

Fact Sheet: COVID Safe Businesses

Advice for **individual businesses** opting-in to an Industry COVID Safe Plan

What do I need to do before I commence trading with additional customers?

- Check the [COVID-19 website](#) for an approved Industry COVID Safe Plan relevant to your business.
- Complete the statement of compliance included in the approved Industry COVID Safe Plan and display it in your premises **before** you start trading with additional customers from the commencement of Stage 2.
- The Industry COVID Safe Plan will tell you what you need to do to be eligible. These plans have been developed by industry for industry.
- You must complete the statement of compliance to ensure you meet the essential health requirements to enable you to open with additional customers and provide a safe environment for your customers and staff.

How to find an Industry COVID Safe Plan

1. Visit the [COVID-19 website](#) and navigate to the approved Industry COVID Safe Plans. As plans are approved, they will be published on this site.
2. Print, complete, sign and display the statement of compliance in a prominent, visible location at your business premises (note you do not need to display the whole plan, just the statement of compliance).

You are **not required** to submit an additional plan to Queensland Health. However, a relevant enforcement officer can check compliance at any time and/or may ask for a copy of the signed statement of compliance. All businesses should be following [the work health and safety guidelines](#).
