**TRICK OR TREAT!  
HALLOWEEN SAFETY TIPS**

It's that time of year when the ghosts and goblins come out to play. Halloween is meant to be scary, but there are frights that no one needs in their life. With Halloween quickly approaching, it's easy to get distracted with the little details we need to complete and forget to do the things that keep everyone safe. So put aside the pumpkins and the bowl of candy while you learn about some important Halloween safety tips to keep your family safe...

First things first, make sure your little ghosts and goblins wear visible reflective patches on their costumes and goody bags. This ensures they can be seen by motorists and they can safely cross the street. There is a lot of pedestrian traffic on and around Halloween, so it is important for motorists to be aware of that and slow down.

Something we may not think of is, make sure their costumes fit. We want our kiddos to be able to see where they are going as well. We also don't want them falling down and getting hurt.

Encourage your kids to trick-or-treat while it is still light outside. However, if your children go out while it's dark, request that they take a flash light. Have the kids walk instead of riding a bike or skateboard. There's too much traffic and people may be distracted. A parent should always accompany their children. However, if your kids are teens and no longer have a parent present, they should follow the buddy system and walk with a friend or in groups. Set a time limit for the children to trick-or-treat and have a safe route for them to take. This way you'll know where they'll be and when they should return home.

One of the most important things to do, is make sure the kids know not to enter a stranger's house or vehicle. Safety is paramount! Now the hard part! Make sure the kids don't eat their candy until they get home. That way you can look through their goody bag and toss out any questionable candy. Another way to keeping the children from sneaking a piece of candy is to feed them prior to heading out.

Following these safety tips and you'll have a safer, more enjoyable Halloween. **HAPPY HALLOWEEN!!**

## COMMUNITY ACTION OFFICER PROGRAM - STAFFING CHANGE

MESSAGE FROM THE POLICE CHIEF -

Today I'm sharing with you an upcoming staffing change within the Phoenix Police Department. As we work to meet our staffing needs, we often face decision-making that is not popular but is required to allow us to provide the level of service you should expect from us. Effective Monday, October 21, 2019, the number of Community Action Officers (CAO) in our precincts will temporarily be reduced to one CAO per squad area. CAO's will be assigned to patrol squads in the same precincts where they currently serve. These officers will have an opportunity to return to their prior positions as staffing allows. This temporary change gives us the ability to respond to staffing needs within critical functions without negatively impacting our patrol staff, which includes ensuring coverage is met for Homicide, Crimes Against Children, Domestic Violence, Robbery, Sexual Assaults and Assaults investigations. Your safety and security are our main priority. We will continue to join residents for Block Watch and neighborhood association meetings, attend community events, and participate in signature events important to all of us, including the Annual GAIN Day. I ask for your support as we venture through this time and look forward to continuing our work with you. Visit <https://www.phoenix.gov/police/precincts/> to view a list of precincts and find which precinct serves your neighborhood. Find the Blue in You! The next written test for police officer positions will be held September 28, 2019 at 8:00 a.m. You can learn more about the hiring process at <https://www.phoenix.gov/police/joinphxpd>.  
Jeri L. Williams Police Chief

**PHX PD** Thank you

Wear **blue** on August 6<sup>th</sup>,  
September 6<sup>th</sup>, October 6<sup>th</sup> ...  
and the 6<sup>th</sup> of each month.

We support our Phoenix Police Officers.  
Let's ALL show it on the SAME day!  
No need to gather at one place.  
We will be everywhere for all officers to see.

# CITYWIDE PHOENIX NEIGHBORHOOD PATROL

Detective Brian Kornegay

## Check Your Junk and Spam Folders

At the last meeting several people told me they did not get the reminder email. Later one of the people that did not get the email told me she found it in her email program's "junk" folder. I copy my own email address on these email blasts to make sure they go out correctly, I found mine in the "spam" folder. To fix my email issue once I found the email was incorrectly sent to spam I selected the "this is not spam" option and have gotten the other emails sent from Samaritan.

