YOUTH IN TRAINING

Dear Parents,

The “Youth In Training” Program, a year round program is dedicated to encouraging healthy growth and positive development of today’s youth. We provide opportunities for productive relationships with peers and adults while encouraging a desire for lifelong learning. Activities which focus on character and talent development are available for youth ages 12 and up.

Young adults need support and guidance in order to become the best person he or she can be. We recognize this and would like to help make the teen years a memorable and rewarding experience by providing memories to last a lifetime.

During the academic school year, we offer two – 12 week sessions. Youth may participate twice weekly. During the summer, the program is offered for 6 weeks. A certificate and a stipend of \$250 is presented upon completion hours.

There are many volunteer opportunities with varying interests for youth to gain experience. Key points of the day include reflecting and journaling. These activities provide substantial skills building and learning.

We welcome your participation. Please feel free to contact us at any time to discuss the program.
