

# Pure Silver Spray

## with Purified Water

### Clinical Applications

- Immune system support\*
- Gastrointestinal support\*
- Supports a healthy inflammatory response\*

*Pure Silver Spray contains 15 ppm of purified silver per serving. This is an incredibly powerful, non-toxic form of silver, with zero build-up in the body*

### Discussion

Pure Silver Spray is a formula composed of pure silver complexed with purified water. This incredibly powerful, non-toxic form of silver has broad-spectrum effects and supports the immune system. It also helps the body maintain a healthy barrier against the intrusion of unwanted organisms. Unlike prescription antibiotics, however, Pure Silver Spray targets specific organisms while sparing the body's beneficial bacteria. Additionally, it does not interfere with antibiotics, and may even help them work more effectively.

The silver in this product will not build up in the body and can be safely used long-term with no known side effects. As a result, the pure silver in this product has been shown to provide a host of health benefits.

**Advanced Technology:** Pure Silver Spray uses special, advanced technology that allows the silver to be permanently distributed into the structure of water. The silver becomes a part of the water molecule permanently so it will not fall out of solution or suspension. This technology is distinct from traditional colloidal (ionic) silvers that suspend larger particles of silver with oxygen molecules, which may result in them falling out of solution and accumulating in body tissues. Silver Nano-particles: Pure Silver Spray utilizes a technological breakthrough allowing for the production of a silver particle small enough to enter a single red blood cell, enabling the silver to travel through capillaries, the tiniest blood vessels in the body. Safety: After using Pure Silver Spray, 99% of the silver leaves the body in 24 hours; all is cleared by 48 hours. This is because the silver in Silvercillin™ has been structured into the water, allowing the water molecule to get absorbed into the bloodstream and pass through circulation. It ultimately gets excreted, leaving behind no harmful metabolites.

### Supplement Facts

Serving Size 5 mL (approx. 6 sprays)  
Servings Per Container about 24

Amount Per Serving	% Daily Value
Purified Silver	75 mcg *

\*Daily Value not established.

Other Ingredients: Purified water

**Suggested Use:** As a dietary supplement, take 5 mL (approx. 6 sprays) per day, or as directed by your health care practitioner.

**Pure Silver Spray**