Now this might not be helpful for those who are not getting these emails currently since they won't get this to read it but if you stop getting these messages in the future or if you hear of another PNP member who has stopped getting them, have them check their junk and spam folders. Each email program has different ways to prevent email from being mistakenly sent to junk or spam. We are not experts on every possible email program in use, so the end user will need to determine what needs to be done with their chosen program, if often includes steps like, adding the sender to the safe sender list, adding the sender to a contacts list or simply checking the this is not junk/spam button.

## User Names

When new PNP members are added to the Samaritan program we assign them a User Name that consists of the initials of PNP, a zero and end in the person's PNP badge number. We do this for several reasons. First it makes the PNP members easy to find in the Samaritan program which is used by all other volunteer programs in the city of Phoenix. Second it verifies the person has gone through the PNP class and was assigned a badge number and it prevents us from entering a duplicate record.

Recently a good number of records were no longer in the PNP record area of the program, we were able to find the mis-assigned records because of the User Name beginning with PNP and re-assign them back to the PNP area.

## Resetting Your Password

If you forget your password, the easiest way to reset it is not clicking the "Forgot Your Password?" link below the login area. Instead send an email to either [PNP.Coordinator@phoenix.gov](mailto:PNP.Coordinator@phoenix.gov) or [brian.kornegay@phoenix.gov](mailto:brian.kornegay@phoenix.gov) request your password be reset.

## Reporting your PNP hours (Logs)

Please double check you have all your hours entered. Don't worry if they are late, they still count. Please try to have this done monthly if possible. Thanks!

[council.district1@phoenix.gov](mailto:council.district1@phoenix.gov)

Next Breakfast will be on Friday, September 27<sup>th</sup> at 7:30 am  
See you at the Double Tree Hotel Phoenix North at Metrocenter.

**LICENSING YOUR DOG**

Why license your dog?  
You must by law. In Maricopa County, all dogs over three months of age are required to be licensed and have their rabies vaccination.  
It registers you as the dog's owner which enables us to help reunite you if your dog is lost.  
If your lost pet is picked up and we are unable to quickly contact you, the first 24 hours at the shelter will be at no charge. Also, if a licensed dog bites someone, it may be eligible for home quarantine, rather than being quarantine in our facility or a veterinary hospital. How to get/renew a license? You can fill it a form online:  
<https://licensepet.com/wl3/rc/reg/mrcp>  
Download an application and mail it to us with all necessary documents  
Visit one of our centers and do so in person.  
Please visit  
<https://www.maricopa.gov/226/Dog-License>  
for detail on accessing the online form, application and locations to the centers.

**DON'T GIVE TO INDIVIDUALS  
GIVE TO SHELTERS**

To end panhandling, we have to end directly giving to people panhandling. Phoenix is full of compassionate and charitable citizens. They want to help those in need. However, giving money to people panhandling doesn't fix problems. In order to truly help those in need, stop giving money to panhandlers and instead support organizations and services that provide long-lasting care. – Central Arizona Shelter Services – Andre House – Salvation Army – St. Joseph The Worker – UMOM New Day Centers – The Phoenix Rescue Mission – St. Mary's Food Bank For more organizations and information that can provide housing, or other services, please visit the Homeless Shelter Directory at: <https://www.homelesshelterdirectory.org/cgi-bin/id/city.cgi?city=Phoenix&state=AZ>

**2019 SPECIAL ELECTION RESULTS**

On Aug. 27, The city of Phoenix held a Special Election on two ballot measures that proposed to amend City Charter provisions pertaining to light rail and pensions. Neither proposition passed. The unofficial election results as of 5:00 p.m. on Aug. 29 are: Proposition Number 105, pertaining to light rail. Proposition Number 106, pertaining to pension. ## COUNCIL DISTRICT Updates:

**DISTRICT 3 Council Aide Adam Grant** talked about the upcoming Coffee Chat with Councilwoman Deb Stark. He stated that there will be a Coffee Chat on 9/17/2019 starting 8am at Oily Burger with Alan Stevenson, Planning & Zoning Director, will be the speaker. The topic is short term rentals and Airbnb how new legislation affects neighborhoods.

