TORIAL AND JUDICIAL MISCONDUCT; AND OTHER FEDERAL LAWS; AND,
VIOLATIONS OF THE FIRST, FOURTH, FIFTH, SIXTH, EIGHTH, NINTH
AND FOURTEENTH AMENDMENTS TO THE UNITED STATES CONSTITUTION.**

Dear Director Comey:

My name is Charlie Malouff. I am a decorated, Hornorably Retired, Chief of Police and decorated Disabled Veteran with 29 years service to my country.

I am coming to you with this **Formal Criminal Complaint of Deprivation of Rights Under Color of Law and Conspiracy** to commit these deprivations in accordance with 18 USC 241 and 242, involving several FBI Agents, because their conduct and the "Integrity" of the Bureau falls directly on you.

From 1975-1982 I was an Air Force Security Policeman. My duties involved dignitary protection and counter-espionage (emphasis on Russian and Chinese) activities.

After 9-11 I was Activated with the Coast Guard in the Port of Houston. In December 2001 I received information about a "Russian Spy" in the Houston Ship Channel. After notifying the Command, I took a Boarding Team and located the vessel. Subsequently, the case, with over 100 high security risk photos, was turned over to your Russian Desk who **negligently** failed to act.

Six months later, John Ashcroft made an announcement on national TV elevating National Security Levels resulting from a "**credible threat to Pasadena**". The Coast Guard was put on notice.

With a very real possibility of Congressional Inquiry looming, the Command sent a Lieutenant Commander and myself over to your Russian Desk where we met with Supervisory Special Agent Mark Tilton, who introduced himself as the head of that Desk. The Commander, in no uncertain terms, relayed the message, if Congress came down on the Coast Guard, the Coast Guard was coming down on the **FBI** for your **Failure To Act**. (See Pardon Petition for more informaton and Coast Guard Commendations for this incident).

I personally knew Tilton from his role with the **FBI** Regional **SWAT** Team, and their affiliation with the Cypress Creek Advanced Tactical Team, your, by **MOU**, **SWAT** Paramedics for Houston.

Over a period of time, former ATF Agent Eugene Williams, CCATT Operations Manager and Paramedics Team Leader, was engaged in multiple newsworthy horseplay adventures involving flash bangs taken from training. I had nothing to do with any of William's oddball activities.

Williams, FBI and ATF ignored conduct led to the incident where he blew part of a foot off Steven Cosby at his bachelor's party with flash bangs taken from training. Even though I was no where near Williams, or Houston, and had no idea that he took them from training, or that horseplay was involved until much later, with the help of Houston AUSA Jimmy Kitchen and Tilton's HRT buddy, FBI Austin JTTF Supervisory Special Agent Charlie Rasner, I was subsequently charged and convicted for Unlawful

Transfer Of A Firearm as a "Present From The FBI." (See Coram Nobis).

In 2010, I caught Travis County Sheriff's Deputy Toby Miller, and Jonestown Police Officer Michelle Cook falsifying Federal Energy Grant timesheets on a \$1.836 Million ARRA Stimulus Grant, and subsequently their respective Department time sheets as well.

Miller was also identified to the Jonestown Police as a suspect in Attempted Murder, Theft and the sabotaging of windmills on the Federal Grant, and by his own admission in Court, illegal use of the NCIC, his police equipment and vehicle, industrial espionage, Theft of Trade Secrets and **more**. Miller, to cover his own crimes, got his girlfriend, Travis County District Attorney Investigator, Lori Carter, with the help of Assistant District Attorney, Holly Taylor to falsify a search warrant affidavit and pursue criminal charges against myself, and another **innocent** woman, Mary Jo Woodall. (See Writ of Habeas Corpus and 2255 Motion to Vacate for intimate details.)

This outlandish, disgusting and oppressive ongoing **unconstitutional** behavior has been compounded, again by **your** office, the ATF and the U.S. Attorney's involved in an effort to suppress the Houston incident, as flash bangs from that case conveniently showed up at my home **four days** after my house was trashed and **nothing found**, and while I was **still incarcerated** in the Travis County Jail. **Your** Austin office **still refuses** to identify the **FBI** Agent and his supervisor **taht** were involved in the execution of the search warrant at Mary Jo's.

I have put all of my supporting documents on CD. The intimate

details of the beginning of this horrific nightmare are found in the coram nobis, followed by the Writ of Habeas Corpus and 2255 Motion to Vacate.

This is a **Formal Complaint** for Deprivation Of Rights Under Color of Law against:

FBI Supervisory Special Agent Mark Tilton
FBI Supervisory Special Agent Charlie Rasner
John Doe FBI Supervisory Special Agent-Austin
John Doe FBI Special Agent-Austin
John Doe FBI Special Agents involved in this investigation
Assistant U.S. Attorney Jimmy Kitchen

Former Jonestown Police Officer Michelle Cook
John Doe Travis County Sheriff's Deputies

Travis County Assistant District Attorney-Greg Cox
Travis County District Attorney-Rosemary Lehmborg
Jonestown Mayor-Deane Armstrong
Jonestown Ciry Council
COE OIG Special Agent Rosemary Peterson
John Doe DOE OIG Supervisors and Agents
Travis County District Judge Karen Sage

My name is not Trayvon Martin, or Michael Brown. I am not an unarmed black boy who was beat on by the Police. I am an **Honorably Retired Law Enforcement Officer**, and Military Veteran, who has been persecuted for doing his job! Through the negligence of your Agents, Miller and their Good Ole Boy buddies listed above, who have hid behind their badges seeking revenge, Mary Jo Woodall and myself have suffered unconstitutional criminal and civil abuses.

While I cannot speak for Mary Jo, it does not take a rocket scientist to see the criminal abuse put upon this **innocent** woman!

Mr. Director, I took multiple oaths, solemnly swearing to

"defend the Constitution against all enemies foreign and **domestic**". I ~~intend~~ to do just that! One thing I will find out, is how far "no integrity" goes up the chains. I will be in Washington, DC with a camera crew to address the Department of Energy, the Office of Professional Responsibility's and the U.S. Attorney General's tyrannical, negligent and oppressive acts so that I can present this to a Congressional Committee over the malicious Destruction Of A Federally Funded Energy Project, and subsequent **oppressive conduct** by Government Officials in keeping these unconstitutional and illegal acts covered up. (See letters to DOE and OPR)

To make sure my voice is heard, I will be exercising my Constitutional Rights of Free Speech and to redress my Government by reaching out to the 22 million Veteran's who solemnly swore to **Defend the Constitution**, and others fed up with Government misconduct.

I will be contacting your office and Ms. Leslie Caldwell at the Attorney General Civil Rights Division to follow up on this formal criminal complaint.

Respectfully,

Charlie Malouff
