Dear Ms. Rieves:

On behalf of the Service members at the McGuire VA Medical Center, I would like to sincerely thank you and the FBI Citizens Academy for your coordination and facilitation of the cookout a few weeks ago. Your group was a pleasure to work with and everyone loved the great food. Having to spend extended time in the hospital is a difficult proposition for patients and family members and having a break from the day to day "hospital" food is a welcomed treat! Your care and dedication to our disabled service members is truly appreciated.

Sincerely,

A handwritten signature in cursive script that reads "Jennifer Vass, CTRS".

Jennifer Vass, CTRS