## Black Mountain Precinct Updates by Cmdr. Tom Van Dorn

Cmdr. Tom Van Dorn introduced his staff from Black Mount Police Precinct. He started with city wide issues for the department. He talked about the most recent police involved shooting. Chief Williams and the entire department believe in transparency. Body-worn cameras are now equipped on every police officer, first-responder and others involved. Phase II is the special assignment that will have body-worn cameras shortly. The communities concern we're hearing is the unsheltered homeless and Traffic.

## PHOENIX NEIGHORHOOD PATROL UPDATE

Candice announced a PNP Training class at the Mountain View Precinct this Saturday. Listing of PNP Training classes are always listed in the newsletter and the back of the agenda. If you have any questions on the Neighborhood Watch reach out and we would be happy to help. Candice had Ofc. Tom Owsley take a bow. He along with his partner Ofc. Tony Cuciti were recognized by a young lady who chose a different path after some poor life choices. Candice wanted to point out "This is what our officers do that we don't always hear about them". (see the September issue of the Black Mountain Community Alliance newsletter for her story)

## PRESENTATION:

Homeland Defense Bureau  
with Det. Ron Gillpatrick

Candice introduced Detective Ronald Gillpatrick. He is a 12-year veteran of the Phoenix Police Department. He is currently assigned to the Homeland Defense Bureau as a Terrorism Liaison Officer and Significant Incident and Special Events Planner and concurrently he is the Crisis and Hostage Negotiator with the Phoenix Police Special Weapons Assignment Team (SWAT, trained by the FBI, the Midwest Counter Drug Force and the United States Department of Defense. He is also a 22-year veteran of the U.S. Army as an Infantry First-Line Leader and as a Military Commissioned Officer.

Det. Gillpatrick asked for a moment of silence in remembrance of those whose lives were touched by 9/11/2001. He started with the YouTube "8 Signs of Terrorism." He explained his career development that has brought him up to date with Phoenix Police Department. He answered questions from the audience. Great presentation!

# CRIME TIPS:

## STAY CYBER-SAFE IN AN INSECURE CYBER WORLD

For many of us, our lives are increasingly lived online. We connect with family and friends on social media. We work online, and play online. We shop online for everything from coffee creamer to cars. Many of us do much if not all of our financial transactions online.

At the same time, we are constantly hearing of one major data breach after another in which our personal and sensitive information has been compromised. At last count, these breaches had compromised more than two billion records — and that was before the Capital One breach. Our online activities and these data breaches put us all at risk of identity theft and fraud.

### HOW IT WORKS:

Data breaches are security incidences when sensitive, protected or confidential data has been viewed, stolen or used by individuals unauthorized to do so. This can mean your credit card number has been stolen, or your passwords, your health records, your personal contact information, or even your Social Security number.

Once they have that data, scammers often hold on to it, waiting for the worry to die down, and then they start buying and selling data that's been compromised.

### WHAT YOU SHOULD KNOW:

Thieves have stolen personal data the offline way for many years, and still do. They go through people's trash and recycling, they steal purses and wallets, they steal incoming mail from unlocked mailboxes. Now that so much of our data lives online, we're much more at risk of identity theft.

Identity theft (when your data is compromised) often leads to identity fraud (when someone uses your stolen data to open a credit line in your name or withdraw funds from your accounts, for example).

### WHAT YOU SHOULD DO:

Place a free security freeze on your credit reports with the three major credit reporting agencies (Experian, Equifax and TransUnion). It is the best way to stop identity thieves from opening new accounts in your name.

Establish online access to all of your bank accounts, credit cards and retirement accounts and check them frequently. This enables you to review your accounts regularly to watch for suspicious activity. Plus, if you don't have online access to your accounts, hackers can set up that access, pretending to be you, and drain those accounts.

Use a password manager. A lot of us tend to use the same password for more than one account. It's hard to create strong and unique passwords for each online account and remember them all. One option is to use a password manager app that creates and stores your passwords securely in an online vault.

If you access public Wi-Fi more than occasionally, look into installing a Virtual Private Network, or VPN, which will help protect your data.

If you have been targeted or victimized or believe your identity may have been compromised, call the AARP Fraud Watch Network Helpline at 1-877-908-3360 for guidance and support.

