The New-Age is evolving

Planet Earth **1GOD's** favorite Creation has been ravaged by human made pollution & environmental vandalism, greed, corruption, cults, immorality & Evil. **1GOD** will cleans Planet Earth using natural forces as tools. Cleansing began at '1.1.1.0'* (2004)

Life on Planet Earth as we know it will cease life on Earth will be totally different.

The 'Law-Giver Manifest' will be our Guide.

Since year 0 (2004) the melting of Glaciers & Northern & Southern Poles Ice is speeding up. This will lead (eventually) to huge chunks of Ice to break loose & drift away on both Poles unbalancing Planet Earth.

This will make the planet wobble severely over a 3 day period. Resulting in a sharp movement & realignment of Earth's North South Pole Axis. The Axis will settle in a different configuration there will be new Poles.

The sharp realignment of the Axis leads to a short-term gravity change for Planet Earth, resulting in a new orbit of the Moon. Satellites & the Space-station will alter their orbits. The Ocean currents will change.

The Earth-Plates will move. Earthquakes will create tidal -waves & make Volcanoes erupt. Low-lying Coastal areas will be covered by the Sea.

After ~ Life-forms will disappear. Eventually mutated evolutionary new life-forms will appear. **HUMANKIND** will be reduced by a 1/3!

Human created Nuclear-Power Stations will leak poisoning soil, water & air ~ Toxic-Dumps will leak poisoning soil, water & air ~ Tall buildings & bridges will collapse ~ Tunnels near water will flood ~

Ruptured Gas lines will start fires ~ Dams will break & flood surrounding areas ~ Oil-Rigs will pollute the Oceans ~ Leaking Oil Storage & pipelines will pollute soil & water or burn polluting air.

The destroyed infra-structure & pollution will lead to food & water shortage ~ Civilizations will disintegrate resulting in looting, raping, brutalization & killing ~ Financial-Markets will collapse & Capitalism will go bankrupt.

The worlds oldest & most Evil Terrorist's (*Israelites*) will be caged & cease to exist. Christianity in general & English speaking Christians in particular will suffer the most. Also countries that embrace English speaking Christian culture & Capitalism will suffer as well. Christianity (*false messiah cult*) will be reduced to insignificant pagan cults. Light of the Desert cult (*Islam*) will fade into the dust of history.

The multi-idols cult (*Hinduism*) will be seen as not suitable for the New-Age.

Survivors of the cleansing of Earth by 1GOD will have:
"The Law-Giver Manifest as Guide".
