

Dear Colleagues,

PRACTICE: Eye Associates of the South

LOCATION: Clinics in Biloxi, Ocean Springs and Gulfport, Mississippi

MAIN CLINIC: 1720-A Medical Park Drive, Suite 330, Biloxi, MS 39532; phone (228) 396-5185.

DATE ANNOUNCED: September 2019

OPPORTUNITY CRITERIA: Specialty: Ophthalmology. Fellowship trained is a plus, but it is not mandatory.

Eye Associates of the South, a private ophthalmology practice established in 1986, is seeking a Board Certified/Eligible comprehensive ophthalmologist. Our founding partner is retiring soon. We are ready to invite a new, committed, enthusiastic ophthalmologist to our team.

Physicians who have completed at least their second year of residency are welcome to apply. Mississippi is ranked in multiple surveys as the No. 1/best state for doctors to work in the United States.

We are looking for a physician to come grow with us and make the beautiful Mississippi Gulf Coast his or her home. Our ideal candidate will be enthusiastic about treating all types of eye patients to help us continue to build this practice. The future will bring partnership opportunities with strong performance.

We have clinics with affiliated optical shops in three key locations – Biloxi, Ocean Springs and Gulfport, Miss. In August 2019, we moved our Ocean Springs clinic to a brand new building to accommodate our strong and steady patient demand.

Eye Associates of the South enjoys a statewide reputation of outstanding clinical care and an excellent staff. Our five M.D.s and one O.D. include board certified and fellowship trained ophthalmologists in a wide spectrum of eye specialties.

We have no doubt you'll fall in love with the ease and beauty of living on the Mississippi Gulf Coast. It offers tremendous seafood, breathtaking vistas, nationally celebrated visual arts, world-class boating and fishing, state-of-the-art casinos, and good public and private schools. Biloxi's famed Fallen Oak Golf Course is on the PGA Champions Tour in our year-round hospitable climate. Our creative tradition only grows. Tourists and families flock to Ocean Springs' burgeoning downtown – which is filled with art galleries, enticing restaurants, unique boutiques, craftsmen and a brewery. More than a half-dozen local breweries now enrich the Mississippi Gulf Coast, with some suds developing regional reputations. The newest crowd pleaser is the modern MGM Park, the stadium for the Milwaukee Brewers' minor league Biloxi Shuckers baseball team – complete with indoor party suites and a view of the Gulf of Mexico from field seats. The pristine beaches and natural wildlife of the barrier islands and Gulf Islands National Seashore are local treasures. We are a short drive from New Orleans and Florida resorts. Moreover, our Southern hospitality is not a myth!

All three of our clinics are ideally located near the popular I-10 corridor. Gulfport-Biloxi International Airport connects to major U.S travel hubs and has five airlines, including American, Delta and United. Louis Armstrong New Orleans International Airport, just 90 miles west, offers direct flights across the United States and overseas.

In a practical sense, we rank No. 1 as well. For more than a decade, new doctors have relied upon Physicians Practice's "Best States to Practice" project, which regularly grades Cost of Living, Residency Retention, Tax Climate, Physician Density and Malpractice Premiums (Avg). The newest Physicians Practice study ranks Mississippi ranks No. 1 – and not for the first time!
