

Kim Zachman Autographed Books Order Form

"Told in a breezy, conversational style, the book walks readers through the often surprisingly far-ranging history of folklore of favorite foods from pizza to peanut butter. A good choice for any young gourmand's bookshelf." **Kirkus Reviews**

"Accessible and engaging...A high-interest, tasty treat." **Booklist**

"This title would be a great addition to classes studying food and nutrition. Some parts can even be used in chemistry class. It would also be a great supplement when discussing how an idea or invention is created and then morphs over time, especially when the impact of a changing culture is considered." **School Library Connection**
