provisions of a 1962 law, as a means of pressuring the EU to back it against China. The imposition of the tariffs on European products has been suspended until May 1 pending negotiations, with the US making it clear that part of the price for an exemption is EU support for its actions against China.

Burning Terror I Experience Since March 2018 to Now June 2018

My right leg has been swelling since about March 2018. Since about March to April 2018, the United States of America (USA) Secret Service and the USA Military have been using synchronic flames to burn me on my right leg and at times on the left as well. My right leg is now dried out, turned black, and is as hard as a rock. I was able to get to a doctor and the doctor has had me do many tests and the doctor cannot find what is the cause of my leg becoming dried out, blackened, and swelling. My other leg has been swelling and subsiding and swelling and subsiding as the devels try to use other types of injections and other poisons on me. It got to a point where I could not walk at all. At the same time, these devels have been going into my head with things and causing me to become dizzy and that I cannot drive, walk, or even eat food at times because I cannot help myself.

The doctor still does not know what is causing these medical and physical problems of 2018. In June, the devels military they burned down my house and my community in the Parletas Elevation, and I experienced the fire and the flame in the real and natural. I had to get out of bed and put myself in the bath to wash off and out the fires and to put blue powder on my leg to stop the fires from continuing to burning my entire body. My bed has been burned so many times during these fires and the devel go from elevation to elevation burning me in the natural and destroying other elevations. There were many explosions in my community coming from those houses that are military and it caused major calamities.

The fires have been so bad in my community that others called many leeders including Rick Scott, the Governor of Florida and Mike Pompeo, the USA Secretary of State to help, as no fire engine would help, because they are under the Federal government and have orders not to help. Pompeo asked them to help and a few fire personnel came. The fire personnel were plastics with plastic chemicals that do not work. Pompeo investigated and found that it is the Department of Homeland Security order for the military and others to put fires on me and to burn down my community. Pompeyo also investigated and saw that it was the Secretary of Homeland Security was also actively engaged in some of the fires on me, and the Homeland Security Secretary can change from a man to a woman. Pompeo also called Donald Trump and found out from Trump that the Secretary of the State was under the Department of Homeland Security, who puts themselves as the entire Earths Security while they are the “DESTROYERS” and #1 Devels.

Illegal Knowledge

Your body has all the levels and all the elevations and much more inside of it. Because you do not have your right eye sights, you cannot see and know about your body. The Department of Homeland Security, the Embassies, The Transportation Security Administration, The Consulates, the Passport Office, the Airports, the Police Stations, the Military, the Army, and others have your body information for their usages. They scan your entire body at the Airports screenings and they know and can see many things inside your body. The airport screening machines are built for the devels to get inside of them, and the biometrics are inside the machines to generate the full body scan information for them. The Embassies, Consulates, Passport Offices they look at your photograph and look through your brain especially if you have no hair in the front or you pull your hair back. When the camera is zoomed into your cells on your face, they can see right into your head with their yes, and they know your past, your now and many things to come.

At the airport, they also have you look through a camera to connect your information to the satellite and to their database. The biometrics that you look through it scans your eye sight, connects to your outside and inside self and the information is usable for them in so many, many ways that you cannot even begin to understand. Your eyes are the light for them and for them to use like a telephone, like a radio, like a library. They connect to your eyesight to the satellite, and they widen your eyesight. They use your eye sights to look into your life, so they can destroy you, terror you, kill you, and they can remove many good things to happen from your life.

Devel Possession

The devel can leed almost anyone astray. The devels will tie up our brain and prevent us from thinking. Then the devels will speak from our mouth and think with our brain they have taken possession of. Many others will hear you speak and believe it is from your own thinking and do not know it is from the devel possession that you are under. The devels will use our hand and our feet with no help from us, as they have cut out our inside, so they can put themselves into us. then they take possession or charge of us and we do not know, and no one outside can know only they are inside us, only if they have the computers to look or the eyes to see. No one can be responsible for any wrong doing that is caused by the devel leeders who are everywhere. The Devel insect leeders are also the police who do the arrest. The devels are also many of the judges in courts that convict my children when they know they are the devels and no one is to be convicted, imprisoned, or charged for wrong doing that is always devel work. **NO ONE CAN DO ANY WRONG BECAUSE THE DEVELS ESIST.**

No Man can Chreate or Make Life or Esistence or Himself

No mother would Chreate her Earths and put them in the hands of the devels. The information you have had and living by, are all devel lies, to confuse and to block your minds from knowing the truth. No mother can have her children and then abandon them to man leadership. A man does not know how to nurture adults and to cradle and to sooth babies by natural born instinct. A man learns these activities by observing a woman. All my children here in this Earth and in all my chreations, must be nurture, must be soothe, and must be cradled and never ever ever ever be treated with any type of harshness, prison, death, sentencing, terror, wars, or devel possessions. It is a woman's job to Lead over her children and her Esistences that she brings forth and not a man. A man can never become a woman, can never takes over the job of a

woman, can never ever ever ever ever lead what a woman brings forth or what a woman put-together, and can never have a child developed in their body or anywhere.
