

What If

Ask me and I will show you how,

The future is bright and it begins with our Young People!!!

Today we have some of the smartest and creative children that has ever been known to mankind. From science and technology to entertainment and literature, our young people have blazed trails that had not been explored before. Unfortunately we are only scratching the surface of such amazing talent. Our goal and purpose is to ask our young people, What If? Then we let their creative juices flow!!!!

I Can Have Good Study Habits

WHAT IF?

Developing good study habits mean you use your time well. Time, of course, is the most valuable resource we have; but it's unbelievably easy to waste.

It takes effort and patience. To effectively study you have to plan and follow through with your plan. Success in studying has to be you goal.

What If I can have good study habits

Here are ten study habits that can help you have successful study habits:

1. Try not to do too much studying at one time.
2. Plan specific times for studying during the week
3. Try to study at the same times each day.
4. Set specific goals for your study time. Be clear about what you want to accomplish
5. Start studying when planned. No procrastination.
6. Work on the assignment you find most difficult first.
7. Review your notes before beginning an assignment
8. Tell your friends not to call during your study times.
9. Work or call other students that may have difficulty with the same assignment that you have. This could be a case where “two heads” may be better than one.
10. Review your homework over the weekend.

Now You Can.....

Just A.S.K.

1. **A**sk The Question
2. **S**eek The Answer within yourself first and then use your resources
3. **K**now and believe in your abilities

Ask the question of yourself : How can I have better study habits? Seek the answer within your self by looking at the best ways to study. Tap into various resources to understand how they study and some tips they may have for you. Now put your plan in place and began working on it. Great study habits lead great performance in the classroom and during testing time. Strive to be the best and then be the best.