## KEEPING YOUR DIGITAL IDENTITY SAFE FROM SCAMMERS

Identity theft has long been a concern, but in this era of massive data breaches, we are all more vulnerable, whether we are actively online or not.

### HOW IT WORKS:

Criminals hack data systems and are thus able to access our digital information. Some of the big hacks have included Target, Anthem, Marriott, Equifax and, most recently, Capital One.

As a result, our sensitive data gets bought and sold among scammers,

with the highest bidder getting our data. This can include credit card numbers, passwords, health records, personal contact information and Social Security numbers.

### WHAT YOU SHOULD KNOW:

Identity fraud, which occurs when your data are actually used fraudulently (such as opening a credit card in your name), often follows identity theft; however, it may not happen right away. Often scammers sit on the data, waiting for concerns about the data breach to fade away before using it.

Nearly 15 million adults experienced identity fraud in 2018, losing nearly \$15 billion.

### WHAT YOU SHOULD DO:

Make sure that you have the most up-to-date security and anti-virus software installed on all of your devices.

Place a security freeze on your credit with the three credit reporting bureaus (Experian, Equifax and TransUnion) so that no one can open a new credit account with your information.

If you have more than a few online accounts, use a password manager, which will help you create and store unique passwords to help avoid using the same one on multiple accounts.

Set up online access to your financial accounts, and regularly monitor them, so you can stay up-to-date on all transactions and recognize any fraudulent activity that may occur.

If you have been targeted or victimized or believe your identity may have been compromised, call the AARP Fraud Watch Network Helpline at 1-877-908-3360 for guidance and support.

When it comes to fraud, vigilance is our number one weapon. You have the power to protect yourself and your loved ones from scams. Please share this alert with friends and family and visit the [Fraud Watch Network](#) for more information.

**Governor honors partnership between Arizona Highways, State Parks Magazine teams with Arizona State Parks and Trails to promote travel**

PHOENIX – Governor Doug Ducey has honored Arizona Highways and Arizona State Parks and Trails with his Good Government Award for a collaboration that includes a one-year subscription to the magazine when someone purchases an annual parks pass.

The award celebrates innovations stemming from the Arizona Management System, which empowers all state employees to continually improve processes and value to customers.

Arizona Highways, published by the Arizona Department of Transportation, has added 12,500 subscribers since the promotion launched in July 2018, while the magazine promotes standard and premium annual passes available from Arizona State Parks and Trails. Additionally, Arizona State Parks and Trails has seen a nearly 11% increase in pass sales and promotes Arizona Highways magazine on its website, via social media channels, in parks and on vehicles throughout the state.

The partnership has helped both the magazine and Arizona State Parks and Trails better promote travel and tourism around Arizona.

“Governor Ducey has set a goal of making Arizona the No. 1 place to visit and recreate,” said Kelly Mero, publisher of Arizona Highways. “This innovative partnership developed using tools from the Arizona Management System has helped increase awareness of our state’s hidden gems and encourage visitors and residents alike to get out and explore Arizona.”

Using structured problem-solving under the Arizona Management System championed by Governor Ducey, representatives of Arizona Highways and Arizona State Parks and Trails identified needs and goals as well as responsibilities and roles. One key to this effective collaboration was Arizona Highways developing a strong understanding of Arizona State Parks and Trails’ membership model and customers.

“This partnership showcases what two agencies can do when they work together toward a common goal,” said Bob Broscheid, executive director of Arizona State Parks and Trails. “Combining the 35 state parks with the gorgeous photography and amazing storytelling found in Arizona Highways Magazine is a natural fit and a great collaboration.”

For more information on annual passes available from Arizona State Parks and Trails, or on any of the 35 state parks, please visit [azstateparks.com](http://azstateparks.com).

Arizona Highways, known internationally for showcasing state’s landscapes, wildlife and history through stunning photography and compelling stories, has subscribers in all 50 states and more than 100 countries. It also publishes a variety of books and calendars. To learn more or to subscribe, please visit [ArizonaHighways.com](http://ArizonaHighways.com).

