Note A: Summary of Significant Accounting Policies

Nature of Activities - The Ionia Montcalm Secure and Friendly Environmental Child Advocacy Center (the CAC) is a non-profit organization whose mission is to protect children from abuse by providing prevention through education and to coordinate multi-disciplinary investigation, assessment and the treatment of child abuse in an environment that is child-sensitive, supportive, and safe. The Organization generates revenue primarily from grants, donations and fundraising.

Basis of Presentation - The accompanying financial statements have been prepared on the accrual basis in accordance with accounting principles generally accepted in the United States of America. The financial statements are presented in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 958 dated August 2016, and the provisions of the American Institute of Certified Public Accountants (AICPA) "Audit and Accounting Guide for Not-for-Profit Organizations" (the Guide"). (ASC) 958-205 was effective January 1, 2018. The (ASC) has been applied retrospectively to all periods presented.

Under the provisions of the Guide, net assets and revenues, expenses, gains, and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets of the Organization and changes therein are classified and reported as follows:

Net assets without donor restrictions - Net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of the Organization. The Organization's board may designate assets without restrictions for specific operational purposes from time to time.

Net assets with donor restrictions - Net assets that are subject to donor-imposed stipulations. This includes restrictions on assets that may or will be met, either by actions of the Organization and/or the passage of time. These restrictions also include stipulations on assets that they are to be maintained permanently by the organization. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the Statement of Activities as net assets released from restrictions.

Revenues are reported as increases in net assets without donor restrictions unless use of the revenue is restricted by donor-imposed restrictions. Expenses are reported as decreases in net assets without donor restrictions. Gains and losses on investments and other assets or liabilities are reported as increases or decreases in net assets without donor restrictions unless their use is defined by donor-imposed restrictions.

Cash and Cash Equivalents - For the statement of financial position and statement of cash flows, the organization considers cash and cash equivalents to consist of cash balances in checking accounts and certificates of deposit.

Grant Receivable - Grant receivable consists of amounts to be received from other organizations and companies. The amounts are recorded when the grant is awarded. Grants receivable are shown net of allowance for doubtful accounts. Management assesses the collectability of the grants at the close of each period. The allowance for doubtful accounts is \$0 at December 31, 2023.

Prepaid Expenses - Expenses benefiting future periods are treated as prepaid, and are expense in the period benefited. Prepaid expenses as of December 31, 2023 consisted of prepaid rent and insurance expenses in the amount of \$851 and \$3.541.

Note A: Summary of Significant Accounting Policies (Continued)

Property, Furniture and Equipment - The organization capitalizes all expenditures for property, furniture and equipment in excess of \$1,000 with a useful life of greater than one year. Fixed assets are carried at cost, or if donated, at the approximate fair value at the date of donation. Maintenance and repairs that do not improve or extend the useful lives of the respective assets are expensed as incurred. Depreciation is computed using the straight-line method over the estimated useful lives of the assets, which range from three to fifteen years.

Promises to Give - Unconditional promises to give are recorded as revenue or gains in the period received and as assets, decreases of liabilities, or expenses depending on the form of the benefits received. Conditional promises to give are recognized only when the conditions on which they depend are substantially met and the promise becomes unconditional.

Deferred Revenue - Grant awards received that will be expended in the upcoming years are included in deferred revenue. As the grant funds are expended, the deferred revenue will be recorded as grant revenue.

Contributions - Contributions received are recorded as without donor restrictions or with donor restrictions depending on the existence and/or nature of any donor restrictions. When a donor restriction expires, that is when a stipulated time restriction ends or purpose restriction is accomplished with donor restricted net assets, donor restricted net assets are reclassified to without donor restricted net assets and reported in the statements of activities as net assets released from restrictions. If the restriction will be met in the same reporting period, the support may be recorded as unrestricted.

Functional Expenses - Expenses have been charged directly to program, fundraising or general administrative categories based on specific identification. Indirect expenses have been allocated among the programs and supporting services benefited based on estimates of the employee time and effort spent on specific programs, fundraising activities or administrative work.

Income Taxes - The Internal Revenue Service has determined that the organization is exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code. Accordingly, no provision for federal income tax has been made. The organization is subject to federal income tax only on net unrelated business income under the provisions of Section 501(c)(3) of the Internal Revenue Code. The organization has evaluated its tax positions and determined it has no uncertain tax positions and has recorded no obligation for unrelated business income tax. No provision for federal or state income taxes is required as of December 31, 2023. The organization's 2018 through 2023 tax years are open for examination by the federal and state taxing authorities.

Use of Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

The lease term is for three years and requires bi-annual payments ranging from \$6,000 to \$8,750. The contract can be terminated for any reason by any party upon thirty days written notice to the other party.

As a lessee, the Organization recognizes a lease liability and an intangible right-of-use lease asset on all leases longer than twelve months. Lease liabilities were calculated based on the net present value of future lease payments discounted using the risk-free discount rate at lease commencement. The discount rate related to the Organization's lease liabilities as of September 1, 2021 was .42%. Amortization periods for lease assets are based on the shorter of lease term or useful life.
