

Flying Dreams Come True

Pictured are Tom Hatton (left) and his flight instructor Geoff Orlandi after Tom returned from his flight test to earn his Private Pilot Certificate. Hatton, a local resident and business owner, has long dreamed of becoming a licensed pilot and that dream was realized on December 27, 2013. Tom trained for the big achievement with Orlandi, the owner and Chief Flight Instructor at ORLANDI FLIGHT CENTER, located at Blairstown Airport. Hatton will now enjoy all the privileges his new license brings by piloting himself for personal and business travel and also for just plain fun and fulfillment. Congratulations Tom!

If you too have the dream of flight or just want to learn more you can reach Orlandi at the airport and at 201-874-5458; and please visit the website at www.OrlandiFlightCenter.com.