**Here’s a chance to get your photography in Arizona Highways**

*Amateurs, professionals welcome to enter contest running through Dec. 15*

PHOENIX – Since the 1920s, top professional photographers have provided breathtaking images to *Arizona Highways* magazine, produced by the Arizona Department of Transportation. Their photos of landscapes, wildlife and more have helped the magazine win international acclaim.

Now, it’s your turn to share Arizona’s beauty with the magazine’s worldwide audience.

For the 12th year, *Arizona Highways* is inviting amateur and professional photographers to participate in its photography contest, with submissions due Dec. 15.

Photos will be judged in two categories: landscape and macro (close-up) photography. All photos must be made in Arizona.

Entries will be judged on composition, framing, light and an overall “wow” factor.

Those submitting the three best photos will win prizes. First prize is an in-state photo workshop valued at \$2,500. Second- and third-place winners will receive prize packages from Tempe Camera valued at \$500 and \$250, respectively. Additionally, winners’ images will be featured in the September 2020 issue of *Arizona Highways*.

The most recent grand prize winner, Sara Wittenberger, offered a spectacular and snowy view of a Christmas Day sunset at Mount Ord, northeast of the Phoenix area. Tam Ryan won second place for a photo of mist cloaking a group of great egrets at a Gilbert preserve.

For more information and to see last year’s winners, please visit [ArizonaHighways.com](http://ArizonaHighways.com) and select *Photo Contest* below the *Photography* dropdown in the top navigation options.

**Arizona Department of Transportation Announces Plan to Protect Victims of Identity Theft, Increase Security of ServiceArizona Website**

The Arizona Department of Transportation (ADOT) announced today an aggressive plan to address the activity of identity thieves who used [ServiceArizona.com](http://ServiceArizona.com) to complete fraudulent transactions involving duplicate driver licenses. The plan enhances the security of the ServiceArizona website, includes services for victims and for anyone who believes their information may have been compromised, and adds aggressive enforcement measures to hold identity thieves accountable.

**Enhanced Security Protocol Implemented**

Upon discovering that identity thieves were exploiting a service that allowed duplicate driver licenses to be ordered online and then mailed to an address different than a driver’s address on file, the option was removed to prevent any further criminal activity.

In addition, effective immediately, Arizonans will now be required to provide their full driver license number for all transactions. This will provide an added layer of identity authentication. For customers

who do not have their license number, they will be required to visit an MVD office or complete an enhanced security verification process with the MVD call center.

### Aggressive Enforcement Measures

ADOT is committed to holding identity thieves accountable. To date, ADOT has led or participated in four large-scale investigations involving this particular type of fraud. Those four cases have so far resulted in 10 arrests for criminal activity that affected 164 known victims.

ADOT will enhance these efforts through a newly-created Online Fraud Task Force, drawing expertise from cyber and law enforcement professionals. The task force will put forward further recommendations to continue aggressively investigating and holding accountable anyone who engages in fraudulent activity.

### Credit Monitoring Services for Victims of Identity Theft

ADOT is asking anyone who believes they may have been a victim of identity theft or fraudulent activity associated with the ServiceArizona site to immediately report suspected identity theft to local police or by making a report to the ADOT fraud hotline at 602.277.5684 or [fraud@azdot.gov](mailto:fraud@azdot.gov) ([link sends e-mail](#)) and inform ADOT of any filed police reports.

ADOT will also offer and issue new driver license numbers to all potential and actual victims of fraud committed through [ServiceArizona.com](http://ServiceArizona.com).

These individuals may also seek assistance by taking one or more of the following actions:

