

Massachusetts Casino Careers Training Institute

Student Contract

Please read the following, and then check the appropriate box indicating that you understand the content.

- Completion of the Gaming School classes does NOT assure me that I will be granted a license from the Massachusetts Gaming Commission.
- I realize that successful completion of Gaming School classes does NOT guarantee me employment at MGM Springfield or any other facility.
- Successful completion of classes in two or more table games does entitle me to an audition for employment at MGM Springfield.
- I have received an explanation of the application process to get a gaming license. I understand the process that I will have to go through after I am hired.
- Specifically, I realize that I will be automatically disqualified from receiving a gaming license if I have been convicted, as an adult, of a felony or other crime involving embezzlement, theft, fraud or perjury.

If you are in any doubt about what may or may not be on your record or you are just curious, we strongly suggest that you sign up for a free CORI background check, before you start class. There is no cost. The results are strictly confidential. If there is something that might prevent you from getting a gaming license, you and no one else will see the results. If you choose to share the results, we can offer a more in-depth interpretation, alternative solutions, and help in establishing remediation.

Yes, I would like a free, confidential CORI background check. (Be sure to include your email and phone number so we can set up an appointment to check your identification and verify the form.)

No, I would not like a free and confidential CORI background check. I understand that a CORI background check is required for a license to work in a casino in Massachusetts.

- I am aware of the classes, entrance requirements, fees, and policies for the Gaming School
