

Cementon Penna.

Central House was erected in 1893 by John M. Newhard and conducted by him until 1895. Numerous changes followed until 1912 when John Schwartzson became the proprietor.

PHYSICIANS

The practicing physicians in the village have been Dr. Aaron Becker from 1871 to 1876 and Dr. N. C. Peters from 1888 to the present time

SCHOOLS

A two-story brick school house was erected by subscription at Whitehall Station at the instance of Leslie Miller, Benoni Bates, and others; the first floor was occupied by a general store. A special School was conducted in it for several years; afterwards used by the district for school purposes; and in 1868 it was purchased by the school directors who tore it down and erected in its place a larger two-story brick building. In 1884 there were two schools in it with fifty-eight pupils. It occupied the site of the Central House on Main street. In 1892 a superior and attractive two-story brick edifice with six rooms was established by the township on ~~KINAX~~ "Lincoln Heights" and in it six schools are conducted.