1. Place a free credit report fraud alert. A "fraud alert" warns credit reporting agencies that there may be fraud involved in new requests for credit. Only one of the three main credit reporting agencies must be contacted to institute an alert.
2. Place a credit report security freeze. Under Arizona law, a "security freeze" prevents credit reporting agencies from releasing credit information without the consumer's express permission. To place a security freeze, write to each of the three main credit reporting agencies by certified mail. Arizona law allows a charge of up to \$5 for each request. (See [www.azag.gov/consumer/security-freeze](http://www.azag.gov/consumer/security-freeze) ([link is external](#)) for details of the security freeze law.)
3. Request a credit report from the three main credit reporting agencies. Consumers are entitled to receive one free credit report each year from each of the three credit agencies: Equifax, Experian, and TransUnion. Learn more at [www.annualcreditreport.com](http://www.annualcreditreport.com) ([link is external](#)), call 1-877-322-8228, or contact the credit reporting agencies:
  - Equifax: 1-800-525-6285, [www.equifax.com/personal/](http://www.equifax.com/personal/) ([link is external](#)) P.O. Box 740241, Atlanta, GA 30374-0241
  - Experian: 1-888-EXPERIAN (397-3742), <http://www.experian.com> ([link is external](#)) [P.O. Box 9532, Allen, TX 75013
  - TransUnion: 1-800-680-7289, <http://www.transunion.com/annual-credit-report> ([link is external](#)), Fraud Victim Assistance Division, P.O. Box 6790, Fullerton, CA 92834-6790

Director John Halikowski said: "The State takes this issue very seriously, and we will have zero tolerance for those who seek to steal the identity of Arizona citizens. These measures will not only provide an added layer of security, but will also allow us to better partner with law enforcement to go after bad actors. We will also be working to ensure the launch of our new site later this year, which will include additional layers of verification to prevent fraud."

## BLIGHT AND ZONING LAWS

**STRUCTURES:** The maintenance of a home is the responsibility of the property owner. Any wood, siding, shingles, roof covering, railings, fences, walls, ceilings, porches, doors, windows, screens and other exterior parts of any structure on the property must be maintained in weather tight, sound condition and in good repair. The property owner is responsible for making sure there are no doors or windows left open and not secure to the outside. *FOR HELP call the Preservation Division of the Neighborhood Services Dept. at 602-495-0700 to see if you qualify for a free Grant!*

**OUTDOOR STORAGE:** All outside storage that can be seen from the street should be inside sheds or cabinets. Items should not be set in car ports in view of the street. Please use enclosed areas or backyards.

**JUNK, TRASH & DEBRIS:** Junk, trash and debris cannot be left in the yard or car port and must be properly disposed of. This includes junk auto parts, appliances, furniture, building and/or landscaping material, trash such as discarded papers, cardboard, plastics, etc. including tree trimmings and fallen limbs or any other items that appear to have been discarded. The only exception is during the Bulk Trash Collection weeks four times a year.

**PARKING:** Parking is only permitted for passenger cars and motorcycles on residential streets, on driveways or in garages. A driveway or parking area must be constructed with an approved dust free parking surface. The stone must be 1/4 -3/4 in size with a permanent border holding it in. 1/4 minus size stone is not allowed for parking. There are limits to the amount of front yard area that can be used for parking. Only 35% of the front yard may be converted to driveway or dust free parking.

**GRASS AND WEEDS:** Grass and weeds must not be allowed to grow over 6 inches high due to fire hazard, allowing the weeds to go to seed and spreading throughout the neighborhood and insect infestation.

**ELIMINATE GRAFFITI:** Keeping the neighborhood graffiti free is something we can all do. If there is graffiti on your property, please remove it as soon as possible. The Graffiti Busters Program provides paint, supplies and training to assist groups with eliminating graffiti. The City will also remove the graffiti from private property with written permission from the property owner. Call 602-495-7014.

Neighborhood College is a one-of-a-kind collaboration of workshops and hands-on learning experiences brought to you by multiple city departments. The intent of the program is to provide each participant with knowledge about the city's programs, services and resources; the tools to access those resources; and the skills and ideas with which to build positive, sustainable communities. Everyone is welcome! Regardless of whether you're a seasoned community leader or a new resident just looking to get to know your new home better, Neighborhood College is flexible enough to meet the needs of all Phoenix residents! We hope to see you at one of our many free workshops – and encourage your neighbors to do the same. **To sign up, call us at 602-534-4444. Online registration:** We've partnered with the Parks and Recreation Department to use their online enrollment process. You will be taken to "Parks and Recreation Online" where you will need to sign up for a free account. This is a one-time process that will only take a few moments. You will then be able to use the site in the future to sign up for any additional workshops.

