**Subject to change without prior notice.**

EXPORT MACHINERY requiring other than 208-230 volt 60 hertz voltage will carry an additional charge. The following export voltages are available: 380, 400 or 440 and 50 hertz. Additional fees will be required for export shipping which include: Full Wood Export Crating, Export Documentation and Certificate of Origin.

Locking casters are standard on all 12 and 24 qt. models. Due to the size and weight of the 44-quart machines, casters are not recommended but are available at an additional cost. All prices quoted are f.o.b. Brooksville, FL USA. Pricing, specifications, availability and terms of offer may change without notice. Taxes and shipping charges are the responsibility of the purchaser and are not subject to a discount. All prices are based on new purchases only. Emery Thompson Machine & Supply Company cannot be responsible for errors in typography or photography.
