

COOKING PARTY

THE WOODEN SPOON PRESENTS: CHICAGO NEIGHBORHOODS

This is a short list of some of our favorite tastes from around town! Let's admit it--here in Chicago we're all obsessed with food, finding good things to eat and then bragging about them. How about learning how to re-create a few of the most memorable dishes? Each course on this menu is like a stop on a tasty scavenger hunt of fine dining--both long-established and new-kid-on-the-block style.