THIS IS A BACKFLOW VALVE AND PIPES. THIS IS ONE OF THE THINGS THE BAD GUYS WILL CUT AND STEAL FROM YOU. PLEASE MARK THEM WITH ENGRAVER OR MARKER TO MAKE IT EASIER TO IDENTIFY AND FILE CHARGES WHEN YOU BECOME THEIR VICTIM. NO PROOF OF OWNERSHIP, NO VICTIM, NO CRIME HAPPENED, NO ARREST, IF YOU ARE LUCKY THEY WON'T CUT AT THE WALL OR GROUND WHICH MAKES THE REPAIRS SO MUCH MORE INVOLVED. REPORT REPORT REPORT! PLEASE AND THANK YOU.

Due to the continuing issue in Laveen and elsewhere with vehicle burglaries, I just wanted to share some tips to help prevent yours from becoming a target:

- Park in the garage.
- Lock your vehicle doors.
- Roll up windows completely.
- Set your car alarm, if you have one.
- Do not leave anything of value in plain sight, including items such as phone chargers. Thieves are looking for stuff easy to sell.
- If you have a newer vehicle, don't keep the user manual in the car; default key codes and other security information could be stolen and used later.
- Watch out for your neighbors. If you see a crime in progress, call 911. If you see suspicious activity, call the police non-emergency line at 602-262-6151.

Block Watch also encourages people adopt a 9 p.m. routine to remove valuables out of vehicles and ensure ALL doors and windows are locked, including home and garage areas.

More information about the 9PM Routine and general vehicle burglary prevention is available at the Arizona Automobile Theft Authority website at <https://aata.az.gov/>

# Keep Your Home Safe This Fall

There's no place like home. It's a place to relax and spend time with family and friends. But

**FIRE PREVENTION WEEK™**

we need to take steps to keep our homes safe. For example, did you know that the majority of fire deaths occur in the home?

It's important to be aware, in a fire, seconds can mean the difference between a safe escape and a tragedy. In a typical home fire, you may have as little as one to two minutes to escape safely from the time the smoke alarm sounds.

Fire Prevention Week is on record as the longest running public health observance. President Calvin Coolidge proclaimed National Fire Prevention Week in 1925. This year, Fire Prevention Week takes place October 6 - 12.

By following a few safety tips, you can help keep your family safe from fire:

- Install smoke alarms in every bedroom. Alarms should also be outside each sleeping area and on every level of your home.
- Test the smoke alarms in your home. Working smoke alarms give you early warning so you can get outside quickly. Replace the batteries in each of your smoke and carbon monoxide detectors once a year; including hard-wired detectors, which require batteries as a backup.
- Have a plan. Create, share and practice a fire escape plan that includes special considerations for young children, the elderly, and persons with disabilities.
- Pick a meeting place. Select an outside location (like a tree, light pole, or mailbox) at a safe distance from your home where everyone should meet.

Home escape planning and practice will help you and your family know what to do in a fire. Be prepared - make a plan and practice it at least twice a year!

## NOVEMBER 5<sup>th</sup> MAIL-IN ONLY ELECTION

I recently accepted the nomination and was elected to serve as the North Central Maricopa Region Director for Arizona PTA. This honor and privilege enhances my commitment to serve neighborhoods and communities by advocating to empower families in providing opportunities to help every child reach their potential.

There are several ballot measures November 5 Your Vote is Your Voice. Deer Valley Unified School District, along with Paradise Valley Unified School District have Capital Bonds and Operating Overrides to address funding issues in public schools. PLEASE cast an informed and knowledgeable vote. Information can be found by visiting their respective websites

## MOWING DOWN POLLUTION

In an effort to improve air quality and reduce air pollution produced by gasoline powered lawn and garden equipment, the Maricopa County Air Quality Department (MCAQD) in partnership with the Arizona Department of Environmental Quality, created the Mowing Down Pollution Program. This lawn and garden equipment replacement program, which is available to residents of Maricopa County, will re-launch on March 18, 2019 and provides up to \$200 in vouchers towards the purchase of a new electric or battery powered lawn mower and one lawn and garden device when the old working gasoline powered equipment is recycled. Go <http://cleanairmakemore.com> for instruction on obtaining a application for this program.

## Criminals Impersonate Law Enforcement, Threaten Arrest

August 21, 2019 Staff Writers North Phoenix News

Criminals impersonating Maricopa County Sheriff's Office employees are calling county residents, threatening them with arrest over supposed unpaid fines or for missing jury duty. MCSO said the scammers are using real information about MCSO employees—including names and phone numbers—to make themselves sound official.

The tip-off you're being scammed: They'll ask you to buy a gift card or money order, or withdraw cash, to get off the hook. They might even tell you to meet them at MCSO headquarters.

"MCSO will never ask for money over the phone or request to meet you in person to take your money," the agency stated. "Never provide your personal information to an unknown caller."

## AN INVITATION TO ALL

BLACK MOUNTAIN COMMUNITY ALLIANCE MEMBERS and ASSOCIATES

### TO TOUR THE CITY OF PHOENIX

### LABORATORY SERVICES BUREAU

Every Tuesday and Thursday at 10 am and 1 pm, we hold tours of our building at 621 W. Washington Street for those who are interested in Science, Biology, Crime Scene, Evidence Processing, etc., or what it is we actually do. It has become a very sought after event for many citizens of Phoenix and visitors to our state. I want to go a step further and extend an invitation to other stakeholders throughout the City of Phoenix, community groups and organizations, but most importantly your organizations – Black Mountain Community Alliance and the East Black Mountain Partnership.

I feel it is very important for not only our citizens to understand what it is we do behind our walls. This will give you all a great opportunity to understand what happens on the back side of the crime we hear about daily and helps you all understand the need for our services to the community.

I am opening our doors to you and would love to have as many of your organization attend a short tour of our building at your convenience and pleasure.

Lt. Steven W. Roser #5331

**WHEN YOU CALL 911  
 - KNOW THE 10 W'S**

"Call if you can. Text if you can't." was the key message rolled out during a press conference on April 2nd as text to 9-1-1 service capability becomes available for the first time in the greater Phoenix region. If you are in imminent danger and unable to talk to a 9-1-1 operator, you now have the ability to text to 9-1-1. The service goes live following months of collaboration between numerous public agencies and advocates for the disability community.

- **What** - is your location? GIVE EXACT LOCATION
- **What** - happened? WHAT TYPE OF CRIME?
- **When** - did this happen?

These questions will determine if it is a priority call. Give as much of this necessary information as you can.

- **Was** - anyone hurt?
- **Weapons** - are there weapons involved?
- **What** - manner did they leave or arrive – foot, vehicle, bicycle...?
- **Who** - did it? –Suspect description
- **Where** - did the suspect go? – What direction
- **What** - did the suspect obtain? – type and amount
- **Who** - is calling? – Give your name location and phone number (You can remain anonymous. If you do give your name, the info is redacted from the public record access.)

**BLOCK WATCH IMPROVES THE QUALITY OF LIFE WITHIN  
 NEIGHBORHOODS**

Block Watches come in all sizes. They can be a few houses in a cul-de-sac to a whole square mile neighborhood. They help to develop a "sense of community" and strengthen and sustain neighborhoods by bringing residents/neighbors together with a common interest. Every Block Watch starts with one person and their concern for the safety and well-being of themselves and their families. Their motivation may be to meet or get to know their neighbors to protect the children, to keep property values up by eliminating blight and graffiti, to stop speeding on the streets by installing speed humps to protect the children, to have peace of mind by discouraging barking dogs and loud parties, and to be safe from crimes like burglary, theft and assault. We all want to live in a safe and secure environment. Our homes should be safe havens. By rights there should be several layers of protection from the national level to our own neighborhoods. National and state governments provide control of our borders; state and city governments provide police and fire protection, education, and other resources, community member groups provide Phoenix Neighborhood Patrollers and the posting of PNP signs on neighborhood streets; Block Watch provides neighbors watching out for neighbors; and we provide our own home security alarms, lighting and burglary prevention measures.
